MAYOR O'DONNELL SENDS EVIDENCE

To Dist. Attorney On Charge Against Ald. Brown

For Having Exceeded Street Appropriation In 1912

MAYOR JAS. E. O'DONNELL

Some time ago Mayor O'Donnell addressed a communication to District Attorney John J. Higgins, stating that Commissioner George H. Brown had, as commissioner of streets and highways in the year 1912, violated the charter by overrunning his appropriation. The district attorney, in acknowledging receipt of the mayor's letter, requested evidence in support of the charges, and the evidence, accompanied by the following letter, was sent to the district attorney today:

Lowell, Mass., May 22, 1913.

John J. Higgins, Esq., District Attorney, Cambridge, Mass.

Dear Sir—In reply to your communication of recent date requesting evidence in support of the charges made that George H. Brown, commissioner of streets and highways for the city of Lowell in the year 1912, had violated the provisions of section 33, of chapter 645, of the Acts of 1911, by overrunning his appropriation, I enclose you a transcript (numbered 1) of the records of the city clerk of the city of Lowell, in which are set forth the amounts of money to be expended by the commissioner in charge of the street department for the year 1912.

A second enclosure (numbered 2) is a copy of an order adopted by the municipal council at its meeting on May 20, 1913.

A third enclosure (numbered 3) is a copy of the records of the meeting of the municipal council of May 14, 1912, which will furnish you with evidences tending to bear out the general charges.

But the best and most complete information may be obtained from the city auditor, Charles D. Paige, or if you prefer to send an expert accountant here, it would not take over two days to establish the facts as alleged.

It has been stated that my action in calling this matter to your attention has been due to personal or political motives, but I am confident that you will not be misled by any such statements, because you realize that it is my duty as mayor to see that the terms of the charter are respected. I am absolutely without any personal or political feeling in the matter and I am sure that you, in the conduct of the case, will be likewise.

Respectfully yours,

James E. O'Donnell,
Mayor of Lowell.

CONFESSED DYNAMITE "PLANTER" EXAMINED

Attempt to Discredit Breen's Testimony Made by Attorney Coakley, Counsel for Atteaux

BOSTON, May 22.—An attempt to discredit the testimony of John J. Breen, one of the principal witnesses for the prosecution, was made by Attorney Daniel H. Coakley, counsel for Frederick E. Atteaux at today's session of the trial of Atteaux, President William M. Wood of the American Woolen Co., and Dennis J. Collins for conspiracy to "plant" dynamite at Lawrence during the textile strike last year.

Admits False Statements

Breen, who charges Atteaux with being the person who hired him to place the explosive admitted today that he had made false statements repeatedly in connection with the case, but declared that so far as his testimony was concerned he had told nothing but the truth. Towards the close of the forenoon session Breen told in detail of the payment to him by Atteaux of $500 in January, 1912, when the dynamite was taken to Lawrence. Breen said that he stood at the corner of Franklin and Washington streets, Boston, at 5.30 p. m. when Atteaux drove up in a taxicab, said to him "Follow me, John. The money is in the package. I will drop it and no one can ever say that I gave you anything." Breen said that he followed about a foot behind Atteaux and that when the package containing $500 was dropped he picked it up and went away.

Tells of Getting Money

Replying to Mr. Coakley, Breen said that the corner where the transaction took place is a very busy one at 5.30 p. m., with thousands of persons passing. He knew no reason, he said, why Atteaux should select such a spot for payment in preference to the privacy of his own office, where no one could see or hear what was transpiring. Although there were many people on the street at the time who might have seen him pick up the package he was not afraid that he was seen, nor had he feared that the package might be picked up by some other person before he got to it.

Should be Game

"Because I thought they would be game enough to stand to the finish," Breen answered.

Breen said he knew Atteaux and Pitman were men of means and were just as deep in the conspiracy as he was although he knew Rooney was waiting to see him.

Questioned regarding the testimony of Rooney, that Breen told Commissioner of Public Safety Lynch of Lawrence that he would not tell where the dynamite was hidden until Patrolman Woodcock, who had been reduced from an inspectorship, should be put back in plain clothes." Breen denied the conversation. He said he asked the commissioner if Woodcock could go in plain clothes with the searching party.

Suits For Damages

Reference was made to the suits for damages brought against Breen by those who had been arrested after dynamite had been found on their premises. The witness could not recall that he agreed with the attorney for two of the plaintiffs to settle by cash payment to each of the parties of $300 on June 17, 1912.

He said he never thought of going to Atteaux for the money to pay his fine because he was afraid the police might follow him and telephones were unsatisfactory.

"Weren't you afraid of the police when you went to Atteaux's office and asked him to send you money by mail?" asked Coakley.

"I was a little afraid," said Breen.

"Why should you bear the burden of all this ignomy and not go to your fellow conspirators for help?" the lawyer asked.

Never Asked For Money

He never asked Pitman for money, he said, because he did not know him well.

"What," exclaimed Coakley, "you took dynamite from this man and conspired with him to commit a crime and yet you say that you did not know him well?"

"Yes, sir," was the reply.

Breen admitted that on Feb. 3, 1912, he transferred certain property to his wife but didn't do it because he thought civil suits would be brought against him.

Breen Makes Denial

He could not remember that he had ever told Assaf, one of the complainants in the civil suit that he was foolish to let the authorities settle the suit for $300 or that he had said to Assaf "After I get all I can get out of him you are foolish if you don't try."

Breen denied he said it.

He said he had heard that Pitman sustained heavy financial losses through the failure of a business firm and he had heard recently that Pitman attempted suicide long before the dynamite was "planted." He did not know that Pitman had taken his losses greatly to heart nor had he heard that Pitman was half crazy.

BREEN WAS CALLED AND CROSS-EXAMINED BY ATTORNEY COAKLEY

BOSTON, May 22.—John J. Breen, the Lawrence undertaker who has confessed that he distributed dynamite at Lawrence during the textile strike in 1912 was called to continue his testimony under cross examination when the trial of President William M. Wood of the American Woolen Co., Frederick Atteaux and Dennis J. Collins, charged with conspiracy to "plant" the explosive was resumed before Judge John C. Crosby in the superior court today.

Collins Called

Before the cross examination of Breen was resumed today Dennis J. Collins, a government witness, was called to testify to a conversation with Breen after the latter's conviction on the charge of having "planted" dynamite in the houses of Lawrence textile strikers last January.

The witness could not remember that Breen had said "I am going to get back at those people because they gave me a raw deal." Collins said he did not think he had told anyone of such a conversation.

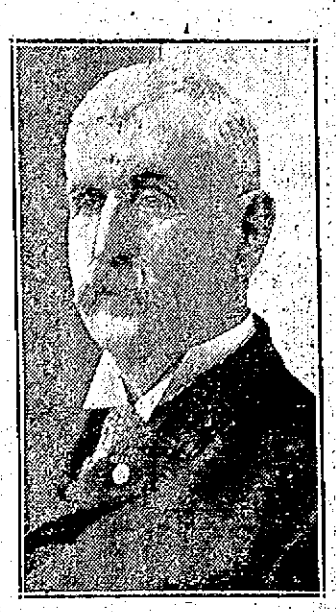
Breen took the stand and was questioned by Attorney Daniel Coakley, for Mr. Atteaux, regarding his telephone conversation with Police Inspector Rooney of Boston on the night of Jan. 19. He said that when he told the inspector not to come to Lawrence until the next morning it was not because he had not finished "planting" the dynamite. Some of the dynamite was placed after Rooney's arrival at Lawrence.

He was unable to say how long a period elapsed between the time he was requested by telephone to go to the Lawrence police station and his compliance with the request. He did not go to the station, he said, until he had finished some work around his shop.

SUCCESSOR TO JAMES E. HILL

Mayor Will Make Provisional Appointment

John J. Haviland of Lakeview Ave. to Be Selected



JAMES E. HILL

In the event of an act relative to the retirement of certain veterans being accepted by the municipal council, Mayor O'Donnell will make a provisional appointment to the office of collector of samples of milk and vinegar for the milk inspector's department. James E. Hill, who has held the position for many years, his appointment having been approved by the late Mayor Courtney, has asked to be retired. His letter requesting retirement was read at the last meeting of the municipal council and was referred to the mayor. Mr. Hill seeks retirement because of the infirmities of old age.

The mayor stated today that in the event of the city council accepting the retirement act apply to Mr. Hill's case, and there is nothing mandatory about it, he would make a provisional appointment pending the certification of a list of names from the civil service commission, as he has been informed that the office must be filled from the civil service list. The mayor said he would name John J. Haviland, of 932 Lakeview avenue. Mr. Haviland is a weaver and is said to stand high on the janitorial civil service list.

Section one, chapter 744 of the acts of 1912, is the section in the act relative to the retirement of certain veterans that applies to Mr. Hill's case. It reads as follows:

"Section 1. A veteran of the Civil war, in the service of any city or town, if incapacitated for active duty, may be retired from active service by the city council of the city, or by the selectmen of the town, at one-half the rate of the average compensation paid to him during the two years immediately preceding his retirement: provided, that no veteran shall be retired under the provisions of this act unless he has been in the service of the city or town for a period of not less than ten years preceding the time of his retirement."

KNOX AUTO CASE AGAIN

Discussed by Local Lawyers With Justice Rugg

Legality of Second Purchase to Be Tested In Court

Frank E. Dunbar, representing the city, and Albert S. Howard, representing Commissioner George H. Brown, in the automobile injunction case, known as the case of Brown vs. O'Donnell et als, had a conference in Boston at 2 o'clock this afternoon with Chief Justice Rugg, and discussed Mayor O'Donnell's letter to the chief justice and the latter's letter to Messrs. Dunbar and Howard. Mr. Brown was present at the conference. The mayor, in his letter to Chief Justice Rugg, stated that the parties to the contract had arrived at an agreement and that the subject matter of the controversy had been disposed of.

To Chief Justice Rugg, this afternoon, Mr. Dunbar stated, that since the case was argued in the superior court he was informed by the mayor that legal steps had been taken by the city council to purchase an automobile and that the auto had been purchased and paid for, regularly and legally.

Mr. Howard's Statement

Mr. Howard stated, in reply, that he had been informed by Mr. Brown that the requisition under which the automobile was bought and paid for was a requisition that required the purchasing agent to purchase an automobile to be delivered within ten days according to certain specifications, which specifications were contained in the Knox contract; that it was impossible for the purchasing agent to purchase any machine under the requisition unless he purchased the machine in controversy.

Mr. Brown's Contention

Mr. Brown contended that what had been done since the hearing in the supreme court was done illegally for the purpose of evading the letter of the injunction.

Have Report Discharged

Chief Justice Rugg then said that if the machine was purchased regularly and legally would mean one thing, but if purchased in the manner claimed by Mr. Brown it might mean something entirely different and might involve a question of contempt.

Under the existing circumstances, he said, the proper thing to do was to have the report now before the full bench discharged and the case sent back to the superior court in order that the bill of complaint might be amended to set forth what had happened since the hearing and that a hearing might be had in the superior court on the question as to whether the subsequent purchase of the machine was illegal or was simply an evasion of the injunction.

The chief justice suggested that Mr. Dunbar file a motion to have the report discharged and that the plaintiffs could then amend their bill.

CIVIC LEAGUE MEETING HERE

Its Aim to Train Foreigners for Citizenship

The Work Has Been Well Started In Lawrence

A meeting of the North American Civic league will be held tomorrow evening at the assembly room of the school committee at city hall. The meeting will be held under the auspices of the school committee and letters have gone out from the office of the superintendent of schools to members of the municipal council, school masters, members of the board of trade, mill men, business men and others, advising them of the meeting and inviting them to be present.

Mr. Frank Mahaney of Lawrence is field agent for the league and he has made arrangements for the meeting tomorrow night. The purpose of the league is to teach civics in an elementary way to non-English speaking men with a view to preparing them for citizenship.

The school department in Lawrence has co-operated to as full an extent with the league as the league desired, and the local superintendent of schools stated this forenoon that business men and other citizens of Lawrence are very much interested in the work of the league. While the league has literature in abundance, it deems it the best policy to hold a meeting and meet people interested in the work face to face. It gives those interested in the movement an opportunity to ask questions and lays the way open to a full explanation.

It is understood that there is no liability attached, so far as the city is concerned, except so far as the furnishing of school rooms for the purpose of the work concerned.

CASE AGAINST B. & M.

Resumed Today at the Superior Court

The trial of the case of Burnham vs. Boston & Maine railroad, an action of tort which has occupied the superior civil court for the past two days, was resumed this morning and the defense opened its case. Among the witnesses heard were several railroad men, one of them being William A. Donaldson, who was a baggage master on the forward car of the train on which the accident is alleged to have occurred. Mr. Donaldson testified, in answer to direct questions by Attorney Wier of Trull and Wier, who are representing the defendant company, that he did not learn of the injury to Mr. Burnham until the Monday morning following the accident. The other railroad man was questioned closely regarding the speed of the train at the time and also with reference to his position on the train.

Another of the witnesses was Police Officer Tainter, of the Wakefield force, who said he was on duty at the station at the time of the accident. He stated that he saw something that would indicate an accident and going to the spot met two men carrying another. He testified that he helped them with their burden. He was cross-examined by Attorney Sherman, of the firm of Copely and Sherman of Boston, who are representing the plaintiff. Mr. Sherman questioned the witness regarding the circumstances as far as he knew them, the number of people about and as to whether or not there was any obstruction which would prevent people seeing the spot where the accident occurred. Officer Tainter said that when he arrived on the scene there were not very many people about, and that he noticed only the men who were carrying the injured man.

There were several photographs of the vicinity which were resorted to frequently by the attorneys to render the answers of the witnesses more clear and those on the stand were required to indicate by means of these photographs, their location and the spot where the accident occurred. These photographs were also used in explaining the situations to the jury. The trial lasted throughout the entire morning session.

Following the one o'clock adjournment for luncheon, the case of Burnham vs. Boston & Maine railroad was again taken up and the defense completed its case. But few witnesses remained to be heard and shortly after two o'clock, Mr. Wier began the summing up for the defense.

AN ATTEMPT TO LYNCH NEGRO

Mob Attacked Jail at Hiawatha, Kan., Today

Door Battered Down, Windows Smashed and Shots Fired

HIAWATHA, Kan., May 22.—A second attempt by a band of men from Falls City, Neb., to lynch Walter Ballew, a negro held in jail here charged with an attack upon Mrs. Anna Keller of Falls City last Saturday night, was frustrated early today by Sheriff Moore and Under Sheriff Bartlow. Before the mob was repulsed the door of the jail was battered down, window panes were broken and the walls scarred by bullets.

Patter of Bullets

Five motor cars, bearing more than a score of armed men, drove up to the jail shortly after two o'clock this morning. The sound of shots and the patter of bullets on the walls was the first signal of attack. Four of the mob burst open the door leading into the residence apartments but in the corridor they were confronted by Under Sheriff Bartlow, who at the muzzle of a revolver forced them out of the building. Deputies guarded the way from the sheriff's apartments into the cell rooms and every window.

Meanwhile the shouts and shots had attracted scores of citizens. Their arguments and the determined stand of the officers finally induced the departure of the assailants.

The first attempt to wrest Ballew from the hands of the authorities occurred Tuesday night. At that time a Falls City party was induced to return home by arguments of the officials.

MAN HELD ON SERIOUS CHARGE

Eckland Case Continued Until Tuesday, June 3

Young Girl Was Sent to the Women's Prison

Peter A. Eckland made his first appearance in police court this morning although he was arrested some time ago. The complaint charges him with a very serious statutory offence. His case was continued until the 3rd of June in order to give the police an opportunity to place their evidence before the grand jury. Daniel J. Donahue, Esq. appeared for the defendant.

Arthur C. Barrett, charged with drunkenness and assault and battery upon some unknown person, pleaded guilty to both complaints this morning. Officer Drewett, who made the arrest, told the court that the defendant was striking some person in a doorway on Middlesex street but the person who was struck by Barrett got away before he arrived on the scene. Barrett was fined $2 for drunkenness and $10 for the assault and battery.

Marie St. Pierre was ordered sent away by the court to the girls' reformatory at Sherborn. The evidence showed that the young lady, who is only 17 years of age, had been away from home for the past three weeks and she acknowledged to the court this morning that she had slept three nights in a cellar. She is also held as a witness for the government in the Eckland case

John Riley was sent to jail to spend the next four months on his third appearance for drunkenness within the year. Joseph T. Coughlin and Clement B. Cook were sent to the state farm for the same offence. There were four $2 drunks and two releases by Probation Officer Slattery, completed this morning's list.

STOVALL IS REINSTATED

Must Apologize and Pay Heavy Fine

ST. LOUIS, Mo., May 22.—George Stoval, suspended manager of the St. Louis Americans, was reinstated by President Johnson of the American league today on condition that he write a letter of apology to Umpire Charles Ferguson on whom he spat while playing in a game here May 23.

The decision of President Johnson was announced in a letter received by Robert Hedges, president of the local team. In addition to making a thorough apology to Umpire Ferguson, Stovall was to pay a heavy fine, the amount of which has not been made public.

If Stovall complies with the conditions he will be allowed to play in the game against Detroit next Saturday. The apology to Umpire Ferguson must be mailed to Johnson's office in Chicago and approved by Johnson before it is forwarded to Ferguson.

When Manager Stovall was told of the conditions of his reinstatement, he said he would comply.

SHOE MACHINERY CASE

Statement of Capitalization to be Shown

BOSTON, May 22.—The acquisition of fifty-five individuals, partnerships and corporations whose business was absorbed or controlled by the United Shoe Machinery Co. was inquired into by the government at the resumption today of the proceedings to dissolve the company now pending before the United States district court. At the request of William S. Gregg, special assistant to the United States attorney-general, the secretary of the company, Harold Denham agreed to furnish the government with a statement showing the capitalization of the companies controlled and the amount of stock owned by the United Shoe Machinery Co. The witness also offered to furnish the government the total number of machines which the company had out on leases and the total number of shoe manufacturers supplied.

Asked the purpose of these figures Mr. Gregg stated that they were intended to prove the government's allegation that the company controlled 98 per cent. of the stitching and welting machinery used in the manufacture of shoes in this country.

Judge Putnam stated that the supreme court had decided that it was not necessary to show all that under the Sherman act. It would be sufficient, he said, if it was shown that one man was driven out of business.

I., as subdeacon. The choir, under the direction of Telesphore Malo, sang the Gregorian chant. Leybach's "Pie Jesu" was sung at the offertory by Miss Eva Lussier. Mrs. J. A. Bernard presided at the organ. A profusion of floral tributes was placed upon the grave. The bearers were John Briere, Raoul St. Jean, Charles Coulombe, Edouard Ayotte and Joseph Coulombe. Burial service was held in the family lot in St. Joseph's cemetery, where the committal prayers were read at the grave by Rev. Henri Watelle, O. M. I. Undertaker Amedee Archambault had charge of funeral arrangements.

HENRY—The funeral of the late Mr. Richard Henry took place yesterday morning at 8.30 o'clock from his late home, 8 Oak street. Many relatives and friends were in attendance from out of town among whom were Mr. Michael Henry and the Misses Julia and Theresa Henry of Taunton, Mass. Mr. Peter Gorham of Cambridge, Mass., Mrs. Julia Foyo of Boston, Mr. James and Mary Gorham of Central Falls, R. I. and Mr. William Crosby of Taunton, Mass. The cortege proceeded to the Immaculate Conception church where, at 9 o'clock, a high mass of requiem was celebrated by Rev. Dennis A. Sullivan, O. M. I. The choir sang the Gregorian mass, Mrs. Hugh Walker presiding at the organ. The floral offerings consisted of a large wreath of roses and galax leaves from the family; pillow of roses and carnations inscribed "Grandpa," from Baby Conway. Others who sent flowers were: Mr. and Mrs. Robert Farrell, Mrs. Henry and Miss Julia Carroll, Misses May and Josephine O'Brien, Mr. and Mrs. O'Sullivan and Mrs. Devlin, the Conway family, Mr. B. Gallagher and family, John Farrell and family, Hugh Downey and family, Mrs. Ellen Mc-Evoy, Mr. Warren Clifford, Mr. and Mrs. Matthew McCann and Mr. John Conway and family. The bearers were Messrs. Michael Carroll, John Nester, Robert Farrell, Thomas Connors, Edward Blinkhorn, and Thomas Conway. Interment was in the family lot in St. Patrick's cemetery where the final absolution was given at the grave by Rev. Fr. Sullivan, O. M. I. Funeral Director James W. McKenna in charge.

LYNCH—The funeral of Mrs. Hannah Lynch took place yesterday morning at 8.30 o'clock from the home of her daughter, Mrs. Charles Brennan, 27 Sargent street. At St. Patrick's church at 9 o'clock a high mass of requiem was celebrated by Rev. Timothy J. Callahan. The choir rendered the Gregorian mass. Solos were rendered during the mass by Miss Alice E. Murphy and Mr. Andrew A. McCarthy. Mr. Michael J. Johnson presided at the organ.

There were several beautiful floral tributes, showing the esteem in which the deceased was held by her many friends and acquaintances, and among the most prominent was a large pillow with the inscription "Mother and Grandma" from the family. Others to send flowers were James Hill and family, Mr. and Mrs. Steward Cunningham and Mrs. Provencher Mr. and Mrs. Alfred Chapman, Mrs. James Allen, Mr. and Mrs. William Fife, Mr. and Mrs. W. H. Potter, Charles Gallagher, Mrs. May Nawn, Mrs. Felix Englesby and family. There were several sprays from friends.

The bearers were Philip Harley, John Mellen, Felix Englesby, Andrew McAleon, Frank McMahan and William Fife.

After leaving the church the funeral cortege proceeded to St. Patrick's cemetery, burial being in the family lot, where the committal prayers were read at the grave by Rev. Timothy J. Callahan. The funeral was largely attended and was under the direction of Undertakers Higgins Bros.

DEATHS

COOK—Mrs. Sarah Cook died last night at the home of her daughter, Mrs. Annie J. Douglas, 136 Grand street, aged 58 years. Besides her husband, James W., of Lowell, she is survived by two sons James W., of Lowell, and Walter E. of New York; also three daughters, Mrs. Annie J. Douglas, Mrs. Mabal T. Douglas and Miss Lillian Cook, and one brother, John H. Smith.

FLYNN—Mrs. Catherine Flynn, an esteemed resident of St. Columba's parish, died early this morning at the home of her sister, Mrs. James E. Holland, 34 Second avenue. She leaves a husband, Thomas J. Flynn, a daughter, Miss Alice, and four sisters, Mrs. Daniel Redding, Mrs. Josephine Coughlin, Mrs. James E. Holland, and Mrs. George H. Weeks, the latter of Castine, Maine.

FUNERAL NOTICES

GALLAGHER—The funeral of Miss Margaret Gallagher will take place Friday morning at 7 o'clock from her home, 19 Andover street. At 8 o'clock a solemn high mass of requiem will be sung at the Immaculate Conception church. Burial in St. Patrick's cemetery, in charge of J. F. O'Donnell & Sons.

FLYNN—The funeral of the late Mrs. Catherine Flynn, will take place at 8 o'clock, Saturday morning from the home of James C. Holland, 34 Second avenue. High mass of requiem will be celebrated in St. Columba's church at 9 o'clock. Burial in the family lot in St. Patrick's cemetery. Undertakers J. F. O'Donnell and Sons, are in charge of arrangements.

THE RICHARDSON LIGHT INFANTRY

Observed 52nd Anniversary With a Banquet

The 52nd anniversary of the Richardson Light Infantry association was celebrated last night by a banquet at the New American hotel, and veterans and sons of veterans to the number of twenty-one gathered round the dinner table and recalled memories of the stirring times of '61, and of the many comrades who fell then or have answered the last earthly muster call through the passing years.

Before the dinner a business meeting was held, and the usual routine matters of the association were discussed. It was voted after a long and interesting debate to amalgamate with the association of the Seventh Massachusetts Battery which had sought the joining of the two bodies, and so voted last October. The members of the one company were members of the other in many cases as the Seventh Massachusetts Battery was the name of the older organization one year after its formation, and many in each body have long desired a union of the associations. At the business meeting, the new officers of the organization were elected.

The veterans present were: President Francis T. Wilson of Lowell, first lieutenant, who presided, and introduced the various speakers; First Lieutenant William E. Farrar, Lowell; Sergeant Henry W. Worcester, Lowell; Corporal Newman W. Storer, Dorchester; Charles H. Fillsetti, color bearer, Boston; James W. Beane, West Somerville; Franklin French, Lowell; Charles Frost, Lowell; Franklin J. Hersey, Hudson, N. H.; Gancello Leighton, Providence, R. I.; James Schofield, North Grafton; George N. Thissell, Methuen.

The guests were former Senator Joseph H. Hibbard, of Lowell; J. Henry Hodge, of Chelsea, a Seventh Battery Association member, and William E. Baton, of Lawrence.

The sons present included Forrest H. Peabody, Boston; Edward W. Brigham, Lowell; Charles R. Brigham, Lowell; Arthur Wilson, Needham; Leonard Worcester, Lowell, and W. N. Goodell, Lowell.

The tables were decorated with five beautiful bouquets of cut flowers which had been sent for the occasion by friends, including Mr. and Mrs. W. N. Goodell, Mrs. Marion N. Peabody, Mrs. Hattie A. Edwards, in memory of George C. Edwards, Mrs. Belle Chase Johnson, and Mrs. Marietta R. Jefferson. A unanimous vote of thanks was extended to those who had so kindly remembered the reunion, and showed their sympathy in such a practical manner.

The first speaker of the evening was Comrade Baton of Lawrence, who expressed his happiness at being present in a few brief remarks and declared his determination to be present as long as he was able to attend the reunions.

Joseph Hibbard

The main address of the evening was made by ex-Senator Joseph Hibbard, who told of personal trips which he had made while a member of the legislature to the scenes of the southern battlefields. Being a member of the committee on military affairs, it was his privilege to assist at the dedication of many monuments to those who fell at New Orleans, Valley Forge, Petersburg, Richmond and Gettysburg. He said that though he always had the interests of the veterans at heart and gave practical expression to his interest in them while in the legislature, he never fully realized what they represent until he traveled over the scenes of the former battles and talked there with the survivors of the blue and the gray.

HON. JOSEPH HIBBARD
Leading Speaker

Other speakers were Comrade Schofield of North Grafton, Comrade Beane of West Somerville, Comrade Fillsetti of Boston, Comrade Hodge of Chelsea, Comrade Leighton of Providence, Comrades Worcester and Frost of Lowell.

A unanimous vote of thanks was tendered the retiring officers, particularly to the secretary, Charles R. Brigham, who had succeeded his father as secretary of the organization, and performed the duties of the office faithfully for the past three years.

The new officers elected were: President, C. H. Fillsetti, Boston; vice president, W. N. Goodell, Lowell; secretary and treasurer, J. Henry Hodge, Chelsea; board of government, the three officers with James W. Beane of West Somerville, Wm. E. Farrar of Lowell and Charles R. Brigham of Lowell.

MILITANT TEACHER HELD

Charged With Setting a Fire in London

LONDON, May 22.—Miriam Pratt, a militant suffragette schoolteacher belonging at Norwich, was charged before the police magistrate at Cambridge today with feloniously setting fire to a furnished residence in the University city on May 17 and thereby causing great damage to the house and to one of the university laboratories adjoining. She was remanded without bail. The testimony showed that the woman was the niece of a policeman who identified a watch discovered at the scene of the fire as her property, and said she admitted being there at the time of the outrage.

HOME RULE FOR IRELAND

Conference Held In Boston and $2000 Raised

Contribution of $500 From the Lowell Branch

BOSTON, May 22.—The conference planned by the executive committee of the Central branch and Central council of the United Irish league was held yesterday at the American house, and brought together a large and enthusiastic gathering of the friends of the Irish home rule movement in and about Boston. Nearly $2000 was contributed.

Michael J. Jordan presided, and Secretary John O'Callaghan and National Treasurer T. B. Fitzpatrick filled their usual places.

Among the subscriptions was one of $500 from Waltham, through Mayor Duane; another of the same amount from the Lowell branch through Mr. E. J. Gallagher; $250 from Brookline; $500 from Clinton, through Rev. Fr. Fitzgerald; $50 from John F. Kelly of Pittsfield; Rev. James H. O'Neil of East Boston, $25; Hugh Osborne of Orleans, $20; Denis O'Reilly of South Boston, $25; James F. Reynolds of Somerville, $10; Martin Dolan of Brockton, $10; Mrs. Hughes, $5; Richard Connelly of Salem, $10, together with many other contributions of lesser amount.

Addresses were made by Capt. Edward O'Meagher Condon, John O'Callahan, Lawyer Jordan, Thomas B. Fitzpatrick, Mr. O'Connell Galvin and half a dozen others.

The speakers dwelt upon the danger of assuming that the home rule bill is safe until it is placed upon the statute books. There is a dangerous apathy due to the fact that many believe the battle is over but the good work must continue so as to be ready to meet any emergency.

Should the present ministry be overthrown from any cause the great aim would be to return it to power in order to save the home rule bill.

Arrangements were made for meetings in Salem, Brockton, Worcester, Lawrence, Hudson and other places that have been rather backward in the movement.

Resolutions on the death of the Rt. Rev. Mgr. Denis O'Callaghan, D. D., late permanent rector of St. Augustine's church, South Boston, Dr. Patrick J. Timmins of South Boston and Dr. Thomas J. Dillon of Roxbury, all of whom had been among the most active friends of the Irish cause in this section, were adopted by a rising vote.

TARIFF FIGHT ADVANCES

Moves Step Forward in the Senate

WASHINGTON, May 22.—The tariff fight in the senate moved another step forward today when Senator Penrose made ready to bring up his resolution for printing and circulating among manufacturers the list of tariff questions proposed by Senator La Follette. A sub committee composed of Senators Simmons, Stone and Williams was ready to propose a substitute list as agreed to.

Sub committees of the finance committee continued hearing manufacturers. All such hearings will be closed Tuesday. Senator Stone's sub committee still is working over the wool and metal schedules.

HIGH SCHOOL REGIMENT

The Knockout Drill To Be Held on Common Tomorrow Afternoon to Pick Contesting Companies

The high school regiment will hold a knockout drill on the South common tomorrow afternoon at 3 o'clock. This will be the last meeting of the companies before the annual field day which is to be held next Monday at Spaulding park.

The whole regiment will assemble at the annex tomorrow afternoon at 2 o'clock and will march to the common, preceded by the fife and drum corps. Three companies will be selected from the regiment for the final competitive drill next Monday and fifteen individuals will be picked for the individual competitive drill. If the weather is inclement the drill will be held in the annex.

Although the regiment has been handicapped on account of the closing of schools during the scarlet fever epidemic and has drilled less than in previous years, by the thorough and careful training of Lieut. Thomas W. Doyle everything is now in first class condition and it is expected that some very close competitive drills will be witnessed next Monday.

A son was born, May 21, to Mr. and Mrs. Frederick Bogardus of Boston. Mrs. Bogardus was formerly Miss Anna Fels of this city.

The Home Beauty Parlor

By Betty Dean

Myrtle H.: Perhaps it is the face powder you use which is causing your complexion trouble. Many cosmetics do this by clogging the pores and preventing natural circulation. Don't worry. Your skin will probably respond at once to this simple treatment, which is also a beautifier. Dissolve 4 ounces of spurmax in ½ pint of water; add two teaspoonfuls of glycerine, let stand until cold, and keep tightly corked. It is a delightful and most efficient lotion which answers a double purpose of preserving the youthful texture of skin and whitening it, too. In summer I use no other powder, as it relieves the shine and stays on the skin longer than ordinary face powder.

Mary M.: That "stubborn" hair and unhealthy scalp are probably due to improper washing. You should never use soap on your hair. The alkali makes it dry and brittle. Hair that is faded and streaked is usually the result of soap shampoos. The ideal shampoo is the simple and ever reliable preparation made by stirring one teaspoonful of canthrox in a cup of hot water. It cuts away all the dead matter, removing all dandruff and leaving the hair soft, fluffy and lustrous. If your hair is thin, get some quinzoin from your druggist. It makes a splendid tonic.

Nellie B.: For your wrinkles there is no better remedy than this simple home-made one. It will support and strengthen the muscles of the face and cleanse, heal, stimulate and smooth the skin. Obtain from the druggist an ounce of almozoin, dissolve in ½ pint of cold water and add two teaspoonfuls of glycerine. Stir briskly and let stand over night. Rub the preparation into the skin night and morning. It is a splendid preventive of blackheads and rough "muddy" spots. Be careful to use a good powder for which see answer to Myrtle H. and keep the blood and system clean (see answer to Cora K.)

Cora K.: With spring fever come complexion troubles. You must purify your blood before you can help the skin much by external applications. Tone up your system with a good blood tonic to remove the cause of that sallowness. I highly recommend the following reliable, home-made preparation: Get ½ pint alcohol and 1 ounce kardene. Dissolve kardene in the alcohol, put in ½ cup sugar and add enough water to make a full quart. Take a tablespoonful of this before each meal. It will aid your digestion, make the liver active and clear your blood of the poisons that are spoiling your complexions.

Mary S.: When the ends of the hair are split there is usually trouble with the scalp. Here is a fine recipe for a home-made hair tonic: Get an ounce of quinzoin, dissolve in ½ pint alcohol and add ½ pint water. This restores scalp health and prevents dandruff. It is an antiseptic and stimulates the vitality of the roots. If your hair is losing its fresh color, you should restore it at once with this treatment. The effect should be all you need to bring back the natural shade and a luxuriant, glossy growth. I recommend, also, frequent shampoos. For these you should use only canthrox. Ask your druggist for these items.

Olive: You are right in taking steps to reduce your weight. There is a remedy for excess flesh, easily prepared at home, which I am glad to suggest to anybody who sees her figure and good looks threatened by fat. Dissolve 4 ounces of parnotis in 1½ pints water and take one tablespoonful three times daily. This treatment does not call for starvation or martyrdom of any kind. It simply checks a tendency to obesity. Its action is healthy and there is no shrinking of tissues of the skin.

Molly: It is not likely that you need glasses. You may be nervous and your eyes feel the effects. By the use of a cheap, home-made tonic you can easily get back that brightness which you say "he" used to rave about. It means only a trip to the drug store for an ounce of crystos. Dissolve it in a pint of soft water and drop two drops of the solution in each eye. If the lids are red use it two or three times daily. To make weak eyes strong and beautiful, put a little of the solution on dabs of cotton, and lay them over the eyes and lie down for a few minutes.

Clarissa: Yes, there are many so-called "chin-reducers" made, but I cannot recommend any special one. For flesh-reduction see reply to Olive.

NEW SIDEWALK AND THE COST

Question of Interest to Property Owners Explained in Letters That Are Interesting

If you contemplated building a sidewalk you would probably telephone to the city hall to get a line on the law relative to cost and maintenance. So many queries of this nature are being received that the publication of correspondence having to do with a case of this kind will probably serve to explain matters in clear light. In view of the fact that men in office at city hall differ so widely as to their opinion of the law it is little wonder that people on the outside deem it necessary to ask questions. The appended correspondence includes letters from a man who laid a sidewalk on one side of his residence and after communicating with two commissioners of streets relative to cost and maintenance and finding that they were not of the same opinion, appealed to the mayor to find out which was right. The letters, in their natural sequence, follow:

Letter to Brown

Lowell, Mass., Nov. 4, 1912.
George Brown, Esq., Commissioner of Streets and Highways, Lowell, Mass.

Dear Sir—Having laid, at my own expense, a granolithic sidewalk on the Wedge street side of my residence, I would like to know if it is customary in such cases for the city to pay any part of the expense. Awaiting a reply, I remain, Yours very truly,

C. H. Bagshaw.

Mr. Brown's Reply

Lowell, Mass., Nov. 7, 1912.
Mr. C. H. Bagshaw, Lowell, Mass.

Dear Sir—In answer to your letter of Nov. 4, will say that the city pays one-half of the cost unless some previous arrangement is made. The department being short of money now it will be impossible to do it, but I will put it on file and when the department is in a position to pay half of the cost it will do so. Very truly yours,

George H. Brown,
Commissioner of Streets and Highways.

Mr. Donnelly's Letter

Mr. Donnelly's reply to Mr. Bagshaw's letter follows:

Jan. 12, 1913.
Mr. C. H. Bagshaw, 7a Wedge St., Lowell, Mass.

Dear Sir—In reply to your letter of Jan 8, would say that new walks built, are paid for by the abutter. If walk is built by resolution, an assessment is made on the abutter and the walk is afterwards maintained by the city. In cases where abutters build a walk, the whole cost is to be paid by said abutter and he must maintain the same until accepted by the city.

In business sections, where we have put in new paving, we have agreed to pay one-half of the cost of a granolithic walk, but in no case where a new walk is built have we agreed to pay one-half the cost.

The only one way by which this department can be legally charged for any part of the construction of the walk in front of your property is by resolution of the municipal council.

I would advise you to petition the municipal council to now accept that sidewalk, and, then the city will hereafter keep it in repair. Very truly yours,

James E. Donnelly,
Commissioner of Streets and Highways.

Letter to Mayor

May 14, 1913.
Hon. James E. O'Donnell, Chairman of Municipal Council, Lowell, Mass.

Dear Sir: I enclose copy of letter written on Nov. 4 to George Brown, Esq., then commissioner of streets and highways. I also enclose his reply.

Early in the present year I wrote to James Donnelly, present commissioner of streets and highways the same letter which I wrote to Mr. Brown. I also gave him a copy of Mr. Brown's reply. I herewith enclose reply received from Mr. Donnelly.

Will you kindly let me know which is correct, and oblige.

Very truly yours,

C. H. Bagshaw.

The Mayor's Reply

May 19, 1913.
Mr. C. H. Bagshaw, Lowell, Mass.

My Dear Charles: In answer to your letter of May 14 I beg to return to you a copy of the letter which you received from Commissioner James E. Donnelly, which I believe and do say to be a correct statement of the law, governing the construction and maintenance of sidewalks.

Respectfully yours,

James E. O'Donnell,
Mayor of Lowell.

F. OF A. CONVENTION

Opened in Fitchburg—Lowell Represented

The 25th annual state convention of the Foresters of America opened in City hall, Fitchburg, Tuesday, the session being presided over by Grand Chief Ranger George James of Newton. There were over 100 delegates present, among them being several Lowell men.

In the evening a grand banquet was held at the Palm Cafe in Bay street, and among those present were forty of the fifty-three state deputies of the order. Those from Lowell were Deputies Narcisse Gadbois, John Barrett, David Gerow and A. McDougall. The Lowell guests were H. Francis Kiernan, postmaster at Collinsville, Arthur Lemire, past chief ranger of Court Samuel de Champlain, and Undertaker Amedee Archambault, the trip being made in the latter's automobile.

There were addresses by several of the grand dignitaries of the order including Grand Chief Ranger James, Judge Edward O'Brien of Lynn, and others. The Lowell party returned at a late hour, much pleased with their trip.

Greenhalge School Playground

It was stated by the park commission some time ago that it would be necessary to close the Greenhalge school playground unless the municipal council should vote money to carry on the work. Mayor O'Donnell is anxious that the playground shall be kept opened and he has brought the matter to the attention of his brother members in the council. He says that if the government does not see its way clear to appropriate a sum of money, say $500 or thereabouts, he would be willing to head a public subscription with a donation of $25.

Commissioner Barrett allows that he will be able to help out on the playground problem. He says he has something like $1500 left over from the appropriation for the fire department. Of that amount $1500 will have to go for hose and he is willing that the remaining money should be applied to the playground.

FILIPINOS COMING HERE

To "Knock Stuffin" Out of This Country

ON BASEBALL DIAMONDS—NOT ON FIELD OF WAR

All-Filipino Baseball Team Will Arrive at San Francisco About June 11—Team to Tour East

WASHINGTON, May 21.—A small band of Filipinos is coming to the United States, the bureau of insular affairs has learned, to "knock the stuffin'" as they are reported to have declared, out of this country. It is to be on the baseball diamond, not on the field of war, that this hoped for victory is to be scored.

The All-Filipino baseball team is expected to arrive in San Francisco about June 11, was the word which reached Brig. Gen. McIntyre, chief of the bureau of insular affairs, today.

Repairing Andover Street

The question of oiling and reconstructing a portion of Andover street from Nesmith street to the city line was discussed, informally, by members of the city council Tuesday and it was stated by City Engineer Kearney that the cost of reconstructing the street and applying an oil binder would be somewhere in the vicinity of $12,000. Mr. Kearney said that the street could be treated to a "dust laying" oil, two applications in a year, at an expense of about $500. The matter will be taken up by the council later.

Two Fine Dwellings

Permits for the erection of two fine residences were granted yesterday at the office of the inspector at city hall. William H. Goulding was granted a permit for the erection of a dwelling at 62 Canton street. The building will be 27 feet 6 inches by 35 feet 6 inches, two and one-half stories. It will have eight rooms, pantry and bath, and the estimated cost is $4200.

The other permit went to Mrs. E. T. Rowell for a dwelling at 178 Methuen street. The building will be 26 by 32 with a one-story ell 6 by 16 feet. It will be two and one-half stories in height and will have eight rooms, pantry and bath. The estimated cost is $3600.

HYDROGEN SULPHIDE

Was in Very Bad Odor at City Hall

The milk inspector's laboratory at city hall is not the sweetest smelling place on the map, that is, not at all times and Tuesday was one of its off days. In the process of his analysis of milk and other things, the inspector, Mr. Master, uses hydrogen sulphide and when it comes to bad smells hydrogen sulphide is the limit.

The very objectionable odor permeated the hall yesterday and Owen Monahan, the city messenger, after "sniffing around" for a time discovered that the milk inspector's laboratory was responsible for the trouble.

"Is there anything dead in here?" queried the messenger as he peered in, rather shyly, to the inspector's office.

"No, but I'm looking for something to kill the smell," said the inspector.

"Your office is part of the board of health, isn't it?" said the messenger.

"Yes, but that doesn't help the smell any," said Mr. Master.

"What makes such a smell?" asked the messenger.

"Hydrogen sulphide," said the inspector.

"Did he come up on the elevator or did he walk up?" queried Owen.

"No, I think he must have arrived via the overhead sewer route," said Mr. Master, whereupon Owen declared there were no overhead sewers at city hall. He remembered that a councilman once introduced an order for overhead sewers and underground electric lights. "But the order," said Owen, "was never adopted."

Owen went away and the inspector decided that he would investigate. He went to the roof to examine the ventilator and found that its top had been blown off, so the ventilator was to blame. He reported back to Owen, but the latter was not to be convinced that the wind had deprived the ventilator of its hood. He held hydrogen sulphide responsible for the whole business.

HERE IS THE PROOF

If You Are Looking For Quick Results Just Make Your Wants Known in The Sun

An article was printed in these columns about one week ago stating that a representative of the United States navy would be at the local postoffice a few hours each Wednesday for the purpose of giving information to young men desirous of joining the navy. The navy officer arrived at the postoffice yesterday noon and before 2 o'clock he had talked to three applicants and explained the work of the navy. This is being done with the money appropriated by congress to secure more men for the navy.

LADIES' AUXILIARY

Connected With the A. O. H. Held Well Attended Meeting Tuesday Night in Their Hall

The Ladies' Auxiliary of the A. O. H. held a meeting in the A. O. H. hall Tuesday night with President Catherine Gaffney in the chair. Considerable business was transacted and final arrangements were made for the May party that is to be held on May 30th. The officers who will have charge of the party are: General manager, Catherine Gaffney; assistant general manager, Mary King; floor director, Mary E. Markham; chairman of reception committee, Mrs. Nora Sheridan. Invitations have been sent to all the Irish societies to attend the affair.

SENATE FACES CLOSE FIGHT OVER FREE SUGAR AND FREE WOOL

WASHINGTON, May 22.—All eyes are on the critical members of the senate. How will Newlands, Poindexter and Works—and probably Walsh—vote on free sugar and free wool? A statement made by Senator Walsh, a democrat from Montana, that he will be compelled to oppose free sugar and free wool seems to reduce the administration's strength on those items to a tied senate, with the vote of the vice-president deciding them both. There is no question that Vice-President Marshall will support the administration program, so that, even relying on democratic votes alone, the two items have more than an even chance of enactment. Besides this, Senator Poindexter of Washington, the only progressive in the senate, has supported the democratic tariff policy for two years and may vote with the majority for free sugar and wool. But his assistance on those items would be about offset by the contingency that Mr. Newlands, a democrat of Nevada, would make good his threat and insist upon a duty on the two staples. The circumstances that would spell defeat for the administration on sugar or wool or both would be the defection of Mr. Newlands, Mr. Walsh and the two senators from Louisiana, with Mr. Poindexter voting with the republicans. That would give the administration a minority of 47 to 49, and the vice-president would be powerless to help. There has been some expectation that Mr. Works of California, who retained his republican allegiance, but voted for President Wilson last November, might support his tariff policy, but he voted for the delay of public hearings and is receiving many petitions for protection from industries in his state. The upshot of all these calculations is that the majority leaders in the senate realize that they are running the tariff bill on a very narrow margin.

9 IN 11 HOUR BILL WINS

Passed House by Vote of 185 to 38

BOSTON, May 22.—The Massachusetts house of representatives yesterday afternoon substituted the bill providing a 9 in 11-hour day for street railway employes for the so-called compromise bill reported by the committee on street railways. The vote was 185 to 38.

The compromise bill was indorsed by the Boston Elevated Street Railway company, which in a statement sent to members of the legislature on Tuesday maintained that the 9-in-11 hour bill substituted yesterday would necessitate 1700 more employes on its lines.

The employes of the Elevated and Bay State street railways have been working hard for the 9-in-11 hour bill and the house galleries were filled with motormen and conductors yesterday when the subject was taken up.

The compromise bill reported by the committee provided that the workday shall not exceed 9½ hours in not more than 12 consecutive hours.

The 9-in-11 hour bill was offered as a substitute for the committee's bill by Rep. Stevens of Marblehead just before recess.

Rep. Duncan of Clinton vigorously opposed the substitute bill, saying that Massachusetts had already gone far ahead of the other states in the hours of labor matter, and a halt should be called, especially when railway men, because of the compensation, are anxious to work more than nine hours, or at least a majority of the men are.

He pointed out that it will be useless for the people living in territory which is served by the Boston Elevated to demand improvements in their service if the company is to be required to spend its money in hiring more employes. He said he had no desire to be anything but fair to the men, but he thought their demand somewhat unfair in that it is virtually a repudiation of the agreement which they entered into in settlement of the strike last year.

Rep. Henebery of Worcester, favoring the substitute bill, said it is needed because the bill reported by the committee is so drawn that the company could work its men as it pleases, just as last year's bill, while purporting to establish a day not to exceed 12 hours, contained a joker under which men have been required to be on duty for 16 hours.

Mr. Duncan insisted that the law of last year provided that men shall not be worked more than nine hours a day, except upon their own request. If they are working longer hours, he said, it is proof positive that they want no restrictive legislation.

THOSE BACHELOR GIRLS

Will Delight Lowell People With Grand Musical Revue Friday Night in Associate—New Features

Another and elaborate musical revue has been arranged by the talented Bachelor girls and will be presented in Associate hall tomorrow evening. The music will be furnished by Miner's famous orchestra with Mr. Charles Miner as director. Dancing will follow the concert and entertainment.

The program of the affair contains many new song hits, never before heard in this city, besides several excellent specialty singing and dancing numbers by the girls. The costumes are very well selected and are a departure from the custom in song revues on former occasions. The Bachelors are rated highly among Lowell's most popular organizations and they are of the best entertainers as is well known to all.

MRS. BIBEAULT ENTERS SUIT

She Signed Away Two-Thirds of Husband's Property

To His Children and Now Sues to Recover Same

A year ago last Tuesday, Alphonse Bibeault, a well known real estate owner in this city, was killed in an automobile accident which occurred on the Pawtucket boulevard between Lowell and Nashua, there being three lives lost in the same accident.

Mr. Bibeault died without making a will, and a short time previous, it is said, he purchased three tenement houses, two in Ford street and one in Aiken street, which he turned over to his wife. Shortly after his death Mrs. Bibeault, who was Mr. Bibeault's second wife, as a matter of courtesy, signed two-thirds of the said property to the children of her late husband, and now there exists a tangle which will be ironed out in the superior court without a jury, which will open in this city next Monday.

It is alleged that Mrs. Bibeault brought suit against the children of her husband, Mrs. Rose A. O'Connell, Mrs. Laura Cantin, Philippe Bibeault, William N. Bibeault and Romeo A. Bibeault, for the recovery of the said two-thirds of the property. Pending the trial, Mr. Gedeon Rochette, who always looked after Mr. Bibeault's property, collected the rent in the aforementioned houses, and Mrs. Bibeault filed a motion of injunction to prevent him from doing any further collecting in the property she alleges is her own.

The motion was presented in the Suffolk county superior court in Boston this morning, Judge Pierce presiding, but after the reading of the motion, the court decided that Mr. Rochette continue taking care of the property, providing he furnishes necessary bonds, which was agreed by both counsel.

The case which promises to be an interesting one will be tried some time next week. Lawyer L. P. St. Coeur of Boston appears for the plaintiff, while the defendants are being represented by Lawyer A. O. Hamel of this city.

WALKER DIES FROM POISON

Took Mercury Tablet a Week Ago by Mistake

Sioux City, Ia., Man Attempts Suicide by Taking Tablets

MACON, Ga., May 22.—G. Sanders Walker, the local banker who had made such a remarkable fight for life since swallowing a bichloride of mercury tablet a week ago, died early this morning.

Members of the family had gathered at his bedside several days when the doctors announced there was no hope for him. Throughout Walker faced the inevitable with a fortitude that has rendered the case of more than usual interest throughout the country. During the last day Walker was under the influence of opiates most of the time, but in conscious intervals gave evidence that he was not suffering.

Scores of sympathetic messages were received by the family, and many of them were in the nature of inquiries as to the treatment being given Mr. Walker. It was impossible to find out definitely what course the physicians took as they have refused to talk except to briefly trace the progress of the poison.

Members of the family are quoted as expressing much dissatisfaction with some of the reports that have originated in Macon. They declared that Mr. Walker remained constantly in his bedroom after it was discovered that he had taken the tablet of poison in mistake for a headache remedy.

CATTLEMAN AT SIOUX CITY, IA., ATTEMPTS SUICIDE BY SWALLOWING MERCURY TABLETS

SIOUX CITY, Ia., May 22.—After swallowing three tablets of bichloride of mercury last night Robert Palmer, a cattle salesman and a member of one of the wealthiest families of Sioux City, is awaiting slow death from the poison.

Palmer was in a local hotel when he took the tablets. He rushed into the street, shouting "I've done it; I've done it."

A police sergeant who was passing seized Palmer, who hurriedly swallowed another tablet. The officer overpowered him.

Reports at the hospital last night were that Palmer is resigned to his fate and insists that he be taken from the hospital to his home to die.

KAISER AND KING GEORGE

Of England Meet Before Wedding

BERLIN, May 22.—The arrival of King George and Queen Mary from England for the wedding of Princess Victoria Louise was made the occasion of an especially cordial greeting by the kaiser. He met the royal visitors at the station with two squadrons of

KAISER AND KING GEORGE

cuirassiers and dragoons and escorted them to the royal palace with due honor. His welcome was planned on even a more elaborate scale than to the czar of Russia. It was evident that the emperor wished to make the impression that the relations between Germany and England were not in the least strained. The kaiser and King George sat together in the same carriage on the way from the station, and the populace gave the king a royal greeting to the city. This picture was taken at a previous meeting of the two rulers.

ST. MARY'S CHURCH

FORTY HOURS' DEVOTION WILL BE HELD NEXT WEEK

Triduum In Honor of the Feast of the Sacred Heart—Apron and Towel Sale and Entertainment at Harmony Hall

The Forty Hours' devotion will be held at St. Mary's church, Collinsville, next week, and the exercises will be followed by a triduum in honor of the feast of the Sacred Heart. On this occasion a Jesuit father from Boston will be the preacher.

The devotions will open at high mass Sunday morning, which will be celebrated at 10.15 o'clock. The Blessed Sacrament will remain on the altar until Tuesday morning, when the devotions will come to a close at the 8 o'clock mass.

The triduum in honor of the feast of the Sacred Heart will open on Wednesday evening at 7.30 o'clock, the preacher to be Rev. William Devlin, S. J. of Boston college. Every evening exercises will be held at the same time until Friday evening, when the triduum will come to a close. On this night there will be a general reception into the Sacred Heart league, and it is expected several members will be enrolled. The secretary of the league, Miss Lena Collins and her corps of promoters are greatly responsible for the triduum, for it is they who are looking after all the arrangements. During the triduum confessions will be heard every evening and in the morning early masses will be celebrated.

Apron & Towel Sale

On Friday night of this week an apron and towel sale will be held at Harmony hall for the benefit of the parish. The affair will be very interesting and undoubtedly will bring forth a large attendance. A contest has been organized and suitable prizes will be given those who will exhibit the best pieces of fancy goods. The prizes will consist of a pendant and neck chain; a gold beaded neck lace and a gold pin. The judges for the contest will be three Lowell women, Miss Elizabeth Finnegan of the Bon Marche, Miss Susan Cook of the A. G. Pollard Co. and Miss Anna Jennings of Gilbride's.

The hall will be beautifully decorated for the occasion and there will be four tables, three to be occupied by fancy goods and one with candy. Those in charge of the tables will be Mrs. Mary Richardson, Mrs. John McShea, Miss Mary Burke and Miss Irene Fogarty of the junior choir.

An elaborate entertainment program will be provided by the following well known talent: Miss Mary Corcoran of Lowell, Miss Lynch of Lowell, Leo St. Ledger, Lillian Dunn and Miss Dinley of Navy Yard; Miss and Master Ward, Grace Garvey and Dorothy Johnson and others.

SUGGESTIVE SONGS

Due probably to the disclosures of the conditions which the vice commission recently discovered in Chicago, there are several movements on foot in that city at the present time which have for their object the elimination of some of the worst features of vice, and the safeguarding of public morals. One of the most recent of these has been the passing of an ordinance by the city council which forbids the singing of suggestive songs in the moving picture houses and at cafes where cabaret performances are held. It is said that the ordinance was taken seriously by the Chicago authorities and that the deputy superintendent of police went about its enforcement immediately and secured the co-operation of some of the most prominent theatrical managers of that city.

If the Chicago police really succeed in barring suggestive songs, it is to be feared that the musical public of that rather notorious city will be helplessly behind the times, as a great many of the most popular songs depend largely for their success on the suggestion of license which is so often set to catchy music. Whether the public standard of morality has loosened or not is a debatable point, but certain it is that songs are now tolerated, and are being sung in almost every theatre, which deserve the description of one who recently denounced them as "depravity set to music." These songs have little else to recommend them but their loose suggestions, and they are usually forgotten in a few months, but while they are the rage, they hold the place of honor and are too often sung by, or in the presence of, people who in most other respects are examples of all that is proper and modest.

Suggestive songs of the type which is being publicly forbidden in Chicago cannot be defended—like some immoral literature—on the ground that they are artistic. Anything more utterly nonsensical than the words and sentiments expressed in them would be hard to imagine, but while we have people who can see grace and dignity in some of the aboriginal dances which have received the sanction of the elect, we will have people who would denounce as prudish any action which would prevent the singing of the suggestive songs which are unfortunately too common at the present time.

If you doubt the foregoing and consider it overdrawn it is the easiest thing in the world to convince yourself that it merely describes conditions as they are. Just go to any music store and ask for six of the most popular songs of the time. Of course you will not want classical songs because they are never "popular." Take your ragtime songs home and keep them away from the piano. Just read the words over carefully and if you do not find at least two of the songs suggestive, you are either extremely innocent or you belong to those who are blind because they will not see. If the Chicago ban would reach the sources of the popular song supply, it would be well for morals, manners and music.

THE FLAG BILL

Governor Foss has signed the so-called "flag bill" and under the terms of the new law it will not be legal to carry in parade in this state in future any flag "other than the national flag of the United States, or a state flag, or the flag of a friendly nation or of the dependencies of such nation. It will be readily seen that in the enforcement of this law, there will be no radical departure from existing customs; still, as in the past, all peoples who cherish memories of a home flag other than the Stars and Stripes may still carry such flag in parade, provided of course that it is accompanied by an American flag, but we are not liable to see any more of the "No God, No Master" banners which were flaunted so brazenly during some recent labor disturbances in this region.

That the flag bill has for its object the prohibiting of the carrying of incendiary and sacrilegious banners is still further emphasized in the second section, which reads as follows: "No banner, ensign, or sign having upon it any inscription opposed to organized government, or which is sacrilegious, or which may be derogatory to public morals, shall be carried in parade within the commonwealth." If this shall seem unusually or unnecessarily severe to anybody it is a pretty fair proof that his sentiments do not well accord with those of real American patriotism.

In no part of the world do the external signs of liberty get greater room for expansion than in America. Whether manifested by parades, public meetings, the press, or floating of flags, all people can follow the promptings of legitimate loyalty to a just cause without fear of legislative disapproval. It is not surprising, therefore, that extreme agitators should take advantage of the tolerance of our government and our people, and strive to spread pernicious doctrines under the guise of supposedly humanitarian movements. But in the instances that brought about the new flag law, the outrages against law and authority were two flagrant to go unpunished, and it is well that in some of their features they cannot be reproduced. The flag bill is both wise and timely.

THE RAILROAD COMMISSION BILL

The bill now before the legislature to transform the railroad commission and extend its powers is one of the most vital and sweeping measures that has come before the general court for many years.

The bill would give the commission control over all transportation business including both steam and electric railroads, steamboat and express companies, telephone and telegraph lines. Moreover the new commission is to be invested with mandatory powers, whereas the present commission can only recommend what it believes should be done by the railroads. Under this prerogative the commission would have power to order the electrification of railroad lines, tunnel connection between the North and South stations, and such other changes as it might deem desirable or necessary for the public good. The commission will also have power to adjudicate upon various policies affecting the financial standing and operations of the companies under its jurisdiction.

One of the provisions of the bill is, that the bonded indebtedness of the railroads must not exceed twice the capital stock and that all the short term notes must be included in the total indebtedness as computed by the railroads. This would make quite as much difference to a railroad as it would to a city, for the city debt would be considerably increased if we had to include all our temporary loans.

Some criticism of the financial sections was offered but they are believed to be thoroughly sound and such as will enable the commission to protect the public interests against stock watering or other operations that might deceive the people. The measure would give the commission supervisory power over the companies under its jurisdiction, which should be a guarantee that the public interests will be properly protected.

The bill, it seems to us, is a step in the direction of the strict government regulation of public service corporations which is the only proper substitute for the competition that under modern conditions has become impossible.

SELFISH CONDEMNATIONS

Evidences are not wanting to show that many of the propheeies that have come from the republican side of the national house and senate as to the future evil effects of the tariff, were prompted by selfish considerations rather than by a sincere desire to benefit the greatest number. In one of the preliminary sessions in the senate, Senator Reed criticized the republicans severely for having in the employ of the finance committee during the first consideration of the bills men who were interested in the national association of woolen manufacturers. He proved his assertion by letters from one who was so employed.

It is too much to expect that those who may be in some degree hampered in their business transactions by the tariff will be among its supporters, but it is not too much to expect that criticism of it shall be based on something broader than personal gain or loss. It is the old story of the individual and society in general whose interests are mutual and so closely intertwined that each must be willing to sacrifice something for the advantage of the other.

No one has yet proved that the democratic party is guilty of insincerity. They are shouldering the task made imperative by the cowardly abandonment of the people's interests by the republican party, which promised tariff revision but listened to the pleadings of special interests and left it to others to take up the burden of responsibility. The democrats are doing this openly and with popular approval. In the words of Senator Reed, "When the democrats get through this bill, it may contain some mistakes, but it will contain no jokers by paid employes of the woolen trust or other manufacturing interests."

HENRY M. FLAGLER

In the passing of Henry M. Flagler America has lost another of the very rich men who rose from the ranks and amassed immense wealth by methods which latter day judgment does not altogether approve. His success was largely due to the genius of Rockefeller, who prides himself on his ability to surround himself with men of unusual business ability, but when he was given the opportunity he demonstrated that he had a capacity second only to that of his master.

Flagler was a man of unselfish tendencies, and he used part of the great fortune which he accumulated in Florida railroad enterprises which do much to offset the popular disapproval of his standard oil reputation. His work was monumental and in the great railroad to Key West he demonstrated that the genius which helped to form the standard oil monopoly was equally keen in movements for the public welfare. Those who believe in praising the good rather than in pointing out the bad will find much to approve in the career of the picturesque millionaire.

CUP RACE SURE

The New York Yacht club having grown tired of technical objections to the challenge of the gallant Lipton have at last decided to have another race for the "bloomin' mug" and the people of this country have another international event to look forward to which may not be as important but which is quite as exciting as the California-Japanese problem. Sir Thomas has undoubtedly profited by his past experiences; and the inventive genius of America has not been at a standstill, so the sportsmen of this side have little reason to fear the result of the coming contest. But then, there is more glory in an honest defeat than in a victory which is negative. If Lipton wins the cup he will have deserved it, and if he loses he will have given an example of the perseverance and honor which are the dominating qualities of all sportsmen worthy of the name.

BARBARA FRIETCHIE

A distinctively national act was that of Barbara Frietchie and it has been told in a great poem by one of the sweetest and noblest of American poets. It is therefore fitting that the remains of this simple woman should be placed in a stately mausoleum in Frederick, Md., on May 30th—a day in which her courage has often thrilled the hearts of young America in the fine poem of Whittier. It does not matter that the poet may have idealized a simple heroic act. Barbara Frietchie deserves a place of honor because of the patriotic thrills which her name wakes in all who are proud of things American.

HUSBAND TIRED OF SEEING HER SUFFER

Procured Lydia E. Pinkham's Vegetable Compound, which made His Wife a Well Woman.

Middletown, Pa.—"I had headache, backache and such awful bearing down pains that I could not be on my feet at times and I had organic inflammation so badly that I was not able to do my work. I could not get a good meal for my husband and one child. My neighbors said they thought my suffering was terrible.

"My husband got tired of seeing me suffer and one night went to the drug store and got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me I must take it. I can't tell you all I suffered and I can't tell you all that your medicine has done for me. I was greatly benefited from the first and it has made me a well woman. I can do all my housework and even helped some of my friends as well. I think it is a wonderful help to all suffering women. I have got several to take it after seeing what it has done for me."—Mrs. EMMA ESPENSHADE, 219 East Main St., Middletown, Pa.

The Pinkham record is a proud and honorable one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

All our testimonials are guaranteed genuine and truthful. The original of each came to us entirely unsolicited. They are sincere expressions of gratitude for actual benefits received from the medicine.

Today's Beauty Recipes

By Mme. D'Mille

"With the approach of warm weather face powder is found unsatisfactory. At best it does not improve the complexion. A genuine beautifier is easily made by dissolving an original package of mayatone in a half pint of witch hazel. Apply in the morning and it will not rub off nor show, but will keep the skin smooth, clear and satiny.

"Don't get discouraged if your hair comes out when combing. Your hair is coming out because of parasites that prey upon it and cause it to become dull and brittle. These parasites are removed by Mother's Shampoo. This can be purchased in any neighborhood. It makes the hair rich, fine and fluffy.

"Observing women appreciate the fact that the regular eyebrows and long lashes are aids to beauty. Thin, straggly, colorless and uneven eyebrows and lashes will grow long, lovely, evenly and darker in color if the roots are massaged daily with plain pyroxin.

"Hair removers should be painless, quick in action and safe. Delatone answers these three requirements. Make a little paste with powdered delatone and water, cover the hair or fuzz to be removed for two minutes, wipe off, wash the skin and the hairs will be gone.

"Pimples, skin eruptions and certain kinds of eczema are speedily banished by Mother's Salve. This old-time household remedy quickly heals sores, cuts and burns without leaving a scar. It is cooling, soothing and antiseptic."

LOVE FOR GOOD MUSIC

To Develop it is Mission of Mme. Stephali

The first of a series of three popular concert lectures under the auspices of the Women's auxiliary of the Y. M. C. A., and the National Society for Broader Education was given last night by Sofia Stephali at the Y. M. C. A. hall. Mme. Stephali was accompanied by Miss Berenice Lathrop. Mme. Stephali devoted herself to the study of music on its devotional and inspirational side, and her concert lectures are given for the purpose of developing the popular taste along these lines. The object of the National Society for Broader Education, she says, is the instruction of the adult whose school days lie a long way back, but who feels the need of further development. The work extends throughout the English speaking countries. Her lectures are designed to emphasize the value of music in its relation to life.

Mme. Stephali claims that no person is entirely unmusical, though we may not always be in tune to receive the right impression. To those who do not sing because they think they cannot, she gives this advice:

"Sing, by all means; even though the mirrors crack, the dog howls and the cat leaves the house. Singing tends to light-heartedness, and by it good cheer is spread the world over."

The program last night was as follows:

"Of What Is My Heart Singing?" ..... H. Bingham
"A Dream" ..... Bartlett
"Sunbeams" ..... Ronald
"Der Prophet," Scene, Gavatine und Arie ..... Meyerbeer
Speak Waltz ..... Arditi
"Ever on Earth" ..... Robert H. Just
"Gaily Chant the Summer Birds." ..... De Pinna
"Down in Nod-a-way" ..... Gaynor
"A Perfect Day" ..... Bond
"Song of the Valkyr" ..... H. van Eyken
"Summer" ..... Chaminade
"O Dry Those Tears" ..... Rieko
"I Cannot Forget You" ..... H. Bingham

How to Make Your Hair Beautiful

Ten Minutes' Home Treatment Works Wonders, Stops Falling Hair, Heals Scalp and Dandruff and Makes the Hair Soft, Brilliant, Lustrous and Fluffy

Better than all the so-called "hair tonics" in the world is a simple old fashioned home recipe consisting of plain Bay Rum, Lavona (de composee), and a little Menthol Crystals. These three mixed at home in a few minutes, work wonders with any scalp. Try it just one night and see. Get from your druggist 2 oz. Lavona, 6 oz. Bay Rum and ½ dr. Menthol Crystals. Dissolve the Crystals in the Bay Rum and pour in an 8 oz. bottle. Then add the Lavona, shake well and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just on small strand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous and fluffy. To stop the hair from falling and to make it grow again rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning. A few days' use and you cannot find a single loose or straggling hair. They will be locked on your scalp as tight as a vise. Dandruff will disappear and itching cease. In ten days you will find fine downy new hairs sprouting up all over your scalp and this new hair will grow with wonderful rapidity.

Any druggist can sell you the above. The prescription is very inexpensive and we know of nothing so effective and certain in its result.

MAY LET WHITMAN WIN

Tammany Considers Indorsing Him

NEW YORK, May 22.—That Tammany hall is seriously considering the advisability of indorsing Dist. Atty. Whitman for mayor is the report which leaked out yesterday from the sanctum of the 14th street wigwam. The source of information is such as to warrant its authenticity.

For the last few weeks the contemplated move has been discussed in the inner circles of the democratic organization, and Charles F. Murphy is known to be in favor of the plan.

According to the present scheme of campaign Tammany hall proposes to wait until Judge Whitman is nominated and then spring its coup. It will indorse Whitman, but nominate candidates for every other office.

It is said that an emissary has already been dispatched from Murphy to Whitman to "sound out" the district attorney regarding his attitude. Whether Whitman will welcome or frown on the proposition is not known. He has refused to discuss politics at present, on the ground that he is too busy chasing grafters.

GIRL FINDS DEADLY BOMB

Gave Alarm and 5 Fuses Were Put Out

NEW YORK, May 22.—Mary Gold, 17, is a heroine in the neighborhood about 185 Chrystie street, because in a critical moment she was not afraid of the most deadly bomb yet planted in the city, the 72d infernal machine set this year.

She lives on the third floor of the big six story Chrystie street tenement, which is home for 24 large families, and while descending the stairs about midnight to go out on an errand for her mother, she saw a fuse burning in the lower hallway, 20 feet from the door, near the stairs. An attempt had been made within the last six months to blow up the house, and she immediately realized the danger.

Not knowing for certain how to put out the fuse, she called to Joseph Petruchken on the second floor. He thought a policeman was the proper thing, and found Policeman Valentine of the Fifth street station half a block away.

Valentine broke all records for sprinting getting into the hallway. The fuses were burning rapidly and he trampled them out, then dumped on the contrivance a bucket of water somebody had handed him.

He found that the bomb consisted of five sticks of dynamite, 12 inches long, wrapped together with wire, each stick having a separate fuse attached to make sure the whole would be exploded if any of the fuses went out.

It was a bomb intended "to do business," as the police expressed it, and not to "throw a scare" into any one. An Italian grocery man has a store on the ground floor of No. 185, and according to the reports, this man has been receiving Black Hand letters. He denied the rumors to the police, however, and declared yesterday that he had received no such letters.

OVERRULED EXCEPTIONS

Supreme Bench Upheld Court's Decision

The exceptions of the defendant in the case of Alexis Lamarre vs. the Guarantee Construction company of New York have been overruled by the full bench of the supreme court. Lamarre, in June, 1911, when the defendant company was constructing the iron work for the new boiler house of the Massachusetts mills, was an employe of the company and was hit in the head by a cold-cut used for cutting off rivets. The case was tried in May, 1912, and a decision rendered by the jury for the plaintiff, to the sum of $9,000. Judge Stevens, who presided, afterwards reduced this to $6,000. The counsel for the defense took exceptions to the full bench and these exceptions were overruled. Messrs. F. W. and S. E. Qua appeared for the plaintiff.

CLEANING UP THE SLUMS

Washington Women Resume the Task

WASHINGTON, May 22.—With a one day collection of $5400, of which Mrs. Woodrow Wilson contributed $100, society women of Washington today took the first steps toward cleaning up the slums of the capital. Mrs. Wilson on at least two occasions has quietly investigated the noisome alleys and narrow courts in which several thousand persons are huddled and knows personally the conditions that prevail in those sections. The money was collected at a meeting of the Washington section of the women's division of the National Civic Federation, and today will be turned over to a corporation headed by Brig. Gen. George M. Sternburg, former surgeon general of the army. It will be used to aid further in the elimination of unsanitary dwellings in the slums and the substitution of clean and wholesome houses that can be rented at nominal cost. Among those who subscribed was former Chief Forester Gifford Pinchot, whose donation of $3000 was the largest individual sum.

STRAWBERRY FESTIVAL

Given Last Night at the Worthen St. Baptist Church Was Very Largely Attended

A very successful supper and entertainment was given in the vestry of the Worthen Street Baptist church last evening under the auspices of the Philatheas of the church. A bountiful supper was served after which an entertainment consisting of several readings and songs was given.

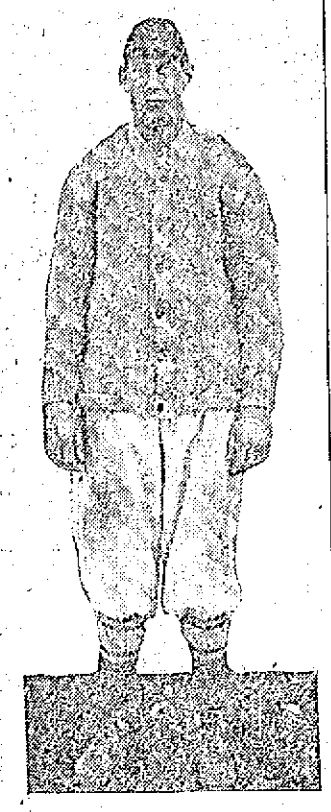
DE GROFF'S HOMER SCORES THREE

Lowell Won Exciting Game From Portland

Rube's Clout Came When the Score Was Tie

Yesterday Hugh Duffy brought his Portland diamond aggregation to the Spindle City to hold a little party at Spaulding park with Manager Gray's fast outfit as the hosts. It being a day of gratuitous admission for the fair sex, there was quite a delegation of ladies to greet the Maine ball tossers. The entire attendance wellnigh reached the one thousand mark.

At the outset the weather looked dubious, the sky being overclouded with a promise of rain very soon. Daly was behind the bat for Lowell to take care of the sweeps and curves of the ball precipitated from the willowy arm of Zelser, who appeared on the mound. Slattery, who covered the first sack for the visitors, was with Lawrence last season.



SECOND BASEMAN MILLER

First Inning

Burns walked; Merrill hit to left. Bowcock hit to Anderson who threw to Miller getting Merrill, Miller throwing to Halstein nailing Bowcock. Burns went to third. Hickman flied out to De Groff.

Clemens safe at first on Bowcock's error. DeGroff hit to left field and Merrill running in, nailed the ball as it hit the ground. Clemens remained on first thinking it to be a fair catch and he was forced out at second. Miller hit over second advancing DeGroff to second. Magee hit a two bagger to the left field fence scoring DeGroff and Miller. Halstein walked. Daly hit to left scoring Magee. Halstein, however was put away by Merrill to Yelle, trying to reach third. Dee flied out to Hickman.

Score: Portland, 0; Lowell, 3.

Second Inning

Slattery went out, Miller to Halstein. Ferrin flied out to Anderson and Yelle went out, Anderson to Halstein.

Anderson out, Wormwood to Slattery. Zelser hit safely to short left. Clemens flied to Burns. DeGroff hit to Hickman who threw to Bowcock, forcing out Zelser.

Score, Portland 0, Lowell 3.

Third Inning

Heyden was thrown out by Miller to Halstein and Wormwood and Burns were put away by Anderson to Halstein.

Miller walked and Magee hit to short left. Halstein out, Bowcock to Slattery, advancing both men. Daly died to Heyden and Dee walked, filling the bases. Then Anderson fanned.

Score, Portland 0, Lowell 3.

Fourth Inning

Merrill hit to left field and Bowcock was safe on an error by Anderson, Merrill going to third and Bowcock going along to second when Anderson lost the grounder. Hickman hit to right scoring Merrill. Zelser hit Slattery and the bases were filled. Zelser then passed Ferrin on four pitched balls, forcing in Bowcock. Yelle hit to left, scoring Hickman. Henderson, a southpaw here replaced Zelzer. Heydon hit to left field and Slattery and Ferrin scored. Wormwood hit to Dee who threw to Daley nailing Yelle. Burns went out Miller to Halstein. Heyden held at third. Merrill went out to Halstein.

Henderson flied out to Ferrin, Clemens flied to Merrill, DeGroff walked and Miller flied to Yelle.

Fifth Inning

Bowcock flied out to Magee and Hickman hit to centre field. Slattery was out, Henderson to Halstein and Hickman went to second. Ferrin hit through the pitcher and Yelle flied out to Magee.

Lowell led up the score this session. Magee hit to left field and Halstein slammed one to centre field. Daly laid down a neat sacrifice bunt and both men advanced. Dee then fanned. Anderson hit to Slattery and was safe when the latter fumbled. Magee scored. Henderson was at bat when Wormwood threw a close one which got away from Heyden. Halstein on a Ty Cobb play came home tieing the score. Clemens hit to Yelle, who forced out Anderson.

Score: Portland 5, Lowell 5.

Sixth Inning

In the sixth three men faced Henderson. The Lowell pitcher fielded Hayden's easy grounder to first, Wormwood flied out to Magee and Clemens made the third putout when Burns lifted a high fly to center. No runs.

DeGroff foul flied out to Yelle near the third bleachers. Miller hit to left field for two bases, Wormwood walked, Magee on four pitched balls. Halstein put up a sky scraper to Bowcock and Daly closed the inning by striking out. No runs.

Seventh Inning

The first three Portland men again went out in order in the seventh. Merrill hit a fast one to Miller but the Lowell second sacker picked up the ball in back of second base and his peg to Halstein caught him by a stride. Bowcock field out to Clemens and Hickman lifted one which Jimmy Magee got under. No runs. Lowell won the game in her half of this inning and this is the way it happened. Dee was out when Burns gathered in his sharp crack into left center. It was a great catch. Anderson hit to right and Henderson singled to center. Clemens filed out to Burns in deep center. With two men on bases DeGroff landed on the first ball pitched and slammed it over the left field fence for the circuit scoring three runs. Miller followed him with a safe clout to center but was left at first when Magee flied out to Slattery. Three runs.

Eighth Inning

Portland scored a run in the first half of the eighth. Slattery hit to right center. Ferrin got a single to center, Slattery being held at second. Yelle struck out. Hayden hit to Dee who threw to first. Halstein was paying so much attention to Slattery at third that he dropped the ball and the Portland catcher was safe. With three men on and only one out Wormwood hit one a dozen feet in front of the plate. Henderson shot the ball to Daly for a force out at home plate. Henderson purposely passed Sullivan, who was batting for Burns, preferring to take a chance on Merrill, a lefthanded sticker. Merrill filed out to DeGroff. One run.

Halstein was safe on an error by Bowcock but was forced at second when, after Daly had flied out to Merrill, Dee hit to Hickman, Anderson struck out. No runs.

Ninth Inning

Bowcock flied out to Miller. Hickman walked. Slattery filed out to Clemens and Ferrin popped one to Halstein. The score:

DIAMOND DAZZLES

That home run clout of DeGroff's certainly came in handy yesterday. Rube is hitting better with men on bases this year than he did last season.

Miller and Magee both had a good day with their war clubs yesterday. Both of these players had Wormwood worried whenever they stepped up to the plate.

The car service at the game yesterday was very poor. Over two hundred people were forced to wait at Spaulding Park in the cold drizzle for more than a half hour before street cars were available to take them into town.

Lavigne is called the best catcher in the league and we don't wish to detract in the least from his great playing but just look over this youngster, Daly! You can't beat his arm much, can you?

Halstein made a regular Ty Cobb play in the fifth when Hayden dropped one of Wormwood's fast ones. The ball only rolled a few feet behind the Portland catcher and he had no idea that Halstein, who was on third, would try to score. The Lowell first baseman was on his way toward home plate like a flash, however, and came across with tying run.

If Ferrin had let Henderson's drive in the sixth get by him the Lowell pitcher in all probability would have been clamoring at this office for his $50 check which the Bull Durham people offer for hitting the ball in right field. It was a lusty wallop and Ferrin made a great catch.

We will see how well we can entertain Fall River tomorrow. The team from Narragansett Bay is clubbing the ball hard these days as their 12 to 5 victory over Brockton yesterday goes to show.

AMATEUR BASEBALL

The Pawtucketville Boy Scouts have defeated T. R. Williams' S. S. class by the score of 13 to 2 and they now challenge any 15 year old team, preferring the Walker A. C. Write to Captain Fremont Nichols, 17 Third avenue. The Walkers have become suddenly quiet and we think they ought to make some more noise in response to this challenge.

The Indians of Centralville say they would like to take the scalps of the Clippers on Memorial day, if the Clippers do not object. Lineup: Grant, c; Hart, p; L. Hart, 1b; W. Small, 2b; McKenzie, ss; Ready, 3b; Larkin, rf; H. Ready, cf; Callahan, lf. Send challenges through The Sun.

Here is a team known as the Lawrence A. C., but as far as we know they are all Lowell folks. They want to play the Unions and would like to see the manager, D. Sullivan at the bowling alleys tomorrow night. Write to D. O'Malley, 27 Watson street or through this paper. Now it is up to Mr. Sullivan to get busy and arrange a game.

The Wilder A. C's have been pretty loud with their challenges lately and the Utopias have called their bluff, hereby accepting the challenge of the talkative Wilders. The Utopias have been reading about the Wilders, they say, and claim that these same Wilders have a prominent streak of yellow and that they can make them show it. However, we still think the Wilders are game and want them to bring out the yellow in the Utopias. If they do not, then we wash our hands of them. Let us hear from the Wilders at once. The game should be played at the North common on Saturday next.

The Anderson Stars have gotten together what they call a baseball team and want to play any 13 years old aggregation, in or near the city. The manager is Dan Sullivan, who puts up at 99 Andrews street. He claims he has a pitcher, Mexican, a foreigner like himself, who was trained by "Smoky Joe" Wood of the Red Sox. We will take his word for that, but we don't believe him.

Manager Billy O'Neil of the Centipedes of Lawrence, was in town recently looking up games with some of the local teams. He wants the Burkes and the C. Y. M. L. to play his team and assures them the time of their lives, if they accept. This team claims the championship of Lawrence and they defeated the South Ends here last Saturday at the South common. Some of their men have had good offers from Canadian teams and the New England league managers are watching them. They are semi-professionals and will tackle any team. Get busy, Lowell amateurs, don't let this Lawrence outfit run things like that.

The Tyler A. C. announces a desire to compete with some good team on the afternoon of May 30, either for a purse or for the ball. Tylers say they have some 400% hitters, but we think they're carpet beaters. They have one man named McGuire who they say kills the ball when he hits it. Anybody seen a dead ball? Send challenges to Hank O'Dea or through this paper.

The Roger A. C. wants a game for Saturday May 24 at the Bunker Hill grounds at 9 o'clock (in the morning of course, for they have to go to bed at eight o'clock in the evening.) They will play any 12 year old team. This is the first time we have heard from the Rogers and if they are beaten by some of the amateurs, for instance the Newsboys, or Walkers, we hope it will be the last. McGuire, the manager, is a pitcher and before he played ball he pitched hay. From the way some of the teams batted his offerings, we think his best work in the field was done with a fork.

From the number of challenges and acceptances we have received, we can easily see that there is going to be something doing in amateur baseball on Saturday morning and afternoon. We only hope that some of the shouters who have been having their say in this column will show something to keep them in the class of baseball players. We do not want to mention any names, but up to the present some of them have played only in mental contests. Thus far we have the reports of the deaths of only three umpires and of the 13 who were seriously injured in riots, one or two may recover, but they will never look the same. A strong and husky umpire is good for about one of these games, while the ordinary aspirant usually lasts about one and one-half innings. In these amateur baseball games, vocal ability goes a long ways; the fellow who can holler loudest, usually gets the decision.

LOWELL HIGH VICTORIOUS

Defeated Manchester in Exciting Game

Lowell high played their best game of the season yesterday when they traveled to Manchester and took the high school team of the New Hampshire city into camp by the score of 5 to 3. The game was fast and exciting throughout and the thousand fans who witnessed the contest were kept on edge during the entire nine innings by the closeness of the score and the spectacular plays which the school boys contributed. This was the first defeat which Manchester has met this season.

Cawley played a great game for Lowell his snappy fielding keeping the visitors' lead down and his timely single in the eighth helping demoralize the Manchester pitcher. In this inning Lowell high scored all their five runs and turned what looked like a defeat into a victory.

Lowell got eight hits to her opponents seven but they were all of them bunched. Wilson pitched a good game for the local team not allowing a man to reach first base on a pass. Carter also played a great game on the initial sack. The score:

SWIMMING RACE

Podge Murphy and Ed McCormack Will Start From Centralville Tomorrow Morning at 9 O'Clock

Tomorrow morning at 9 o'clock, weather permitting, "Podge" Murphy and his trainer, Ed McCormack, will dive into the water at the Centralville bridge and swim to Stanley's on the bank of the Merrimack. Both are in excellent condition for the swim and expect to complete the trip in good time.

Swimmer Murphy has a number of swimming matches scheduled for the coming season, and is getting in condition for the tests. One of his most important matches is a race with Rose Pitonoff, the wonderful girl swimmer. While the exact place for this event is not as yet decided, it is probable that it will be held at Lakeview. Negotiations for "staging" the race are underway and the local admirers of the swimming game hope that satisfactory arrangements for the event will be made. Murphy will also attempt the swim to Boston light.

International Polo Match

NEW YORK, May 22.—Odds on the American polo team for the coming international matches against the English four at Meadowbrook are rapidly shortening. Whereas it was possible to secure as high as three to one against the challengers a month ago, the prevailing quotations at the present time are 5 to 5, and shrewd followers of the game are predicting that even money wagering will be in order when the rival teams mount their ponies for the first match of the series next month.

FALL RIVER vs. LOWELL

LOWELL COPS WON GAME

Whitewashed Everett at Baseball

The Lowell Police baseball team won an easy victory over the Everett cops Tuesday on the latter's grounds by the score of 22 to 0. Lowell cinched the game in the first two innings and after that it was just a question of who would fatten up his batting average the most.

Frank Maloney pitched a great game for the Lowell team. The opposing batters never had a chance, Maloney tightening up whenever it looked as though Everett would score. His control was also good as he only passed two men.

Bill Kenney was the stellar performer with the stick. Bill smashed three balls for a homer and two triples and dented another for a single. McCarthy, Guthrie and McCarthy also contributed to the batting festival.

Ed Shea, of Lowell, and James Johnson, of Everett, umpired a very satisfactory game.

The next home game that the Lowell Police team will play will be on the 27th of this month with the strong Revere Police as opponents.

Braves Last to Cubs

Chicago again won from the Boston Braves yesterday, 6 to 5, in a close and interesting game. Rudbach was knocked out of the box in the eighth inning by a Boston batting rally which netted them their five runs. Chicago got ten hits off Hess. Zimmerman, Lench and Saier did the heavy batting of the game.

Children and the Burros in Glorious California

"One of the happiest remembrances of my youth," wrote a well known man, "is the month I spent in Colorado as a youngster with my burro. Many a joyful jaunt I had with that shaggy, little, wise eyed fellow. Since then it has always seemed to me that nothing more delightful can happen to a boy or girl than to be turned out-o'-doors in Colorado with a burro."

It's a fact that nothing can be more beneficial to your children than the out-o'-doors life in Colorado. The climate is so splendid and health-giving, and nowhere can you spend a few weeks more comfortably and at more reasonable cost than in Colorado.

I'd like to help you decide when and where and how to go. I have all the information here in my office to help you—hotel and boarding-house rates—and a mighty readable folder on Colorado with maps and pictures and full details. Call or write for this folder and let me tell you about the new low price excursion tickets to Colorado.

STONE AND BOYLE

Clever Lightweight Will Meet in Main Bout at Acme Club Tomorrow Evening

Young Stone and Jack Boyle will meet in the main bout at the Acme club tomorrow evening and the settlo should prove an interesting one. Both claim the lightweight title of the city and each will try his best to be returned the winner. In the other bouts, Mat Kramer of Boston will clash with Gardner Brooks of Lowell, and Billy Brooks of Lowell will tackle Frank Morley of Roxbury.

TEAMSTERS' BIG REUNION

Held in Odd Fellows Hall Last Night

THREE LOCAL BRANCHES WERE REPRESENTED AT THE EVENT

Speakers' List Included Commissioner Cummings, T. F. Rourke and Charles E. Anderson—Rousing Addresses

The members of the local teamsters' union, including three branches, convened last evening in a grand reunion in Odd Fellows hall. The branches were, Coal Teamsters' local 72, City Teamsters' local 57 and Board of Health Teamsters' local 58. The chairman of the evening was President Joseph J. Johnston of local 57.

Mr. Johnston called the gathering to order and in a few words explained to them the importance of the reunion, saying that it brings the men in closer touch and keeps their organizations stronger and more closely united one with the others. He then introduced P. H. Monahan as the toastmaster of the evening who briefly addressed the men.

The first speaker to be introduced by the toastmaster was Timothy F. Rourke, president of the trades and labor council, who dwelt in particular on the labor conditions in Lowell and the movement toward organization. He showed how unions are a benefit all around, for the reason that they unite and strengthen the working man and by this organization, brings him into closer touch and on freer terms with his employer so that differences may be settled satisfactorily to both sides.

Commissioner Cummings was the next speaker and he, too, expressed himself as favoring the labor unions, with all their advantages of bettering the conditions of the laborers and creating a better bond and understanding between employer and employe. He believed that all should have this advantage, but moreover that all should contribute their share to obtaining it by joining the unions and not reaping the benefits of another's labor.

A forceful address was delivered by Mr. Charles E. Anderson of the Trades and Labor council. Among other things, he said that the work of the teamsters should be placed under the civil service ruling by the commissioners. He said that in spite of the fact that city officials pretend to be favorable to the unions, nevertheless they are in reality opposed to them because they find the non-union man, who is unprotected by organization, more easily managed and willing to work for smaller wages, for he has no means of demanding more. He said that the unions are bound to win in the end.

Other speakers of the evening were Senator Henry J. Draper, Joseph F. Convery, Commissioner George H. Brown, Thomas Reagan, William Sproule and ex-President Thomas Welch of the Trades and Labor council.

A concert was given after the speakers had finished and refreshments were served.

600 POUND WOMAN DEAD

Operation for Removal of 150 lb Growth Fatal

CHICAGO, May 22.—Mary Peters, weight 600 pounds, who for 20 years was exhibited as a freak, died last night at the county hospital following an operation for the removal of a growth which itself weighed 150 pounds. Mrs. Peters is survived by three children, who reside in Philadelphia.

Portland Board of Trade on Trip

PORTLAND, Me., May 22.—A party of 75 members of the Portland board of trade started in a special train today on a three days' tour to Quebec. Short stops were to be made at Yarmouth, Mechanic Falls, South Paris and Bethlehem, Me., and Gorham, N. H., and the party will remain in Berlin, N. H., over night. Tomorrow they will visit Groveton, North Stratford, Island pond and Coaticook and pass the evening at Sherbrooke, Que., where they will be entertained. Saturday they will be in Quebec where they will be entertained by the business men of that city. They will return to Portland early Sunday.

Musketaquid Club Dance

The Time is tomorrow evening. The Place, Thomas Talbot Memorial hall, North Billerica. The Girl—well, it's she of the laughing eyes with whom you are going to have the pleasantest time of your life at the shirtwaist party of the Musketaquid Canoe club. Broderick's orchestra is primed especially for the occasion, and tomorrow night it will strike the "high note" in dance music. If a jolly time is wanted, cancel all engagements and join the throngs which will pack the Billerica cars early tomorrow evening. Experience teaches. The Musketaquids have run many a dance before; so this one will be the grand climax to all the social "treats" which they have so splendidly conducted in the past.

1200 MEN MAY WALK OUT

Strike Threatened at Gov. Foss' Shops

BOSTON, May 22.—A strike of the 1200 men employed at the Sturtevant Blower Works company and Becker Milling Machine company plants at Hyde Park will probably be ordered today or tomorrow, unless an adjustment is made of the grievances of the men there, or some arrangement decided upon for an amicable discussion or arbitration of the men's wage increase requests and for the reinstatement of men claimed to have been discharged for acting on union committees.

The secret of the arrival in Boston during the past few days of many international officers of metal trades' organizations was disclosed last night at a general conference and by an official statement issued by the unions' representatives.

A conference was held with Governor Foss, who is, the men say, the main owner of the plants. He is said to have refused to grant any wage increases and flatly declined to discuss submitting the men's requests and the conditions at the factory to arbitration.

UPRISING PREVENTED

Middies On the Ranger Near Mutiny

BOSTON, May 22.—Another uprising has been prevented by the officers of the Massachusetts nautical training schoolship Ranger. When the training ship was about to leave Gloucester several days ago for a cruise in the bay, all the cadets met in the forecastle and most of them agreed to quit the vessel unless Captain Atwater would agree to give them four days shore leave when the Ranger reached Boston next week to fit out for the foreign cruise.

Compromise Reached

The skipper at first refused to meet the demands of the young men, and for a time a rebellion threatened. The captain wanted to allow the cadets only a day and a half before the long cruise was started, but the young men could not see it that way, and were for getting what they wanted or ending their cadetship.

A committee of three cadets was met by the captain, and finally the trouble was settled by a compromise, both sides agreeing upon two days and a half liberty in Boston.

The annual inspection of the Ranger by Gov. Foss and his council will take place May 28, and the vessel will leave for the long summer cruise about June 1st.

Several years ago, before the present commander took charge of the nautical school, the cadets on the training ship rebelled, charging that unwholesome food was given them aboard ship.

ON TRIAL FOR MURDER

Notorious Safe Robber, Who Made Sensational Escape from Leavenworth Prison Arraigned

PEKIN, Ill., May 22.—Clyde Stratton, notorious safe robber, who made a sensational escape from the United States federal penitentiary at Leavenworth, Kan., last March by crawling through an 18-inch sewer for half a mile, was yesterday taken to Rock Island, Ill., to answer an indictment charging him with the murder of Cashier Crowder of the Silvis (Ill.) National bank, which was robbed last December.

FIRE WATCH GETS PHONE

Lonely Man Threatened to Resign Place

MIDDLEBORO, May 22.—To retain S. Edward Matthews at his job, which he threatened to resign because he was lonesome, the town of Middleboro has had installed in the very top of the town house tower, 150 feet above the street, a telephone, so that Matthews can talk to his friends during the day and chase away the traces of loneliness.

Matthews has one of the most peculiar position that the town has to fill. It is his duty to stay in the little coop at the top of the town house tower and watch in every direction for forest fires which may break out in the outskirts of Middleboro. He became so lonesome in his high position, which he has to occupy from 7 in the morning to sundown, that he was on the point of resigning, when the town fathers furnished him with a telephone. Now he spends most of his time talking to his friends via wire and watching for fires at the same time.

WHALING MASTER DEAD

Capt. De Friez Dies at Age of 91

NANTUCKET, May 22.—Captain Thaddeus Coffin DeFriez, the last of Nantucket's whaling masters, died here yesterday. He was 91 years old.

Captain DeFriez went whaling as a youth in search of health. He had been ill for some time, and the island physicians had predicted that he had not long to live. But he shipped before the mast, and in the pursuit of the whale found the health he sought. He rose to be captain of his craft and returned from the sea after 10 years afloat.

After studying law the former whaling master became judge of the Nantucket probate court, an office which he held many years, retiring recently on half pay.

The Cost of Smoke

Smoke is easily made, but it is just as easily prevented. Volumes of smoke are not necessarily an indication of prosperity; they may be an indication of neglect. According to H. M. Wilson, chief engineer of the experiment station of the United States bureau of mines in Pittsburgh, the smoke nuisance costs this country $600,000,000 a year.

"The damage done annually in the large towns of the United States by smoke, he says, "would build in every city of 100,000 inhabitants in this country a structure equal to the congressional library. There would be left over enough to maintain the army and navy for the current year—and then plenty left after that to build the capitol at Washington."

The Iron Age gives smoke losses thus:

Annual loss in Cleveland	$ 6,000,000
Annual loss in Cincinnati	8,000,000
Annual loss in Pittsburgh	10,000,000
Annual loss in Chicago	17,000,000

The figures were obtained from the smoke experts and college professors delegated by those cities to estimate the damage and were only published after many months of careful expert work. More than that, it is also stated, the damage goes far beyond the financial losses set forth in the foregoing table.

Observance of the following rules has been suggested as a remedy for the smoke evil:

1. Education of all firemen so that they will fire intelligently.

2. The instalment, wherever practicable, of automatic stokers or appliances such as blowers and steam jets for thoroughly mixing a proper proportion of air in the furnace.

3. Laws and ordinances, reasonable, but sufficiently rigid to make offenders against the smoke laws feel that they can not offend with impunity.

4. The creation of an intense and widespread public sentiment, based on intelligent knowledge of the baneful effects of the smoke plague which morally will compel men to respect public opinion in that regard.

Birthday Party

On Tuesday evening the home of Mrs. Victor Hedlund of 114 Agawam street was the scene of a happy gathering, when a number of young friends assembled in honor of the birthday of Mr. Adolf Anderson. The evening was spent in games and a general good time was enjoyed by all. Mr. Anderson was presented a beautiful fountain pen and although taken entirely by surprise, he responded in a very fitting manner. Mr. Briger Bengston made the presentation speech. A dainty supper was served by Mrs. Hedlund, assisted by Misses Ellen and Mabel Hedlund. The young people parted at a late hour, wishing Mr. Anderson many years of health and happiness.

2204 Passengers on Laconia

BOSTON, May 22.—On her first voyage here this season the Cunard line steamship Laconia arrived yesterday from Liverpool and Queenstown with 2204 passengers. Among those in the saloon were Gen. S. M. Mansfield, U. S. A., and Mrs. Mansfield. Gen. Mansfield for some time had charge of the army engineering work in Boston harbor.

VICTIM OF FIRE DEAD

Newburyport Child Was Horribly Burned

NEWBURYPORT, May 22.—Elizabeth Hubbard, 6 years, daughter of Amos Hubbard of 187 Water street, who, with her 7-year-old sister, Clementine, was seriously burned during a fire in the attic of their home yesterday morning, died last evening at the hospital.

Her sister, although in a serious condition is expected to recover.

4 HURT IN AUTO WRECK

Machine Hits Pole—Telephone Lines Tied Up

PORTSMOUTH, N. H., May 22.—A touring car containing Frank Jones, Charles Davis, Fred Carl and Peter King, all of Salisbury, Mass., was wrecked yesterday on Maplewood avenue and the four passengers had narrow escapes from death. The machine, driven by Davis and moving at a rapid pace on its way from Hampton Beach to Old Orchard, Me., became uncontrollable and crashed into a telephone pole in the highway near the residence of Thomas Flynn.

The pole was snapped off clear and clean two feet from the ground and the machine smashed in pieces. None of the occupants had time to jump, and when the crash came they were thrown in all directions. Dr. Boris Sidis of the Sidis institute and Thomas Flynn, who witnessed the accident, sent in a hurry call for the ambulance, and then gave every possible assistance to the injured.

The ambulance with Dr. J. C. Carty, rushed the quartet to the Portsmouth hospital. Davis sustained the most severe injuries of the party.

Sec. Daniels in Aeroplane

ANNAPOLIS, Md., May 22.—Secretary of the Navy Josephus Daniels yesterday traveled eight miles through the air at a height of 500 feet in a flying boat.

"It was delightful; I enjoyed the sensation thoroughly," was the secretary's reply to an inquiry when he alighted.

The secretary went up with Lieut. John H. Towers, senior officer of the Navy Aviation corps.

WELCOME NEW PASTOR

Rev. G. M. Smiley Was Tendered Reception

The congregation of the Central M. E. church in John street tendered a reception last night to the new pastor, Rev. G. M. Smiley. The vestry of the church was prettily decorated and the reception was a very delightful and a very enjoyable one. Nearly all the members of the church were present and extended the right hand of fellowship to the new pastor. Clergymen from other churches were present as invited guests. The evening's program consisted of addresses of welcome from various members of the Lowell clergy and there was a fine musical program. In the receiving line were Rev. G. M. Smiley, Rev. G. E. Smiley of Somerville, Rev. G. B. Dean, Rev. J. H. Paradis, M. B. Thompson, Mr. and Mrs. John Peacock and Mr. and Mrs. Barlow Thomas.

Among the speakers of the evening were Rev. C. E. Davis of the Worthen Street M. E. church, who was presiding officer of the evening; Rev. George W. King of St. Paul's, Rev. Edward Smiley, a son of Rev. G. M. Smiley; Rev. N. W. Matthews of the First Primitive M. E. church, Rev. W. Henry McLean of the Highland M. E. church, Rev. Leonard F. Waring of the Centralville M. E. church, and Rev. George B. Dean, formerly of St. Paul's, but now district superintendent of Methodist churches.

Refreshments were served under the auspices of the Epworth league.

The ushers of the evening were H. O. Brooks, Frank E. Laprise and G. E. Frost.

PLEASANT PARTY

Jolly Twelve Club Entertained at the Home of Miss Laura Morrison in Bowers Street

The Jolly Twelve club was right royally entertained Tuesday evening by Miss Laura Morrison at her home, 65 Bowers street. Various games were played and a musical program, in which the following participated, was carried out: Songs by the club quartet, Messrs. G. Marcotte, E. Gadbois, W. Gendreau and J. Ducharme; violin solos by Mr. R. Gendreau, accompanied on the piano by Miss Alice Gendreau. Miss C. Lebrun favored with cornet solos and there were vocal solos by several others. A dainty luncheon was served and the dining-room was prettily decorated. Each member of the party was presented a pretty souvenir as a reminder of a pleasant evening. Miss Morrison was assisted in serving by Mrs. Charles Cordeau. The party broke up at a late hour and the hostess was showered with good wishes and expressions of appreciation. The club will hold an outing at Canoble Lake, May 30.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue of the power of sale contained in a certain mortgage deed given by John H. Sweet to Fred A. Buttrick, Trustee under a certain deed of trust given by Gertrude Talbot, now called Gertrude Talbot Taylor, wife of M. Allison Taylor, of Haverhill, in the County of Essex and Commonwealth of Massachusetts, dated December 12, 1911 and recorded with Middlesex North District Deeds, Book 479, Page 257, for breach of the condition of said mortgage deed and for the purpose of foreclosing the same, will be sold at public auction on the premises on Saturday, the seventh day of June, 1913 at 3.30 p. m., all and singular the premises conveyed by said mortgage deed and therein described as follows:

"A certain parcel of land, with the buildings thereon, situated in said Lowell on the southerly side of Pine street bounded and described as follows, to wit: Beginning at the northwesterly corner of the premises at said street and at land now or formerly of Alma Prescott; thence running southerly on said Prescott land and land now or formerly of M. G. Perkins to a corner at land of said Perkins; thence easterly by said Perkins land, land now or formerly of G. E. King and land now or formerly of M. H. Wiley, to land now or formerly of Franklin Martin; thence northerly by said Martin land and land formerly of J. L. Hunt, deceased, to said street; thence westerly by said street to the point of beginning. Containing about fourteen thousand square feet, and being a portion of the premises conveyed to me by Josiah Sawtell by deed acknowledged December 9, 1865 and recorded with Middlesex North District Deeds in Book 64, Page 545."

Said premises will be sold subject to all unpaid taxes, assessments and tax sales, if any there are.

Terms: $250 cash to be paid by the purchaser at the time and place of sale; other terms at sale.

FRED A. BUTTRICK, Trustee, Mortgagee.

MORTGAGEE'S SALE OF REAL ESTATE

Andover Street, Lowell, Mass.

By virtue of the power of sale contained in a certain mortgage deed given by Sam Glazer and Louis Bazem, both of Malden, in the County of Middlesex and Commonwealth of Massachusetts, to me, dated February 26, 1912, and recorded with Middlesex North District Registry of Deeds, book 483, page 503, for breach of a condition contained in said mortgage deed, and for the purpose of foreclosing the same, will be sold at public auction upon the premises hereinafter described on Thursday, the 19th day of June, 1913, at 2 o'clock in the afternoon, all and singular the premises conveyed in and by said mortgage deed, namely:

A certain lot of land situated on Andover street in said Lowell, and shown as lot two (2) on a plan of land entitled, "Plan of land in Lowell, Mass., belonging to Harry Dunlap, Plan made Jan. 24, 1912 from survey made January 22, 1900, by Smith & Brooks, Civil Engineers and Surveyors" which plan is to be recorded in the Registry of Deeds for the Northern District of said County of Middlesex herewith, and thus bounded and described:

Southerly on said Andover street, thirty (30) feet; westerly by lot 1 as shown on said plan one hundred fifty and 2-100 (150.02) feet; northerly by land now or formerly of the heirs of Benjamin E. Butler, twenty-five and 75-100 (25.75) feet; and easterly by lot 3 as shown on said plan one hundred and fifty and 1-100 (150.01) feet.

Be said measurements more or less, or however otherwise bounded, measured or described.

Said premises are subject to and with the benefit of all restrictions now of record, so far as the same may now be in force and effect, if any.

Said premises to be sold subject to all unpaid taxes and other municipal liens, if any there are.

Terms of sale: One hundred ($100) dollars in cash to be paid at time and place of sale, other terms to be announced at same time and place.

MORTGAGEE'S SALE

By virtue of the power of sale contained in a certain mortgage deed given by Albert Capone and Elodie Capone, both of Lowell, in the County of Middlesex and Commonwealth of Massachusetts to Benjamin Green of said Lowell, dated February 5, 1913, and recorded with Middlesex North District Registry of Deeds, Book 500, Page 554, and for breach of the conditions therein contained, and for the purpose of foreclosing the same, will be sold at public auction upon the premises on Saturday, the twenty-first day of June, 1913, at three o'clock in the afternoon, all and singular the premises herein and by said mortgage conveyed, viz:

A certain parcel of land with the buildings thereon containing 3750 square feet, situated on the southwesterly side of a private way called Ward street in said Lowell, bounded and described as follows, to wit: Beginning at the most easterly corner of the premises on the southwesterly side of said Ward st., at a stake, which is distant two hundred seventy-five feet northwesterly from a stone bound at the intersection of the southwesterly side of said Ward street, with the northwesterly side of a private way called Tucker street; thence running southwesterly at a right angle to said Ward street seventy-five feet to a stake; thence at a right angle northwesterly fifty feet to a stake at land conveyed by the Proprietors of the Locks and Canals on Merrimack river to one Hiram Whitney; thence at a right angle northwesterly on said Whitney land seventy-five feet to the southwesterly side of said Ward street; thence southeasterly on the southwesterly side of said Ward street fifty feet to the point of beginning.

The above premises will be sold subject to a mortgage of fifteen hundred dollars and accrued interest on same and subject to the taxes for the year 1913.

Five hundred dollars will be required to be paid in cash by the purchaser at the time and place of sale, other terms at sale.

BENJAMIN GREEN,
Mortgagee.

LIVE NEWS OF THE FRATERNITIES

Garfield Post Expects a Big Turnout on Memorial Day

The Industry council, No. 1722, R. A., held a very interesting and well attended meeting in Odd Fellows temple last night. Regent Michael J. Sullivan presided. At the meeting four applications for membership were received and two members were admitted to the order. The degree work was done by the regular council degree staff. Proofs of the death of former Regent Thomas J. Mulligan were approved. During the meeting the members paid a solemn tribute to the brothers who have passed away since the last meeting, Mr. Thomas J. Mulligan and Mr. Frank J. Mullin, by standing with bowed heads for the period of five minutes. At the close of the meeting cigars were passed and a social hour enjoyed. Interesting remarks were made by Regent Sullivan and Dr. Hugh Walker.

Centralville Lodge, No. 215, I. O. O. F.

At the regular meeting of the Centralville lodge, No. 215, I. O. O. F., held last night, three applications for membership were presented and a grist of business was transacted. The reports showed that the sick list has decreased in a very gratifying manner, and only two members are now under care of the order. After the meeting a game of quoits was enjoyed as practice for the regular match game with the Oberlin lodge next Tuesday night, when a large turnout of rooters is expected.

James A. Garfield Post, 120

At the meeting of the James A. Garfield post, 120, G. A. R., held last night in its hall on Merrimack street, the sick committee reported two members in a critical condition. A communication was read from the Wolfe Tone and Sheridan Guards to do escort duty for the veterans on Memorial day and it was accepted. Another communication from the Second regiment of the

French American Volunteer brigade of the United States, offering to do escort duty for the G. A. R. posts on Memorial day, was received. It is expected that 500 men will be in line, representing the French American organizations. On next Wednesday flags will be placed on the graves of the departed comrades, and it is believed that the number this year will be 2260. On next Sunday morning, the comrades will attend the service at the Worthen Street Baptist church, and in the afternoon they will march to the First Trinitarian church to attend the worship there. Commander Thomas O. Regan presided.

Court City of Lowell, F. O. A.

The members of Court City of Lowell, F. O. A., assembled in their new quarters in Odd Fellows temple last night, where the regular meeting was held. Chief Ranger Eugene P. Sullivan presided. The principal business of the evening was the enactment of a new constitution.

Knights of Pythias

The semi-monthly meeting of the Uniform Rank, K. of P., Butler Ames Company, No. 16, was held last night in Pythian hall on Merrimack street. The reports of the committees in charge of the whist party and ball held recently showed that both affairs were a great success, the latter being exceptionally successful. The company voted to go to Salem on May 30, to take part in the Memorial day exercises to be held there. Several candidates were voted on. Captain Edward Lamson presided during the meeting.

D'Youville Circle

The members of the D'Youville circle held a well attended meeting in Grafton hall last night. One candidate was initiated, and several applications for membership were brought in. President Anna DeLamotte presided.

Royal Circle

The Royal circle, a newly organized group of young French American people, met in Merrimack hall last night. Nearly 50 young people were present and signified their intention to promote social affairs among the French people of this city. A constitution was made up and adopted. President Adelard Lequin presided over the meeting.

Lady Franklin Lodge

The Lady Franklin lodge held an interesting meeting in Odd Fellows temple last night. One candidate was initiated into the order which took up most of the evening. The sewing circle will meet this afternoon at the home of Mrs. Haines on Upham street.

Memorial Committee, I. O. O. F., M. U.

A meeting of the memorial committee of the I. O. O. F., M. U., was held last evening, and it was voted to parade on June 15, the date of the unveiling of the monument dedicated to the late grand master, A. M. C. of U. S., James W. Gregg, for a number of years P. C. A. of the Massachusetts district.

As Brother Gregg was a member of the Excelsior lodge of this city, it is expected that the Lowell lodges will turn out in large numbers.

20 PICKETS ON DUTY

No Disturbance at Paterson This Morning

PATERSON, N. J., May 22.—Not more than 20 strike pickets turned out today to "boo" the hands that have returned to the Price silk mill and there was no disturbance of any kind. The call of the Industrial Workers of the World leaders for a general turnout of pickets failed to meet with general response, and shops and mills that have been picketed regularly in the past had none on hand this morning.

The manufacturers assert that the strike is breaking at all points except the big mills. To most of the small shops, they say, strikers are returning quietly in pairs and threes and fours until there has been a fair resumption of work. The strike leaders, on the other hand, say the defections have been few and that the strike will go on unabated. It is now in its third month.

AT THE STATE MEETING

Sec. John H. Murphy in New Bedford Tuesday

On Tuesday last, Secretary John H. Murphy attended the state board of trade meeting which was held in New Bedford and in conversation with a Sun representative this morning, he had words of the highest commendation for the manner in which the delegates were entertained by the board of trade of that city.

Mr. Murphy said that there were present at the convention about 60 delegates from the various cities and towns of Massachusetts. They had a special car to the city and were met at the station by a committee of the New Bedford board of trade. They were first taken for an automobile ride about the city, visiting the principal points of interest. In particular Secretary Murphy mentioned the inspection of the church donated by H. H. Rogers of the Standard Oil company to the town of Fairhaven, just across the river from New Bedford. This, he said, was most interesting as well as pleasing for the edifice is a beautiful structure, and cost several millions of dollars.

The business meeting was held at the New Bedford Yacht club and at this place, a genuine clam bake dinner was served the visitors in the great pavilion. Afterwards, they spent the afternoon in automobiling and in visiting the large manufacturing plants of the city. Secretary Murphy said that the trip was a most pleasant one for all and that the hospitality of the New Bedford people is truly worthy of comment.

Mr. Murphy is at present busied with the preparation of the annual report of the Lowell board of trade which is to be submitted at the annual meeting of the board scheduled for June 3d. At this meeting, too, there will be held the election of officers and other business of great importance will be transacted.

Miss O'Donnell is an accomplished pianist and attends the festival on a special invitation.

The regular monthly meeting of the E. A. D. club was held at the home of Mrs. George Scarlott, 9 Kimball avenue, Wednesday evening, May 21, with 16 members present. During the short business session considerable business was transacted. Plans were discussed for an outing some time in the near future. The meeting adjourned and a social hour was enjoyed. Refreshments were served by the hostess. The next meeting will be held at the home of Miss Ella Clee, 677 Stevens street.

A pleasant party was held the other evening at the home of Mr. and Mrs. Jeremiah Reardon in honor of the birthday of their daughter, Eleanor. Miss Reardon was the recipient of many beautiful gifts, one being a beautiful locket and chain from her girl friends. The presentation speech was made by Mr. Harry Morisette. Miss Reardon responded and thanked all present for the gift.

REUNION OF ST. COLUMBA'S PARISH

Attracted Many People to Associate Hall Last Evening

REV. J. A. DEGAN
Pastor

The annual social and reunion of St. Columba's parish attracted a very large gathering of the parishioners and many from the various other parishes throughout the city to Associate hall last evening. Getting the people there was only one half of the work and having drawn a remarkably large attendance, the next business of those in charge of the party was to furnish enjoyment for the people. As to whether they accomplished this or not,—well, ask any of those present last evening, and see their faces light up with the pleased smile which accompanies the happy memories of the occasion. In a word, it is safe to say that every one present was royally entertained.

St. Columba's parish has an enviable reputation for the enthusiastic manner in which they support parish events as well as for the delightful character of the affairs held under their auspices. Last evening the opening feature was an entertainment consisting of an elaborate and carefully prepared program of songs and dancing, the principals being the young ladies of the parish. This was arranged and carried out under the personal supervision of Miss Blanche Perrin, the well known instructress. Miss Perrin spared no effort in preparing this program and under her direction it was a most pleasing feature of the evening. The program included the following numbers, all of which were very cleverly executed: Minuet, Misses Bernice Dundon, Agnes Dunfey, Madeline Marley, Myrtle Dunfey; Messrs. Joseph McAvinnue, Charles Brennan, Frederick Cummings, James Gorman; song, "Songs My Mother Used to Sing," Miss Margaret Flanagan; chorus, "Maryland," "The Old Oaken Bucket," "Juanita," Silver Threads Among the Gold;" duet, "Annie Laurie" and Highland fling, Miss Lena Smith, Miss Lillian Brown, Miss Theresa McDermott; song, "Love's Sorrows," Miss Ida Carroll; chorus, "Where the River Shannon Flows," "The Harp That Once Through Tara's Hall;" quartet, "Believe Me," and Irish reel, Miss Magdeline Marley, Miss Margaret Tighe, Mr. Wm. McDonald, Mr. John Walsh; chorus, "Tenting on the Old Camp Ground," "Old Folks at Home," "Dixie Land," "My Old Kentucky Home;" song, "Old Black Joe," Mr. Charles Brennan; Quaker song and dance, Miss Margaret Tighe, Miss Katherine Wholey, Miss Anna McNabb, Miss Mary Lyons, Miss Katherine Holmes, Mr. Philip O'Kearn, Mr. Leroy Dunfey, Mr. Frederick Cummings, Mr. Matthew Wholey, Mr. James Gorman; final chorus, "Auld Lang Syne;" accompanist, Miss Anna McNabb.

At the conclusion of the entertainment, the floor was cleared for the general dancing which started immediately. Broderick's popular body of musicians furnished catchy selections for the two-steps, waltzes and other dances and nearly everybody mingled on the main floor in "steppin'" to the liveliest tunes. The dancing continued to the hour at which morning begins.

No little credit and commendation are due the energetic committees in charge of the arrangements of the party last evening, who were directly responsible for its grand success. The members of the committee in charge were: Misses Catherine McDermott, Julia Riordan, Jennie Dunfey, Margaret Cassidy, Catherine McManmon, Bernice Dundon, Mary Gleason, Catherine Walworth, Lena Smith, Catherine Holmes, Alice Flynn, Gertrude Wholey, Anna Flanagan, Jennie Copper, Minnie Farley, Esther Angler, Etta Walworth, Anna Marley, Mary Kelley, Agnes Dunfey, Lillian Walsh, Catherine Flanagan, Theresa McDermott and Mrs. Martha Walsh.

Refreshments committee—Miss Martha Dundon, chairman; Misses Margaret Bagley, Catherine McManmon, Julia McNulty and Catherine Farrell.

BANQUET TO JOHN H. M'NABB

Presented Loving Cup Previous to Sailing for Europe

JOHN H. McNABB

Forty of the friends of John H. McNabb, the Church street laundryman, who have in years past spent many a pleasant evening in John's "backshop," gathered in Page's new dining room on Merrimack street last evening and tendered him a farewell supper. Mr. McNabb will leave in a few days on an extended trip through Europe. While he has been thinking of the trip for months and months, however, it cannot be said that the supper ever occupied his attention, for it was a little surprise party which his friends had quietly gotten up among themselves. The affair was delightful. It brought together friends of years' standing, who exchanged reminiscences of the old days and told many a droll story of the jolly times they had in the "backshop" of the Church street laundry. Through it all was to be perceived one note—the sincere friendship of the gathering for Mr. McNabb.

At the head of the table sat Mr. William F. Sullivan, a Lowell "old boy," but at present superintendent of the Pennichuck water works of Nashua, N. H. After dwelling in a lively vein on some of the happenings which took place in the "backshop" and after time and again rousing the gathering to roars of laughter in relating droll experiences which many of those present had there, Mr. Sullivan called upon Mr. Cyrus Durgin, principal of the state normal school, to "do his duty" as a presentation speaker. Holding a beautiful silver loving cup in his hand, Mr. Durgin spoke in a few sincere words of the esteem in which Mr. McNabb was held by his friends; "those," he said, "who know you best and love you most," and then amid the hearty applause of the assembly presented him with the cup. Accepting the token of friendship, Mr. McNabb thanked the donors in a few simple words, and said he would cherish it through life and would always recall with pleasure the occasion on which it was presented him.

Remarks of a humorous nature as well as many others which were of a far more serious kind were made by Rev. Fr. D. J. Murphy of St. Leo's church, Dorchester, John J. Murphy, Rev. William Connor of Boston, and others. There were songs by Jas. E. Donnelly, recitation by James Coughlin and choruses by the entire party.

Others of the "old boys" present besides Mr. McNabb were Thomas J. Murphy, of the purchasing agent's office; James D. Danehy, Walter Allen, John F. Welch, James L. Mellen, principal of the Lincoln school; William F. Thornton, Cyrus A. Durgin, Rev. David J. Murphy of Dorchester, James S. McNabb, John J. Murphy, John A. McKenna, Dr. John F. Boyle, W. S. Beane, Thomas F. Riley, Francis O'Hare, Cornelius O'Neill, Arthur McQuaid, Francis A. Connor, inspector of lands and buildings; Wm. F. Curtin, John M. Murphy, James Coughlin, Christopher J. Hagan, principal of the Edson school; James Walsh, James Connors, John A. Connors, Peter Cullen, John J. Rooney, Thomas Harkins, Thos. F. Harrington, Winfield T. Dunn, Michael J. Dowd, Frank E. McNabb, Henry L. Williams, Patrick Conlon, Matthias Connor, Michael J. Burns, Commissioner James E. Donnelly, Denis Sullivan, Kirk Manahan and Rev. William Connor of St. Paul's church, Dorchester.

Mr. McNabb will sail from New York next Saturday on the Cunarder Ivernia. He will visit Rome and other points in Italy as well as leading points in Germany, France, England and Ireland.

LEPER FOR 25 YEARS

No Other Member of Family Affected

NARRAGANSETT PIER, R. I., May 22.—Anxiety was caused yesterday by the announcement that William Comber, a resident, was afflicted with leprosy and had been for 25 years. He was declared a leper by Dr. Gardner T. Swarts, secretary of the state board of health. Comber recently went from here to New York city.

The case was discovered about 10 days ago, when Dr. Clarence E. Gardner called to attend another member of the family. He notified Dr. Swarts, who at once declared Comber to be suffering with a typical case of leprosy.

The man had not been out of the house for about five years, but no other member of the family, Dr. Swarts said, showed symptoms of the disease.

With the exception of the father, proprietor of a small hotel, the family have left town and gone, it is stated, to New York. Dr. Swarts said he has been unable thus far to discover where the leper is now living.

Comber is thought to have contracted the disease in China, where he lived when a child with his parents. His father was a storekeeper in Hong Kong and Formosa.

AGAINST SMOKE NUISANCE

Worcester Business Men and Manufacturers to be Asked to Cooperate in Campaign

WORCESTER, May 22.—Directors of the Worcester chamber of commerce, at a special session that continued until midnight last night, discussed the smoke nuisance. It was the sense of the meeting that the matter should be taken up by the organization, and that something should be done immediately to abate the smoke nuisance. A specific report was given, in which it was pointed out that the greatest smoke nuisance in this city is caused by the railroads. Business men and manufacturers will be asked to cooperate in an active campaign to be conducted by the chamber of commerce.

Positive Aids to Beauty Seekers

(From National Health Journal)

Any skin, even the most oily, can be made smooth, velvety and charming by discarding face powder and using instead a lotion easily made at home by dissolving 4 ounces of spurmax in ½ pint witch hazel (or hot water) with 2 teaspoonfuls glycerine added. This wonderful whitener and complexion-beautifier prevents chapping and adds a charm of natural beauty. It does not rub off as easily as powder but when on seems part of the skin and will prove a boom to any woman's appearance.

Cleanse your scalp and leave the hair clean, sweet and wholesome by shampooing with a teaspoonful of cantharex dissolved in a cup of hot water. The hair will dry quickly and evenly without streaking and take on a lustre and fluffiness that will last. Cantharex, which can be obtained at any drug store and is very inexpensive, removes dandruff and scalp-irritation instantly and has done wonders in promoting the growth of hair.

FOR ROYAL WEDDING

Three Emperors to Meet at Berlin

BERLIN, May 22.—The gathering of three emperors—those of Germany, Russia and the British dominions—for the wedding on Saturday of Princess Victoria Luise and Prince Ernest August of Cumberland has made the German capital the centre of interest.

Besides the three great rulers, the only daughter of Emperor William at her marriage is to be surrounded at such a gathering of princes and princesses as rarely has been assembled.

Berlin has made elaborate preparations for the occasion. The city is gay with bunting, the people are in holiday humor and the streets swarm with the brilliant uniforms of the soldiery.

Extensive precautions have been taken for the safety of the royal personages, the Prussian police being assisted by large bodies of Russian and British detectives, while the soldiers at the stations and lining the routes of the royal processions carry loaded rifles.

MEN'S CLUB ENTERTAIN

Concert of Unusual Merit at the Highland Congregational Church Last Night

A fine concert program, arranged under the direction of Mr. Thomas R. Parkinson, was given at the Highland Congregational church last night. There was a large audience present, despite the fact that the weather was a bit dubious, and there was no dearth of appreciation. The concert was given by the Men's club, an organization composed of the most energetic members of the church, and it was generally conceded that the program was of unusual merit. Many encores were demanded.

ACROSS FROM CITY HALL

AMUSEMENT NOTES

Merrimack Square Theatre

In "Wildfire," the play in which Miss Grace Young & Co., are being seen this week at the Merrimack Square theatre, there lies one of the most enjoyable entertainments which this popular company has so far presented. The piece contains novelty in the development of the story and the action is full of thrills one moment and laughs the next. All the members of the company are seen to advantage, while the staging is alone a feature which would make it well worth the price of admission. The photo-plays which are always interesting will be changed today and for the bill to be given the coming week, Viola Allen's greatest success, "The White Sister," will be presented. Performances from 1 to 10.30 p. m. Seats for all performances now.

The Kasino

Kasino standard isn't an idle term; it means something? You will appreciate the truth of this the first time you ascend the hill and pass a couple of hours on the spacious floor of the hall, with tuneful music by the big Kasino orchestra to help you demonstrate the poetry of motion.

Sofia Stephall Says All Should Sing

Sofia Stephall in her "concert-lecture," to be given at the Y. M. C. A., will speak on the general importance of music and its influence upon life. She will trace briefly the development of this art, from the first simple beginnings of the savage to the highest expression of operatic virtuoso.

Stephall loved to sing as a child. She loves to sing as a woman.

She believes that all should sing, that the expression of emotion through song is a natural instinct that should not be suppressed.

In her illustrative songs Stephall appeals with direct force not only to the cultivated listener but to the musically unsophisticated.

MISSING GIRL FOUND

Florence Daigneau of Hartford, Conn., Located in Boston—Four Young Men Arrested

HARTFORD, May 22.—Florence Daigneau, the 15-year-old girl who disappeared from her home in Rowe street Saturday night, has been found by the detectives in Boston in a rooming house and is under arrest. Her father has gone for her.

Joseph Quinn and three other young men, who had been seen with her here Saturday night, are under arrest, and the police are looking for an unknown man about 40 years old, who has been in her company of late. It is said another girl is involved in the case.

MAYOR O'DONNELL SENDS EVIDENCE

To Dist. Attorney On Charge Against Ald. Brown

For Having Exceeded Street Appropriation In 1912

MAYOR JAS. E. O'DONNELL

Some time ago Mayor O'Donnell addressed a communication to District Attorney John J. Higgins, stating that Commissioner George H. Brown had, as commissioner of streets and highways in the year 1912, violated the charter by overrunning his appropriation. The district attorney, in acknowledging receipt of the mayor's letter, requested evidence in support of the charges, and the evidence, accompanied by the following letter, was sent to the district attorney today:

Lowell, Mass., May 22, 1913.

John J. Higgins, Esq., District Attorney, Cambridge, Mass.

Dear Sir—In reply to your communication of recent date requesting evidence in support of the charges made that George H. Brown, commissioner of streets and highways for the city of Lowell in the year 1912, had violated the provisions of section 33, of chapter 645, of the Acts of 1911, by overrunning his appropriation, I enclose you a transcript (numbered 1) of the records of the city clerk of the city of Lowell, in which are set forth the amounts of money to be expended by the commissioner in charge of the street department for the year 1912.

A second enclosure (numbered 2) is a copy of an order adopted by the municipal council at its meeting on May 20, 1913.

A third enclosure (numbered 3) is a copy of the records of the meeting of the municipal council of May 14, 1913, which will furnish you with evidences tending to bear out the general charges.

But the best and most complete information may be obtained from the city auditor, Charles D. Paige, or if you prefer to send an expert accountant here, it would not take over two days to establish the facts as alleged.

It has been stated that my action in calling this matter to your attention has been due to personal or political motives, but I am confident that you will not be misled by any such statements, because you realize that it is my duty as mayor to see that the terms of the charter are respected. I am absolutely without any personal or political feeling in the matter and I am sure that you, in the conduct of the case, will be likewise.

Respectfully yours,

James E. O'Donnell,
Mayor of Lowell.

KNOX AUTO CASE AGAIN

Discussed by Local Lawyers With Justice Rugg

Legality of Second Purchase to Be Tested In Court

Frank E. Dunbar, representing the city, and Albert S. Howard, representing Commissioner George H. Brown, in the automobile injunction case, known as the case of Brown vs. O'Donnell et als, had a conference in Boston at 2 o'clock this afternoon with Chief Justice Rugg, and discussed Mayor O'Donnell's letter to the chief justice and the latter's letter to Messrs. Dunbar and Howard. Mr. Brown was present at the conference. The mayor, in his letter to Chief Justice Rugg, stated that the parties to the contract had arrived at an agreement and that the subject matter of the controversy had been disposed of.

To Chief Justice Rugg, this afternoon, Mr. Dunbar stated, that since the case was argued in the superior court he was informed by the mayor that legal steps had been taken by the city council to purchase an automobile and that the auto had been purchased and paid for, regularly and legally.

Mr. Howard's Statement

Mr. Howard stated, in reply, that he had been informed by Mr. Brown that the requisition under which the automobile was bought and paid for was a requisition that required the purchasing agent to purchase an automobile to be delivered within ten days according to certain specifications, which specifications were contained in the Knox contract; that it was impossible for the purchasing agent to purchase any machine under the requisition unless he purchased the machine in controversy.

Mr. Brown's Contention

Mr. Brown contended that what had been done since the hearing in the supreme court was done illegally for the purpose of evading the letter of the injunction.

Have Report Discharged

Chief Justice Rugg then said that if the machine was purchased regularly and legally would mean one thing, but if purchased in the manner claimed by Mr. Brown it might mean something entirely different and might involve a question of contempt.

Under the existing circumstances, he said, the proper thing to do was to have the report now before the full bench discharged and the case sent back to the superior court in order that the bill of complaint might be amended to set forth what had happened since the hearing and that a hearing might be had in the superior court on the question as to whether the subsequent purchase of the machine was illegal or was simply an evasion of the injunction.

The chief justice suggested that Mr. Dunbar file a motion to have the report discharged and that the plaintiffs could then amend their bill.

CASE AGAINST B. & M.

Resumed Today at the Superior Court

The trial of the case of Burnham vs. Boston & Maine railroad, an action of tort which has occupied the superior civil court for the past two days, was resumed this morning and the defense opened its case. Among the witnesses heard were several railroad men, one of them being William A. Donaldson, who was a baggage master on the forward car of the train on which the accident is alleged to have occurred. Mr. Donaldson testified, in answer to direct questions by Attorney Wier of Trull and Wier, who are representing the defendant company, that he did not learn of the injury to Mr. Burnham until the Monday morning following the accident. The other railroad man was questioned closely regarding the speed of the train at the time and also with reference to his position on the train.

Another of the witnesses was Police Officer Tainter, of the Wakefield force, who said he was on duty at the station at the time of the accident. He stated that he saw something that would indicate an accident and going to the spot met two men carrying another. He testified that he helped them with their burden. He was cross-examined by Attorney Sherman, of the firm of Copely and Sherman of Boston, who are representing the plaintiff. Mr. Sherman questioned the witness regarding the circumstances as far as he knew them, the number of people about and as to whether or not there was any obstruction which would prevent people seeing the spot where the accident occurred. Officer Tainter said that when he arrived on the scene there were not very many people about, and that he noticed only the men who were carrying the injured man.

There were several photographs of the vicinity which were resorted to frequently by the attorneys to render the answers of the witnesses more clear and those on the stand were required to indicate by means of these photographs, their location and the spot where the accident occurred. These photographs were also used in explaining the situations to the jury. The trial lasted throughout the entire morning session.

Following the one o'clock adjournment for luncheon, the case of Burnham vs. Boston & Maine railroad was again taken up and the defense completed its case. But few witnesses remained to be heard and shortly after two o'clock, Mr. Wier began the summing up for the defense.

Attorney Sherman completed his final argument late in the afternoon and Judge Pratt finished his charge to the jury just as the time of adjournment was reached. The case was then given to the jury, and the session adjourned.

DYNAMITE PLANTERS GRILLED IN COURT

Attempt to Discredit Breen's Testimony Made by Attorney Coakley, Counsel for Atteaux-

BOSTON, May 22.—An attempt to discredit the testimony of John J. Breen, one of the principal witnesses for the prosecution, was made by Attorney Daniel H. Coakley, counsel for Frederick E. Atteaux at today's session of the trial of Atteaux, President William M. Wood of the American Woolen Co., and Dennis J. Collins for conspiracy to "plant" dynamite at Lawrence during the textile strike last year.

Admits False Statements

Breen, who charges Atteaux with being the person who hired him to place the explosive admitted today that he had made false statements repeatedly in connection with the case, but declared that so far as his testimony was concerned he had told nothing but the truth. Towards the close of the forenoon session Breen told in detail of the payment to him by Atteaux of $500 in January, 1912, when the dynamite was taken to Lawrence. Breen said that he stood at the corner of Franklin and Washington streets, Boston, at 5.30 p. m. when Atteaux drove up in a taxicab, said to him "Follow me, John. The money is in the package. I will drop it and no one can ever say that I gave you anything." Breen said that he followed about a foot behind Atteaux and that when the package containing $500 was dropped he picked it up and went away.

Tells of Getting Money

Replying to Mr. Coakley, Breen said that the corner where the transaction took place is a very busy one at 5.30 p. m., with thousands of persons passing. He knew no reason, he said, why Atteaux should select such a spot for payment in preference to the privacy of his own office, where no one could see or hear what was transpiring. Although there were many people on the street at the time who might have seen him pick up the package he was not afraid that he was seen, nor had he feared that the package might be picked up by some other person before he got to it.

BREEN WAS CALLED AND CROSS-EXAMINED BY ATTORNEY COAKLEY

BOSTON, May 22.—John J. Breen, the Lawrence undertaker who has confessed that he distributed dynamite at Lawrence during the textile strike in 1912 was called to continue his testimony under cross examination when the trial of President William M. Wood of the American Woolen Co., Frederick Atteaux and Dennis J. Collins, charged with conspiracy to "plant" the explosive was resumed before Judge John C. Crosby in the superior court today.

Collins Called

Before the cross examination of Breen was resumed today Dennis J. Collins, a government witness, was called to testify to a conversation with Breen after the latter's conviction on the charge of having "planted" dynamite in the houses of Lawrence textile strikers last January.

The witness could not remember that Breen had said "I am going to get back at those people because they gave me a raw deal." Collins said he did not think he had told anyone of such a conversation.

Breen took the stand and was questioned by Attorney Daniel Coakley, for Mr. Atteaux, regarding his telephone conversation with Police Inspector Rooney of Boston on the night of Jan. 19. He said that when he told the inspector not to come to Lawrence until the next morning it was not because he had not finished "planting" the dynamite. Some of the dynamite was placed after Rooney's arrival at Lawrence.

He was unable to say how long a period elapsed between the time he was requested by telephone to go to the Lawrence police station and his compliance with the request. He did not go to the station, he said, until he had finished some work around his shop, although he knew Rooney was waiting to see him.

Questioned regarding the testimony of Rooney, that Breen told Commissioner of Public Safety Lynch of Lawrence that he would not tell where the dynamite was hidden until Patrolman Woodcock, who had been reduced from an inspectorship, should be put back in plain clothes." Breen denied the conversation. He said he asked the commissioner if Woodcock could go in plain clothes with the searching party.

Suits For Damages

Reference was made to the suits for damages brought against Breen by those who had been arrested after dynamite had been found on their premises. The witness could not recall that he agreed with the attorney for two of the plaintiffs to settle by cash payment to each of the parties of $300 on June 17, 1912.

He said he never thought of going to Atteaux for the money to pay his fine because he was afraid the police might follow him and telephones were unsatisfactory.

"Weren't you afraid of the police when you went to Atteaux's office and asked him to send you money by mail?" asked Coakley.

"I was a little afraid," said Breen.

"Why should you bear the burden of all this ignomy and not go to your fellow conspirators for help?" the lawyer asked.

Should be Game

"Because I thought they would be game enough to stand to the finish," Breen answered.

Breen said he knew Atteaux and Pitman were men of means and were just as deep in the conspiracy as he was but he did not go to them for either comfort or aid until he saw Atteaux in April.

He said Pitman never told him that he (Breen) was a scoundrel and a leech and was driving him to suicide nor had anyone else ever told him that Pitman had made such statements.

Breen Makes Denial

He could not remember that he had ever told Assaf, one of the complainants in the civil suit that he was foolish to let the authorities settle the suit for $300 or that he had said to Assaf "After I get all I can get out of him you are foolish if you don't try."

Breen denied he said it.

He said he had heard that Pitman sustained heavy financial losses through the failure of a business firm and he had heard recently that Pitman attempted suicide long before the dynamite was "planted." He did not know that Pitman had taken his losses greatly to heart nor had he heard that Pitman was half crazy.

Never Asked For Money

He never asked Pitman for money, he said, because he did not know him well.

"What," exclaimed Coakley, "you took dynamite from this man and conspired with him to commit a crime and yet you say that you did not know him well?"

"Yes, sir," was the reply.

Breen admitted that on Feb. 3, 1912, he transferred certain property to his wife but didn't do it because he thought civil suits would be brought against him.

Admitted That He Lied

Under Coakley's questioning Breen admitted that he had lied repeatedly concerning the dynamite "planting." He said he made false statements when he told Inspector Rooney that he had located dynamite at Lawrence on information from an Italian striker.

On Jan. 29, the day of his arrest, he said, he admitted to Commissioner Lynch that his first story about the finding of the explosive was wholly untrue, and then he told Captain Proctor of the district police another story which was a tissue of falsehoods.

Reading from a typewritten report of Breen's examination at the Lawrence police station on the day he was arrested Mr. Coakley paused after each declaration made by Breen and said: "And that was false, too?"

Statements Untrue

Breen's replies were that either the statements were untrue or that he could not remember having said it but would not be positive he did not say it. At Mr. Coakley's request Breen told in detail of the alleged dropping by Atteaux on the night of Jan. 19, 1912, of a package containing $500 at the corner of Washington and Franklin streets in the city. This money, Breen had previously testified, was to pay the expenses that might be incurred in "planting" the dynamite.

The package was dropped, Breen said, about 5.30 p. m. and Mr. Coakley immediately secured from the witness the admission that at that time in the afternoon great throngs passed that particular corner. The witness was unable to describe definitely the thickness of the package. He said the money was in bills of $5, $10 and $20 denominations but he could not tell approximately how many of each denomination the package contained.

"Mr. Breen," said Mr. Coakley, "have you made any false statements other than the statements you admitted were false?"

"Not to my knowledge," replied Breen.

The luncheon recess was then taken.

Dist. Atty. Pelletier

His cross examination concluded, Breen was taken in hand again by District Attorney Pelletier, who asked the witness to explain what he meant when he said in his cross examination that he was anxious for a settlement of the civil suits or otherwise he would have to "talk."

He meant, Breen said, that he would have to testify truthfully in the civil courts regarding his connection with the dynamite "planting." He explained his false statements to Commissioner Lynch, Captain Proctor of the district police and other officials by saying that he did not want to incriminate himself.

Breen Excused

Breen was then excused. David Smith, a clerk in the Lawrence postoffice, was called. Smith testified that the special delivery record of April 23, 1912, showed that a letter was delivered to John Breen at 1.25 p. m. that day.

Testimony that the letter had been delivered to Breen was given by Chas. Finkelpearl, a special delivery messenger at the Lawrence postoffice. Finkelpearl said that he was the person indicated by Breen yesterday as the one who delivered to him a special delivery letter containing $200 which was alleged to have been Atteaux's second payment to Breen on account of the dynamite "planting."

Neither Smith nor Finkelpearl were cross examined.

Contractor Rice

William H. Rice, a granite contractor of Milton, from whom Pitman is alleged to have procured the dynamite, was the next witness.

The witness after telling that he had known Pitman since boyhood, said that Pitman called on him at his quarry on the afternoon of Jan. 21, 1912, Pitman told him, he said, that he needed a little dynamite to blow out some boulders on a construction job in Worcester.

"I told him," said Rice, "that I might let him have a little. I explained I had no right to sell it, but would lend it to him."

The witness thought there were no more than 20 or 30 sticks in the bundle he prepared for Pitman. In addition to the dynamite Rice said he let Pitman have some detonators. Pitman had his supper at Rice's house but no further reference to the dynamite was made. Early in the evening Rice and Pitman came into Boston by trolley, Pitman carrying the explosives. Pitman, according to the witness, had told him he was going to send the dynamite that night by his foreman.

Gave Dynamite to Breen

They left the car, he said, on Franklin street near the corner of Washington. Pitman said, according to the witness, "I don't see them. I'll see if I can find them." Pitman put the dynamite on the curbing near Rice's feet and went up to Washington street. A few minutes later Pitman returned, accompanied by Breen. Rice gave the dynamite to Breen. The witness was positive that no word was spoken at the time. Breen, he said, went up Franklin street and turned north into Washington street. He never saw Pitman after that night, he said, nor has he ever received either money or dynamite in return for the explosive loaned. Cross examined by Mr. Coakley, Rice denied the testimony of Breen that he had been introduced to Breen and had assured him that there was no danger from the dynamite because it was frozen.

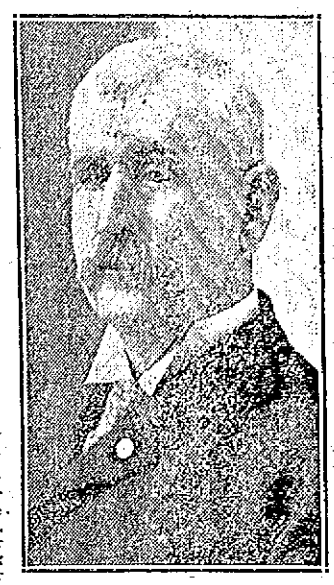
SUCCESSOR TO JAMES E. HILL

Mayor Will Make Provisional Appointment

John J. Haviland of Lakeview Ave. to Be Selected



JAMES E. HILL

In the event of an act relative to the retirement of certain veterans being accepted by the municipal council, Mayor O'Donnell will make a provisional appointment to the office of collector of samples of milk and vinegar for the milk inspector's department, James E. Hill, who has held the position for many years, his appointment having been approved by the late Mayor Courtney, has asked to be retired. His letter requesting retirement was read at the last meeting of the municipal council and was referred to the mayor. Mr. Hill seeks retirement because of the infirmities of old age.

The mayor stated today that in the event of the city council accepting the retirement act applicable to Mr. Hill's case, and there is nothing mandatory about it, he would make a provisional appointment pending the certification of a list of names from the civil service commission, as he has been informed that the office must be filled from the civil service list. The mayor said he would name John J. Haviland, of 222 Lakeview avenue. Mr. Haviland is a weaver and is said to stand high on the janitorial civil service list.

Section one, chapter 744 of the acts of 1912, is the section in the act relative to the retirement of certain veterans that applies to Mr. Hill's case. It reads as follows:

"Section 1. A veteran of the Civil war, in the service of any city or town, if incapacitated for active duty, may be retired from active service by the city council of the city, or by the selectmen of the town, at one-half the rate of the average compensation paid to him during the two years immediately preceding his retirement; provided, that no veteran shall be retired under the provisions of this act unless he has been in the service of the city or town for a period of not less than ten years preceding the time of his retirement."

MR. BROWN PERTURBED

Says He is Not Delaying Street Work

Commissioner Brown takes exceptions to certain statements made relative to requisitions for street oils being held up, Commissioner Donnelly having claimed to the mayor that the requisition for oil for macadamizing had been held up and that no attempt had been made to get the oil. Until the oil arrives there was no need of attempting to macadamize streets.

This forenoon, in the presence of the city hall reporters, he asked Purchasing Agent Foye when the requisitions were received for the oil, and Mr. Foye said they were received last Saturday. "There you go," said George H., "those requisitions should have been sent in two months ago."

"What did you do when you received the requisitions?" asked Mr. Brown.

"I wrote letters to the oil people mentioned in the requisitions, asking them to state their prices and asked them to answer by return mail," said Mr. Foye.

Mr. Brown allows that there is no reason why the work of macadamizing streets should be held up awaiting the arrival of oil.

FUTURE MARRIAGE

Oscar J. Lajeunesse and Miss Eva M. LeLacheur Will Be Married on June 12

A pretty marriage will be performed on June 12, when two popular young people of this city, Mr. Oscar J. Lajeunesse, son of Mr. and Mrs. J. L. Lajeunesse of 123 Ennell street, and Miss Eva M. LeLacheur, daughter of Mr. and Mrs. J. B. LeLacheur of 199 Mt. Hope street, will be united in the bonds of matrimony. The ceremony will be performed at a nuptial mass celebrated at seven o'clock at St. Joseph's church. Following the ceremony an informal reception will be held at the LeLacheur home.

Motor Boat Club

At a recent meeting of the Pawtucket Motor Boat club it was voted to change the name to Lowell Motor Boat club. On May 21st the regular bi-monthly meeting was held and considerable business was brought up which included important improvements to the club house.

A committee has been appointed to arrange for a regetta or carnival to be held in the afternoon of July 4th. Members of the club and committee are all working hard to get up an interesting program of events and it is proposed to make this regatta far surpass those of previous years.

The following have already announced that they would donate prizes: Harry Pitts, J. H. Gamble, James H. Walker and T. J. McDonald.

The club is now composed of nearly a hundred members with about forty boats on the register and more being added each week.

Patterson Rubber Company

The machinery in the factory of the Patterson Rubber company was turned over this morning in its initial tryout. Practically everything at the plant is in readiness for operation and the manufacturing activity, say the officials, will begin soon.

Cars Collided

The slippery rail caused by the rain this noon was responsible for a small collision on Central street when an inward bound electric car could not be halted and it bumped into a car that was stopped opposite Middle street. The car was going slowly and no damage was done.

Willard Wants Return Match

SAN FRANCISCO, May 22.—With the hope of getting a return bout with Gunboat Smith, Tom Jones, Jesse Willard's manager has offered to match Willard with Smith for another fight, winner to take all. In answer to this Smith's manager said:

"If you will guarantee that our end will be $10,000, I will take the match and be ready to fight any time you say."

MAN HELD ON SERIOUS CHARGE

Eckland Case Continued Until Tuesday, June 3

Young Girl Was Sent to the Women's Prison

Peter A. Ecklund made his first appearance in police court this morning although he was arrested some time ago. The complaint charges him with a very serious statutory offence. His case was continued until the 3rd of June in order to give the police an opportunity to place their evidence before the grand jury. Daniel J. Donahue, Esq. appeared for the defendant.

Arthur G. Barrett, charged with drunkenness and assault and battery upon some unknown person, pleaded guilty to both complaints this morning. Officer Drewett, who made the arrest, told the court that the defendant was striking some person in a doorway on Middlesex street but the person who was struck by Barrett got away before he arrived on the scene Barrett was fined $2 for drunkenness and $10 for the assault and battery.

Marie St. Pierre was ordered sent away by the court to the girls' reformatory at Sherborn. The evidence showed that the young lady, who is only 17 years of age, had been away from home for the past three weeks and she acknowledged to the court this morning that she had slept three nights in a cellar. She is also held as a witness for the government in the Ecklund case.

John Riley was sent to jail to spend the next four months on his third appearance for drunkenness within the year. Joseph T. Coughlin and Clement H. Cook were sent to the state farm for the same offence. There were four $2 drunks and two releases by Probation Officer Slattery completed this morning's list.

Why is the soda cracker today such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package. Five cents.

STOVALL IS REINSTATED

Must Apologize and Pay Heavy Fine

ST. LOUIS, Mo., May 22.—George Stovall, suspended manager of the St. Louis Americans, was reinstated by President Johnson of the American league today on condition that he write a letter of apology to Umpire Charles Ferguson on whom he spat while playing in a game here May 23.

The decision of President Johnson was announced in a letter received by Robert Hedges, president of the local team. In addition to making a thorough apology to Umpire Ferguson, Stovall was to pay a heavy fine, the amount of which has not been made public.

If Stovall complies with the conditions he will be allowed to play in the game against Detroit next Saturday. The apology to Umpire Ferguson must be mailed to Johnson's office in Chicago and approved by Johnson before it is forwarded to Ferguson.

When Manager Stovall was told of the conditions of his reinstatement, he said he would comply.

SHOE MACHINERY CASE

Statement of Capitalization to be Shown

BOSTON, May 22.—The acquisition of fifty-five individuals, partnerships and corporations whose business was absorbed or controlled by the United Shoe Machinery Co. was inquired into by the government at the resumption today of the proceedings to dissolve the company now pending before the United States district court. At the request of William S. Gregg, special assistant to the United States attorney-general, the secretary of the company, Harold Denham agreed to furnish the government with a statement showing the capitalization of the companies controlled and the amount of stock owned by the United Shoe Machinery Co. The witness also offered to furnish the government the total number of machines which the company had out on leases and the total number of shoe manufacturers supplied.

Asked the purpose of these figures Mr. Gregg stated that they were intended to prove the government's allegation that the company controlled 98 per cent. of the stitching and welting machinery used in the manufacture of shoes in this country.

Judge Putnam stated that the supreme court had decided that it was not necessary to show all that under the Sherman act. It would be sufficient, he said, if it was shown that one man was driven out of business.

THE RICHARDSON LIGHT INFANTRY

Observed 52nd Anniversary With a Banquet

The 52nd anniversary of the Richardson Light Infantry association was celebrated last night by a banquet at the New American hotel, and veterans and sons of veterans to the number of twenty-one gathered round the dinner table and recalled memories of the stirring times of '61, and of the many comrades who fell then or have answered the last earthly muster call through the passing years.

Before the dinner a business meeting was held, and the usual routine matters of the association were discussed. It was voted after a long and interesting debate to amalgamate with the association of the Seventh Massachusetts Battery which had sought the joining of the two bodies, and so voted last October. The members of the one company were members of the other in many cases as the Seventh Massachusetts Battery was the name of the older organization one year after its formation, and many in each body have long desired a union of the associations. At the business meeting, the new officers of the organization were elected.

The veterans present were: President Francis T. Wilson of Lowell, first lieutenant, who presided, and introduced the various speakers; First Lieutenant William F. Farrar, Lowell; Sergeant Henry W. Worcester, Lowell; Corporal Newman W. Storer, Dorchester; Charles H. Fillsetti, color bearer, Boston; James W. Beane, West Somerville; Franklin French, Lowell; Charles Frost, Lowell; Franklin J. Hersey, Hudson, N. H.; Gancello Leighton, Providence, R. I.; James Schofield, North Grafton; George N. Thissell, Methuen.

The guests were former Senator Joseph H. Hibbard, of Lowell; J. Henry Hodge, of Chelsea, a Seventh Battery Association member, and William E. Baton, of Lawrence.

The sons present included Forrest H. Peabody, Boston; Edward W. Brigham, Lowell; Charles R. Brigham, Lowell; Arthur Wilson, Needham; Leonard Worcester, Lowell, and W. N. Goodell, Lowell.

The tables were decorated with five beautiful bouquets of cut flowers which had been sent for the occasion by friends, including Mr. and Mrs. W. N. Goodell, Mrs. Morton N. Peabody, Mrs. Hattie A. Edwards, in memory of George C. Edwards, Mrs. Belle Chase Johnson, and Mrs. Marietta R. Jefferson. A unanimous vote of thanks was extended to those who had so kindly remembered the reunion, and showed their sympathy in such a practical manner.

The first speaker of the evening was Comrade Baton of Lawrence, who expressed his happiness at being present in a few brief remarks and declared his determination to be present as long as he was able to attend the reunions.

HON. JOSEPH HIBBARD
Leading Speaker

Joseph Hibbard

The main address of the evening was made by ex-Senator Joseph Hibbard, who told of personal trips which he had made while a member of the legislature to the scenes of the southern battlefields. Being a member of the committee on military affairs, it was his privilege to assist at the dedication of many monuments to those who fell at New Orleans, Valley Forge, Petersburg, Richmond and Gettysburg. He said that though he always had the interests of the veterans at heart and gave practical expression to his interest in them while in the legislature, he never fully realized what they represent until he traveled over the scenes of the former battles and talked there with the survivors of the blue and the gray.

Other speakers were Comrade Schofield of North Grafton, Comrade Beane of West Somerville, Comrade Fillsetti of Boston, Comrade Hodge of Chelsea, Comrade Leighton of Providence, Comrades Worcester and Frost of Lowell.

A unanimous vote of thanks was tendered the retiring officers, particularly to the secretary, Charles R. Brigham, who had succeeded his father as secretary of the organization, and performed the duties of the office faithfully for the past three years.

The new officers elected were: President, C. H. Fillsetti, Boston; vice president, W. N. Goodell, Lowell; secretary and treasurer, J. Henry Hodge, Chelsea; board of government, the three officers with James W. Beane of West Somerville, Wm. E. Farrar of Lowell and Charles R. Brigham of Lowell.

MILITANT TEACHER HELD

Charged With Setting a Fire in London

LONDON, May 22.—Miriam Pratt, a militant suffragette schoolteacher belonging at Norwich, was charged before the police magistrate at Cambridge today with feloniously setting fire to a furnished residence in the University city on May 17 and thereby causing great damage to the house and to one of the university laboratories adjoining. She was remanded without bail. The testimony showed that the woman was the niece of a policeman who identified a watch discovered at the scene of the fire as her property, and said she admitted being there at the time of the outrage.

HOME RULE FOR IRELAND

Conference Held In Boston and $2000 Raised

Contribution of $500 From the Lowell Branch

BOSTON, May 22.—The conference planned by the executive committee of the Central branch and Central council of the United Irish league was held yesterday at the American house, and brought together a large and enthusiastic gathering of the friends of the Irish home rule movement in and about Boston. Nearly $2000 was contributed.

Michael J. Jordan presided, and Secretary John O'Callaghan and National Treasurer T. B. Fitzpatrick filled their usual places.

Among the subscriptions was one of $500 from Waltham, through Mayor Duane; another of the same amount from the Lowell branch through Mr. E. J. Gallagher; $250 from Brookline; $500 from Clinton, through Rev. Fr. Fitzgerald; $50 from John F. Kelly of Pittsfield; Rev. James H. O'Neil of East Boston; $25; Hugh Osborne of Orleans, $20; Denis O'Reilly of South Boston, $25; James F. Reynolds of Somerville, $10; Martin Dolan of Brockton, $10; Mrs. Hughes, $5; Richard Connelly of Salem, $10, together with many other contributions of lesser amount.

Addresses were made by Capt. Edward O'Meagher Condon, John O'Callahan, Lawyer Jordan, Thomas B. Fitzpatrick, Mr. O'Connell Galvin and half a dozen others.

The speakers dwelt upon the danger of assuming that the home rule bill is safe until it is placed upon the statute books. There is a dangerous apathy due to the fact that many believe the battle is over but the good work must continue so as to be ready to meet any emergency.

Should the present ministry be overthrown from any cause the great aim would be to return it to power in order to save the home rule bill.

Arrangements were made for meetings in Salem, Brockton, Worcester, Lawrence, Hudson and other places that have been rather backward in the movement.

Resolutions on the death of the Rt. Rev. Mgr. Denis O'Callaghan, D. D., late permanent rector of St. Augustine's church, South Boston, Dr. Patrick J. Timmins of South Boston and Dr. Thomas J. Dillon of Roxbury, all of whom had been among the most active friends of the Irish cause in this section, were adopted by a rising vote.

TARIFF FIGHT ADVANCES

Moves Step Forward in the Senate

WASHINGTON, May 22.—The tariff fight in the senate moved another step forward today when Senator Penrose made ready to bring up his resolution for printing and circulating among manufacturers the list of tariff questions proposed by Senator La Follette. A sub committee composed of Senators Simmons, Stone and Williams was ready to propose a substitute list as agreed to.

Sub committees of the finance committee continued hearing manufacturers. All such hearings will be closed Tuesday, Senator Stone's sub committee still is working over the wool and metal schedules.

HIGH SCHOOL REGIMENT

The Knockout Drill To Be Held on Common Tomorrow Afternoon to Pick Contesting Companies

The high school regiment will hold a knockout drill on the South common tomorrow afternoon at 3 o'clock. This will be the last meeting of the companies before the annual field day which is to be held next Monday at Spaulding park.

The whole regiment will assemble at the annex tomorrow afternoon at 2 o'clock and will march to the common, preceded by the fife and drum corps. Three companies will be selected from the regiment for the final competitive drill next Monday and fifteen individuals will be picked for the individual competitive drill. If the weather is inclement the drill will be held in the annex.

Although the regiment has been handicapped on account of the closing of schools during the scarlet fever epidemic and has drilled less than in previous years, by the thorough and careful training of Lieut. Thomas W. Doyle everything is now in first class condition and it is expected that some very close competitive drills will be witnessed next Monday.

A son was born, May 21, to Mr. and Mrs. Frederick Bogardus of Boston. Mrs. Bogardus was formerly Miss Anna Fels of this city.

The Home Beauty Parlor
By Betty Dean

Myrtle H.: Perhaps it is the face powder you use which is causing your complexion trouble. Many cosmetics do this by clogging the pores and preventing natural circulation. Don't worry. Your skin will probably respond at once to this simple treatment, which is also a beautifier. Dissolve 4 ounces of spurmax in ½ pint of water; add two teaspoonfuls of glycerine, let stand until cold, and keep tightly corked. It is a delightful and most efficient lotion which answers a double purpose of preserving the youthful texture of skin and whitening it, too. In summer I use no other powder, as it relieves the shine and stays on the skin longer than ordinary face powder.

Mary M.: That "stubborn" hair and unhealthy scalp are probably due to improper washing. You should never use soap on your hair. The alkali makes it dry and brittle. Hair that is faded and streaked is usually the result of soap shampoos. The ideal shampoo is the simple and ever reliable preparation made by stirring one teaspoonful of canthrox in a cup of hot water. It cuts away all the dead matter, removing all dandruff and leaving the hair soft, fluffy and lustrous. If your hair is thin, get some quinzoin from your druggist. It makes a splendid tonic.

Nellie B.: For your wrinkles there is no better remedy than this simple home-made one. It will support and strengthen the muscles of the face and cleanse, heal, stimulate and smooth the skin. Obtain from the druggist an ounce of almozoin, dissolve in ½ pint of cold water and add two teaspoonfuls of glycerine. Stir briskly and let stand over night. Rub the preparation into the skin night and morning. It is a splendid preventive of blackheads and rough "muddy" spots. Be careful to use a good powder for which see answer to Myrtle H. and keep the blood and system clean (see answer to Cora K.)

Cora K.: With spring fever come complexion troubles. You must purify your blood before you can help the skin much by external applications. Tone up your system with a good blood tonic to remove the cause of that sallowness. I highly recommend the following reliable, home-made preparation: Get ½ pint alcohol and 1 ounce kardene. Dissolve kardene in the alcohol, put in ½ cup sugar and add enough water to make a full quart. Take a tablespoonful of this before each meal. It will aid your digestion, make the liver active and clear your blood of the poisons that are spoiling your complexions.

Mary S.: When the ends of the hair are split there is usually trouble with the scalp. Here is a fine recipe for a home-made hair tonic: Get an ounce of quinzoin, dissolve in ½ pint alcohol and add ½ pint water. This restores scalp health and prevents dandruff. It is an antiseptic and stimulates the vitality of the roots. If your hair is losing its fresh color, you should restore it at once with this treatment. The effect should be all you need to bring back the natural shade and a luxuriant, glossy growth. I recommend, also, frequent shampoos. For these you should use only canthrox. Ask your druggist for these items.

Olive: You are right in taking steps to reduce your weight. There is a remedy for excess flesh, easily prepared at home, which I am glad to suggest to anybody who sees her figure and good looks threatened by fat. Dissolve 4 ounces of parnotis in 1½ pints water and take one tablespoonful three times daily. This treatment does not call for starvation or martyrdom of any kind. It simply checks a tendency to obesity. Its action is healthy and there is no shrinking of tissues of the skin.

Molly: It is not likely that you need glasses. You may be nervous and your eyes feel the effects. By the use of a cheap, home-made tonic you can easily get back that brightness which you say "he" used to rave about. It means only a trip to the drug store for an ounce of crystos. Dissolve it in a pint of soft water and drop two drops of the solution in each eye. If the lids are red use it two or three times daily. To make weak eyes strong and beautiful, put a little of the solution on dabs of cotton, and lay them over the eyes and lie down for a few minutes.

Clarissa: Yes, there are many so-called "chin-reducers" made; but I cannot recommend any special one. For flesh-reduction see reply to Olive.

AN ATTEMPT TO LYNCH NEGRO

Mob Attacked Jail at Hiawatha, Kan., Today

Door Battered Down, Windows Smashed and Shots Fired

HIAWATHA, Kan., May 22.—A second attempt by a band of men from Falls City, Neb., to lynch Walter Ballew, a negro held in jail here charged with an attack upon Mrs. Anna Keller of Falls City last Saturday night, was frustrated early today by Sheriff Moore and Under Sheriff Bartlow. Before the mob was repulsed the door of the jail was battered down, window panes were broken and the walls scarred by bullets.

Patter of Bullets

Five motor cars, bearing more than a score of armed men, drove up to the jail shortly after two o'clock this morning. The sound of shots and the patter of bullets on the walls was the first signal of attack. Four of the mob burst open the door leading into the residence apartments but in the corridor they were confronted by Under Sheriff Bartlow, who at the muzzle of a revolver forced them out of the building. Deputies guarded the way from the sheriff's apartments into the cell rooms and every window.

Meanwhile the shouts and shots had attracted scores of citizens. Their arguments and the determined stand of the officers finally induced the departure of the assailants.

The first attempt to wrest Ballew from the hands of the authorities occurred Tuesday night. At that time a Falls City party was induced to return home by arguments of the officials.

CALLS FOR REPORT

Sec. Daniels Requests Information on the Mysterious Death of Lieut. Richard Hill, U. S. N.

WASHINGTON, May 22.—Secretary Daniels has called upon the commanding officials at the naval academy for a supplemental report on the recent mysterious death there of Lieut. Richard Hill, U. S. N., whose end was thought to have been self inflicted.

Stay in Gompers' Case

WASHINGTON, May 22.—The mandate of the district court of appeals that Samuel Gompers should be imprisoned for 60 days and that John Mitchell and Frank Morris should be fined $500 each for their contempt of court in the noted Bucks Stove and Range case has been stayed to permit attorneys for the labor leaders to appeal to the supreme court.

CIVIC LEAGUE MEETING HERE

Its Aim to Train Foreigners for Citizenship

The Work Has Been Well Started In Lawrence

A meeting of the North American Civic league will be held tomorrow evening at the assembly room of the school committee at city hall. The meeting will be held under the auspices of the school committee and letters have gone out from the office of the superintendent of schools to members of the municipal council, school masters, members of the board of trade, mill men, business men and others, advising them of the meeting and inviting them to be present.

Mr. Frank Mahoney of Lawrence is field agent for the league and he has made arrangements for the meeting tomorrow night. The purpose of the league is to teach civics in an elementary way to non-English speaking men with a view to preparing them for citizenship.

The school department in Lawrence has co-operated to as full an extent with the league as the league desired, and the local superintendent of schools stated this forenoon that business men and other citizens of Lawrence are very much interested in the work of the league. While the league has literature in abundance, it deems it the best policy to hold a meeting and meet people interested in the work face to face. It gives those interested in the movement an opportunity to ask questions and lays the way open to a full explanation.

It is understood that there is no liability attached, so far as the city is concerned, except so far as the furnishing of school rooms for the purpose of the work concerned.

Attempt to Settle Strike

BOSTON, May 22.—Labor leaders at Hyde Park made an effort today to adjust the differences between the 1200 operatives and the management of the Sturtevant Blower Co., of which Gov. Foss is treasurer and the Becker Milling Machine Co. The local leaders had the assistance of several officers of the International Metal Workers union and a mass meeting was arranged for tonight when the men will learn the result of the negotiations. An adjustment in the wages and time scales is desired.

Ralph Coloty, aged 11 years, son of Mr. and Mrs. Paschal Coloty of Collinsville, is critically ill at St. John's hospital, suffering with typhoid fever. It is feared the little fellow will not recover.

ACTIVE SELLING

OF LEADING STOCKS AT THE OPENING

First Sale of New York City Holfs Was Block of 400,000 at Par—Brisk Buying of Individual Stocks

The market closed steady. The upward movement was checked when the Harriman stocks weakened on profit-taking. Union Pacific and Southern Pacific reacted a point and other issues half as much. Offerings were not pressed on the market extensively and the closing dealings were characterized by dullness and a return to steadiness.

NEW YORK, May 22.—There was active selling of the leading stocks at the opening today but offerings were absorbed readily and the list held near yesterday's close. National Railways of Mexico second pfd. and Canadian Pacific declined a point and Baltimore & Ohio convertibles reached a new low price at 91. Reading was unchanged on large sales and slight fractional losses were recorded for the other leaders. The first sale of the New York city halves was a block of 400,000 at par.

Speculative sentiment improved today. Although further weakness was exhibited by a few minor railroad and industrial shares the representative stocks after an initial period of heaviness, ruled slightly higher on the day. The fact that a good market existed for the new city bonds at par or better was regarded as reassuring. Rumors of forthcoming favorable developments were circulated in connection with a number of stocks but speculative interest was too small to permit of energetic bull movements.

Brisk buying of individual stocks infused a better tone into the general market but the demand for the recognized leaders was rather light. Brooklyn Transit and Consolidated Gas were decidedly strong and Can Pac. rallied considerably.

The market gave a good exhibition of strength in the early afternoon and became decidedly active on the rise. All of the well known stocks were bid up a half point or more.

Shorts were much perturbed over the aggressive rise in prices without apparent change in speculative conditions to explain it. Stocks were in scant supply except at steadily rising figures and the ease with which U. P. jumped 2½ and Reading two points testified to the over-extended short position in these properties.

HONEYMOON TRIP

Mr. and Mrs. Frank Arton of Nashua Were Guests of Lowell Friends Yesterday

Mr. and Mrs. Frank Arton of Nashua, N. H., enjoyed a part of their honeymoon as the guests of Mr. and Mrs. H. O. Girard of 740 Merrimack street, this city, yesterday. They returned to their home in the New Hampshire city last night.

The young couple were married Tuesday at St. Louis de Gonzague's church, Nashua, by Rt. Rev. J. B. V. Milette, pastor of the said church. Immediately after the ceremony they left on a brief wedding tour, during which they visited relatives and friends in Sanford, Me., Newmarket, N. H., and Lowell. While in Lowell, where they count a host of friends, the happy couple were entertained and presented numerous costly gifts.

9 IN 11 HOUR BILL WINS

Passed House by Vote of 185 to 38

BOSTON, May 22.—The Massachusetts house of representatives yesterday afternoon substituted the bill providing a 9 in 11-hour day for street railway employes for the so-called compromise bill reported by the committee on street railways. The vote was 185 to 38.

The compromise bill was indorsed by the Boston Elevated Street Railway company, which in a statement sent to members of the legislature on Tuesday maintained that the 9-in-11 hour bill substituted yesterday would necessitate 1700 more employes on its lines.

The employes of the Elevated and Bay State street railways have been working hard for the 9-in-11 hour bill and the house galleries were filled with motormen and conductors yesterday when the subject was taken up.

The compromise bill reported by the committee provided that the workday shall not exceed 9½ hours in not more than 12 consecutive hours.

The 9-in-11 hour bill was offered as a substitute for the committee's bill by Rep. Stevens of Marblehead just before recess.

Rep. Duncan of Clinton vigorously opposed the substitute bill, saying that Massachusetts had already gone far ahead of the other states in the hours of labor matter, and a halt should be called, especially when railway men, because of the compensation, are anxious to work more than nine hours, or at least a majority of the men are.

He pointed out that it will be useless for the people living in territory which is served by the Boston Elevated to demand improvements in their service if the company is to be required to spend its money in hiring more employes. He said he had no desire to be anything but fair to the men, but he thought their demand somewhat unfair in that it is virtually a repudiation of the agreement which they entered into in settlement of the strike last year.

Rep. Henebery of Worcester, favoring the substitute bill, said it is needed because the bill reported by the committee is so drawn that the company could work its men as it pleases, just as last year's bill, while purporting to establish a day not to exceed 12 hours, contained a joker under which men have been required to be on duty for 16 hours.

Mr. Duncan insisted that the law of last year provided that men shall not be worked more than nine hours a day, except upon their own request. If they are working longer hours, he said, it is proof positive that they want no restrictive legislation.

THOSE BACHELOR GIRLS

Will Delight Lowell People With Grand Musical Revue Friday Night in Associate—New Features

Another and elaborate musical revue has been arranged by the talented Bachelor girls and will be presented in Associate hall tomorrow evening. The music will be furnished by Miner's famous orchestra with Mr. Charles Miner as director. Dancing will follow the concert and entertainment.

The program of the affair contains many new song hits, never before heard in this city, besides several excellent specialty singing and dancing numbers by the girls. The costumes are very well selected and are a departure from the custom in song revues on former occasions. The Bachelors are rated highly among Lowell's most popular organizations and they are of the best entertainers as is well known to all.

Card of Thanks

At this time we desire to express our heartfelt thanks to our friends, neighbors and others whose tender words of sympathy, floral tributes and other kindly acts tendered at the death of our husband and brother, Frank J. Mullin. We assure all that such evidences of friendship and solicitude for us in the hour of our sorrow will be held in loving remembrance in the days to come.

(Signed)
Mrs. Frank J. Mullin,
Mr. Matthew Mullin
Miss Annie Mullin,
Mrs. Owen Eastman.

Lowell-Portland Game Postponed

Portland was to have lined up against the Lowell baseball team at Spaulding park this afternoon, but owing to the unfavorable condition of the weather, the game was postponed. This is the first local postponement since the opening of the season. Rain caused all other games throughout the New England circuit to be postponed.

United Steel Corp. Case

NEW YORK, May 22.—James A. Farrell, president of the United States Steel Corporation, took the witness stand today for cross-examination in the hearings of the government suit to dissolve the corporation under the Sherman anti-trust law. He was first questioned by Judge Dickinson, counsel for the government on the price lists published by the corporation's subsidiaries. He reiterated that by means of these lists it is generally true that "our prices are known to the trade."

LOWELL GREEKS

Will Be Allowed to Return From Greece When Peace Has Been Fully Restored

A great many Greeks in this city, storekeepers and others, have been alarmed by a report which reached here within the last twenty-four hours to the effect that the Greeks who left this country to participate in the war against the Turks would not be allowed to return; at least those of them under 40 years of age, as the Greek government would use them for an army of occupation to protect her newly acquired territories.

Asked if he had heard of the very drastic order of the old home government, George Couzoules, one of the most enterprising of the many enterprising Greek citizens of Lowell, said: "There is no truth in that at all. The government has put a temporary stop to emigration from the mother country, but that will last only until such time as peace has been declared and it looks as if that time were near at hand. Greece does not need any new army of occupation. She has a standing army of 250,000 soldiers at the present time and that is enough. All the Greeks who went from Lowell will return and more Greeks will come with them."

MRS. BIBEAULT ENTERS SUIT

She Signed Away Two-Thirds of Husband's Property

To His Children and Now Sues to Recover Same

A year ago last Tuesday, Alphonse Bibeault, a well known real estate owner in this city, was killed in an automobile accident which occurred on the Pawtucket boulevard between Lowell and Nashua, there being three lives lost in the same accident.

Mr. Bibeault died without making a will, and a short time previous, it is said, he purchased three tenement houses, two in Ford street and one in Aiken street, which he turned over to his wife. Shortly after his death Mrs. Bibeault, who was Mr. Bibeault's second wife, as a matter of courtesy, signed two-thirds of the said property to the children of her late husband, and now there exists a tangle which will be ironed out in the superior court without a jury, which will open in this city next Monday.

It is alleged that Mrs. Bibeault brought suit against the children of her husband, Mrs. Rose A. O'Connell, Mrs. Laura Cantin, Philippe Bibeault, William N. Bibeault and Romeo A. Bibeault, for the recovery of the said two-thirds of the property. Pending the trial, Mr. Gedeon Rochette, who always looked after Mr. Bibeault's property, collected the rent in the aforementioned houses, and Mrs. Bibeault filed a motion of injunction to prevent him from doing any further collecting in the property she alleges is her own.

The motion was presented in the Suffolk county superior court in Boston this morning, Judge Pierce presiding, but after the reading of the motion, the court decided that Mr. Rochette continue taking care of the property, providing he furnishes necessary bonds, which was agreed by both counsel.

The case which promises to be an interesting one will be tried some time next week. Lawyer L. P. St. Coeur of Boston appears for the plaintiff, while the defendants are being represented by Lawyer A. O. Hamel of this city.

WALKER DIES FROM POISON

Took Mercury Tablet a Week Ago by Mistake

Sioux City, Ia., Man Attempts Suicide by Taking Tablets

MACON, Ga., May 22.—G. Sanders Walker, the local banker who had made such a remarkable fight for life since swallowing a bichloride of mercury tablet a week ago, died early this morning.

Members of the family had gathered at his bedside several days when the doctors announced there was no hope for him. Throughout Walker faced the inevitable with a fortitude that has rendered the case of more than usual interest throughout the country. During the last day Walker was under the influence of opiates most of the time, but in conscious intervals gave evidence that he was not suffering.

Scores of sympathetic messages were received by the family, and many of them were in the nature of inquiries as to the treatment being given Mr. Walker. It was impossible to find out definitely what course the physicians took as they have refused to talk except to briefly trace the progress of the poison.

Members of the family are quoted as expressing much dissatisfaction with some of the reports that have originated in Macon. They declared that Mr. Walker remained constantly in his bedroom after it was discovered that he had taken the tablet of poison in mistake for a headache remedy.

CATTLEMAN AT SIOUX CITY, IA., ATTEMPTS SUICIDE BY SWALLOWING MERCURY TABLETS

SIOUX CITY, Ia., May 22.—After swallowing three tablets of bichloride of mercury last night Robert Palmer, a cattle salesman and a member of one of the wealthiest families of Sioux City, is awaiting slow death from the poison.

Palmer was in a local hotel when he took the tablets. He rushed into the street, shouting "I've done it; I've done it."

A police sergeant who was passing seized Palmer, who hurriedly swallowed another tablet. The officer overpowered him.

Reports at the hospital last night were that Palmer is resigned to his fate and insists that he be taken from the hospital to his home to die.

KAISER AND KING GEORGE

Of England Meet Before Wedding

BERLIN, May 22.—The arrival of King George and Queen Mary from England for the wedding of Princess Victoria Louise was made the occasion of an especially cordial greeting by the kaiser. He met the royal visitors at the station with two squadrons of

cuirassiers and dragoons and escorted them to the royal palace with due honor. His welcome was planned on even a more elaborate scale than to the czar of Russia. It was evident that the emperor wished to make the impression that the relations between Germany and England were not in the least strained. The kaiser and King George sat together in the same carriage on the way from the station, and the populace gave the king a royal greeting to the city. This picture was taken at a previous meeting of the two rulers.

ST. MARY'S CHURCH

FORTY HOURS' DEVOTION WILL BE HELD NEXT WEEK

Triduum In Honor of the Feast of the Sacred Heart—Apron and Towel Sale and Entertainment at Harmony Hall

The Forty Hours' devotion will be held at St. Mary's church, Collinsville, next week, and the exercises will be followed by a triduum in honor of the feast of the Sacred Heart. On this occasion a Jesuit father from Boston will be the preacher.

The devotions will open at high mass Sunday morning, which will be celebrated at 10.15 o'clock. The Blessed Sacrament will remain on the altar until Tuesday morning, when the devotions will come to a close at the 5 o'clock mass.

The triduum in honor of the feast of the Sacred Heart will open on Wednesday evening at 7.30 o'clock, the preacher to be Rev. William Devlin, S. J. of Boston college. Every evening exercises will be held at the same time until Friday evening, when the triduum will come to a close. On this night there will be a general reception into the Sacred Heart league, and it is expected several members will be enrolled. The secretary of the league, Miss Lena Collins and her corps of promoters are greatly responsible for the triduum, for it is they who are looking after all the arrangements. During the triduum confessions will be heard every evening and in the morning early masses will be celebrated.

Apron & Towel Sale

On Friday night of this week an apron and towel sale will be held at Harmony hall for the benefit of the parish. The affair will be very interesting and undoubtedly will bring forth a large attendance. A contest has been organized and suitable prizes will be given those who will exhibit the best pieces of fancy goods. The prizes will consist of a pendant and neck chain; a gold beaded neck lace and a gold pin. The judges for the contest will be three Lowell women, Miss Elizabeth Finnegan of the Ben Marche, Miss Susan Cook of the A. G. Pollard Co. and Miss Anna Jennings of Gilbride's.

The hall will be beautifully decorated for the occasion and there will be four tables, three to be occupied by fancy goods and one with candy. Those in charge of the tables will be Mrs. Mary Richardson, Mrs. John McShea, Miss Mary Burke and Miss Irene Fogarty of the junior choir.

An elaborate entertainment program will be provided by the following well known talent: Miss Mary Corcoran of Lowell, Miss Lynch of Lowell, Leo St. Ledger, Lillian Dunn and Miss Dinley of Navy Yard; Miss and Master Ward, Grace Garvey and Dorothy Johnson and others.

SUGGESTIVE SONGS

Due probably to the disclosures of the conditions which the vice commission recently discovered in Chicago, there are several movements on foot in that city at the present time which have for their object the elimination of some of the worst features of vice, and the safeguarding of public morals. One of the most recent of these has been the passing of an ordinance by the city council which forbids the singing of suggestive songs in the moving picture houses and at cafes where cabaret performances are held. It is said that the ordinance was taken seriously by the Chicago authorities and that the deputy superintendent of police went about its enforcement immediately and secured the co-operation of some of the most prominent theatrical managers of that city.

If the Chicago police really succeed in barring suggestive songs, it is to be feared that the musical public of that rather notorious city will be helplessly behind the times, as a great many of the most popular songs depend largely for their success on the suggestion of license which is so often set to catchy music. Whether the public standard of morality has loosened or not is a debatable point, but certain it is that songs are now tolerated, and are being sung in almost every theatre, which deserve the description of one who recently denounced them as "depravity set to music." These songs have little else to recommend them but their loose suggestions, and they are usually forgotten in a few months, but while they are the rage, they hold the place of honor and are too often sung by, or in the presence of, people who in most other respects are examples of all that is proper and modest.

Suggestive songs of the type which is being publicly forbidden in Chicago cannot be defended—like some immoral literature—on the ground that they are artistic. Anything more utterly nonsensical than the words and sentiments expressed in them would be hard to imagine, but while we have people who can see grace and dignity in some of the aboriginal dances which have received the sanction of the elect, we will have people who would denounce as prudish any action which would prevent the singing of the suggestive songs which are unfortunately too common at the present time.

If you doubt the foregoing and consider it overdrawn it is the easiest thing in the world to convince yourself that it merely describes conditions as they are. Just go to any music store and ask for six of the most popular songs of the time. Of course you will not want classical songs because they are never "popular." Take your ragtime songs home and keep them away from the piano. Just read the words over carefully and if you do not find at least two of the songs suggestive, you are either extremely innocent or you belong to those who are blind because they will not see. If the Chicago ban would reach the sources of the popular song supply, it would be well for morals, manners and music.

THE FLAG BILL

Governor Foss has signed the so-called "flag bill" and under the terms of the new law it will not be legal to carry in parade in this state in future any flag "other than the national flag of the United States, or a state flag, or the flag of a friendly nation or of the dependencies of such nation. It will be readily seen that in the enforcement of this law, there will be no radical departure from existing customs; still, as in the past, all peoples who cherish memories of a home flag other than the Stars and Stripes may still carry such flag in parade, provided of course that it is accompanied by an American flag, but we are not liable to see any more of the "No God, No Master" banners which were flaunted so brazenly during some recent labor disturbances in this region.

That the flag bill has for its object the prohibiting of the carrying of incendiary and sacrilegious banners is still further emphasized in the second section, which reads as follows: "No banner, ensign, or sign having upon it any inscription opposed to organized government, or which is sacrilegious, or which may be derogatory to public morals, shall be carried in parade within the commonwealth." If this shall seem unusually or unnecessarily severe to anybody it is a pretty fair proof that his sentiments do not well accord with those of real American patriotism.

In no part of the world do the external signs of liberty get greater room for expansion than in America. Whether manifested by parades, public meetings, the press, or floating of flags, all people can follow the promptings of legitimate loyalty to a just cause without fear of legislative disapproval. It is not surprising, therefore, that extreme agitators should take advantage of the tolerance of our government and our people, and strive to spread pernicious doctrines under the guise of supposedly humanitarian movements. But in the instances that brought about the new flag law, the outrages against law and authority were two flagrant to go unpunished, and it is well that in some of their features they cannot be reproduced. The flag bill is both wise and timely.

THE RAILROAD COMMISSION BILL

The bill now before the legislature to transform the railroad commission and extend its powers is one of the most vital and sweeping measures that has come before the general court for many years.

The bill would give the commission control over all transportation business including both steam and electric railroads, steamboat and express companies, telephone and telegraph lines. Moreover the new commission is to be invested with mandatory powers, whereas the present commission can only recommend what it believes should be done by the railroads. Under this prerogative the commission would have power to order the electrification of railroad lines, tunnel connection between the North and South stations, and such other changes as it might deem desirable or necessary for the public good. The commission will also have power to adjudicate upon various policies affecting the financial standing and operations of the companies under its jurisdiction.

One of the provisions of the bill is, that the bonded indebtedness of the railroads must not exceed twice the capital stock and that all the short term notes must be included in the total indebtedness as computed by the railroads. This would make quite as much difference to a railroad as it would to a city, for the city debt would be considerably increased if we had to include all our temporary loans.

Some criticism of the financial sections was offered but they are believed to be thoroughly sound and such as will enable the commission to protect the public interests against stock watering or other operations that might deceive the people. The measure would give the commission supervisory power over the companies under its jurisdiction, which should be a guarantee that the public interests will be properly protected.

The bill, it seems to us, is a step in the direction of the strict government regulation of public service corporations which is the only proper substitute for the competition that under modern conditions has become impossible.

SELFISH CONDEMNATIONS

Evidences are not wanting to show that many of the prophecies that have come from the republican side of the national house and senate as to the future evil effects of the tariff, were prompted by selfish considerations rather than by a sincere desire to benefit the greatest number. In one of the preliminary sessions in the senate, Senator Reed criticized the republicans severely for having in the employ of the finance committee during the first consideration of the bills men who were interested in the national association of woolen manufacturers. He proved his assertion by letters from one who was so employed.

It is too much to expect that those who may be in some degree hampered in their business transactions by the tariff, will be among its supporters, but it is not too much to expect that criticism of it shall be based on something broader than personal gain or loss. It is the old story of the individual and society in general whose interests are mutual and so closely intertwined that each must be willing to sacrifice something for the advantage of the other.

No one has yet proved that the democratic party is guilty of insincerity. They are shouldering the task made imperative by the cowardly abandonment of the people's interests by the republican party, which promised tariff revision but listened to the pleadings of special interests and left it to others to take up the burden of responsibility. The democrats are doing this openly and with popular approval. In the words of Senator Reed, "When the democrats get through this bill, it may contain some mistakes, but it will contain no jokers by paid employes of the woolen trust or other manufacturing interests."

HENRY M. FLAGLER

In the passing of Henry M. Flagler America has lost another of the very rich men who rose from the ranks and amassed immense wealth by methods which latter day judgment does not altogether approve. His success was largely due to the genius of Rockefeller, who prides himself on his ability to surround himself with men of unusual business ability, but when he was given the opportunity he demonstrated that he had a capacity second only to that of his master.

Flagler was a man of unselfish tendencies, and he used part of the great fortune which he accumulated in Florida railroad enterprises which do much to offset the popular disapproval of his standard oil reputation. His work was monumental and in the great railroad to Key West he demonstrated that the genius which helped to form the standard oil monopoly was equally keen in movements for the public welfare. Those who believe in praising the good rather than in pointing out the bad will find much to approve in the career of the picturesque millionaire.

CUP RACE SURE

The New York Yacht club having grown tired of technical objections to the challenge of the gallant Lipton have at last decided to have another race for the "bloomin' mug" and the people of this country have another international event to look forward to which may not be as important but which is quite as exciting as the California-Japanese problem. Sir Thomas has undoubtedly profited by his past experiences; and the inventive genius of America has not been at a standstill, so the sportsmen of this side have little reason to fear the result of the coming contest. But then, there is more glory in an honest defeat than in a victory which is negative. If Lipton wins the cup he will have deserved it, and if he loses he will have given an example of the perseverance and honor which are the dominating qualities of all sportsmen worthy of the name.

BARBARA FRIETCHIE

A distinctively national act was that of Barbara Frietchie and it has been told in a great poem by one of the sweetest and noblest of American poets. It is therefore fitting that the remains of this simple woman should be placed in a stately mausoleum in Frederick, Md., on May 30th—a day in which her courage has often thrilled the hearts of young America in the fine poem of Whittier. It does not matter that the poet may have idealized a simple heroic act. Barbara Frietchie deserves a place of honor because of the patriotic thrills which her name wakes in all who are proud of things American.

HUSBAND TIRED OF SEEING HER SUFFER

Procured Lydia E. Pinkham's Vegetable Compound, which made His Wife a Well Woman.

Middletown, Pa.—"I had headache, backache and such awful bearing down pains that I could not be on my feet at times and I had organic inflammation so badly that I was not able to do my work. I could not get a good meal for my husband and one child. My neighbors said they thought my suffering was terrible.

"My husband got tired of seeing me suffer and one night went to the drug store and got me a bottle of Lydia E. Pinkham's Vegetable Compound and told me I must take it. I can't tell you all I suffered and I can't tell you all that your medicine has done for me. I was greatly benefited from the first and it has made me a well woman. I can do all my housework and even helped some of my friends as well. I think it is a wonderful help to all suffering women. I have got several to take it after seeing what it has done for me."—Mrs. EMMA ESPENSHADE, 219 East Main St., Middletown, Pa.

The Pinkham record is a proud and honorable one. It is a record of constant victory over the obstinate ills of woman—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

All our testimonials are guaranteed genuine and truthful. The original of each came to us entirely unsolicited. They are sincere expressions of gratitude for actual benefits received from the medicine.

Today's Beauty Recipes

By Mme. D'Alite

"With the approach of warm weather face powder is found unsatisfactory. At best it does not improve the complexion. A genuine beautifier is easily made by dissolving an original package of mayatone in a half pint of witch hazel. Apply in the morning and it will not rub off nor show, but will keep the skin smooth, clear and satiny.

"Don't get discouraged if your hair comes out when combing. Your hair is coming out because of parasites that prey upon it and cause it to become dull and brittle. These parasites are removed by Mother's Shampoo. This can be purchased in any neighborhood. It makes the hair rich, fine and fluffy.

"Observing women appreciate the fact that the regular eyebrows and long lashes are aids to beauty. Thin, straggly, colorless and uneven eyebrows and lashes will grow long, lovely, evenly and darker in color if the roots are massaged daily with plain pyroxin.

"Hair removers should be painless, quick in action and safe. Delatone answers these three requirements. Make a little paste with powdered delatone and water, cover the hair or fuzz to be removed for two minutes, wipe off, wash the skin and the hairs will be gone.

"Pimples, skin eruptions and certain kinds of eczema are speedily banished by Mother's Salve. This old-time household remedy quickly heals sores, cuts and burns without leaving a scar. It is cooling, soothing and antiseptic."

LOVE FOR GOOD MUSIC

To Develop it is Mission of Mme. Stephali

The first of a series of three popular concert lectures under the auspices of the Women's auxiliary of the Y. M. C. A., and the National Society for Broader Education was given last night by Sofia Stephali at the Y. M. C. A. hall. Mme. Stephali was accompanied by Miss Berenice Lathrop. Mme. Stephali devoted herself to the study of music on its devotional and inspirational side, and her concert lectures are given for the purpose of developing the popular taste along these lines. The object of the National Society for Broader Education, she says, is the instruction of the adult whose school days lie a long way back, but who feels the need of further development. The work extends throughout the English speaking countries. Her lectures are designed to emphasize the value of music in its relation to life.

Mme. Stephali claims that no person is entirely unmusical, though we may not always be in tune to receive the right impression. To those who do not sing because they think they cannot, she gives this advice:

"Sing, by all means; even though the mirrors crack, the dog howls and the cat leaves the house. Singing tends to light-heartedness, and by it good cheer is spread the world over."

The program last night was as follows:

"Of What Is My Heart Singing?" H. Bingham
"A Dream" ..... Bartlett
"Sunbeams" ..... Ronald
"Der Prophet," Scene, Gavatine und Arie ..... Meyerbeer
Speak Waltz" ..... Arditi
"Ever on Earth" ..... Robert H. Just
"Gaily Chant the Summer Birds," De Pinna
"Down in Nod-a-way" ..... Gaynor
"A Perfect Day" ..... Bond
"Song of the Valkyr" ..... H. van Eyken
"Summer" ..... Chaminade
"O Dry Those Tears" ..... Riego
"I Cannot Forget You" ..... H. Bingham

How to Make Your Hair Beautiful

Ten Minutes' Home Treatment Works Wonders, Stops Falling Hair, Itching Scalp and Dandruff and Makes the Hair Soft, Brilliant, Lustrous and Fluffy

Better than all the so-called "hair tonics" in the world is a simple old fashioned home recipe consisting of plain Bay Rum, Lavona (de composee), and a little Menthol Crystals. These three mixed at home in a few minutes, work wonders with any scalp. Try it just one night and see. Get from your druggist 2 oz. Lavona, 6 oz. Bay Rum and ½ dr. Menthol Crystals. Dissolve the Crystals in the Bay Rum and pour in an 8 oz. bottle. Then add the Lavona, shake well and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just one small strand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous and fluffy. To stop the hair from falling and to make it grow again rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning. A few days' use and you cannot find a single loose or straggling hair. They will be locked on your scalp as tight as a vise. Dandruff will disappear and itching cease. In ten days you will find fine downy new hairs sprouting up all over your scalp and this new hair will grow with wonderful rapidity.

Any druggist can sell you the above. The prescription is very inexpensive and we know of nothing so effective and certain in its result.

NOTICE TO COAL BUYERS

When down town, I would be pleased to have you call at our branch office, new Sun building, and inspect the samples of our freshly mined coal.

Order your next winter's supply now, start paying for it, and we will deliver it as paid for.

The heat units of this coal are the highest on record. Three tons of it are equal to four of the poorer grades.

MAY LET WHITMAN WIN

Tammany Considers Indorsing Him

NEW YORK, May 22.—That Tammany hall is seriously considering the advisability of indorsing Dist. Atty. Whitman for mayor is the report which leaked out yesterday from the sanctum of the 14th street wigwam. The source of information is such as to warrant its authenticity.

For the last few weeks the contemplated move has been discussed in the inner circles of the democratic organization, and Charles F. Murphy is known to be in favor of the plan.

According to the present scheme of campaign Tammany hall proposes to wait until Judge Whitman is nominated and then spring its coup. It will indorse Whitman, but nominate candidates for every other office.

It is said that an emissary has already been dispatched from Murphy to Whitman to "sound out" the district attorney regarding his attitude. Whether Whitman will welcome or frown on the proposition is not known. He has refused to discuss politics at present, on the ground that he is too busy chasing grafters.

GIRL FINDS DEADLY BOMB

Gave Alarm and 5 Fuses Were Put Out

NEW YORK, May 22.—Mary Gold, 17, is a heroine in the neighborhood about 185 Chrystie street, because in a critical moment she was not afraid of the most deadly bomb yet planted in the city, the 72d infernal machine set this year.

She lives on the third floor of the big six story Chrystie street tenement, which is home for 24 large families, and while descending the stairs about midnight to go out on an errand for her mother, she saw a fuse burning in the lower hallway, 20 feet from the door, near the stairs. An attempt had been made within the last six months to blow up the house, and she immediately realized the danger.

Not knowing for certain how to put out the fuse, she called to Joseph Petruchken on the second floor. He thought a policeman was the proper thing, and found Policeman Valentine of the Fifth street station half a block away.

Valentine broke all records for sprinting getting into the hallway. The fuses were burning rapidly and he trampled them out, then dumped on the contrivance a bucket of water somebody had handed him.

He found that the bomb consisted of five sticks of dynamite, 12 inches long, wrapped together with wire, each stick having a separate fuse attached to make sure the whole would be exploded if any of the fuses went out.

It was a bomb intended "to do business," as the police expressed it, and not to "throw a scare" into any one. An Italian grocery man has a store on the ground floor of No. 185, and according to the reports, this man has been receiving Black Hand letters. He denied the rumors to the police, however, and declared yesterday that he had received no such letters.

OVERRULED EXCEPTIONS

Supreme Bench Upheld Court's Decision

The exceptions of the defendant in the case of Alexis Lamarre vs. the Guarantee Construction company of New York have been overruled by the full bench of the supreme court. Lamarre, in June, 1911, when the defendant company was constructing the iron work for the new boiler house of the Massachusetts mills, was an employe of the company and was hit in the head by a cold-cut used for cutting off rivets. The case was tried in May, 1912, and a decision rendered by the jury for the plaintiff, to the sum of $9,000. Judge Stevens, who presided, afterwards reduced this to $6,000. The counsel for the defense took exceptions to the full bench and these exceptions were overruled. Messrs. F. W. and S. E. Qua appeared for the plaintiff.

CLEANING UP THE SLUMS

Washington Women Resume the Task

WASHINGTON, May 22.—With a one day collection of $5400, of which Mrs. Woodrow Wilson contributed $100, society women of Washington today took the first steps toward cleaning up the slums of the capital. Mrs. Wilson on at least two occasions has quietly investigated the noisome alleys and narrow courts in which several thousand persons are huddled and knows personally the conditions that prevail in those sections. The money was collected at a meeting of the Washington section of the women's division of the National Civic Federation, and today will be turned over to a corporation headed by Brig. Gen. George M. Sternburg, former surgeon general of the army. It will be used to aid further in the elimination of unsanitary dwellings in the slums and the substitution of clean and wholesome houses that can be rented at nominal cost. Among those who subscribed was former Chief Forester Gifford Pinchot, whose donation of $3000 was the largest individual sum.

STRAWBERRY FESTIVAL

Given Last Night at the Worthen St. Baptist Church Was Very Largely Attended

A very successful supper and entertainment was given in the vestry of the Worthen Street Baptist church last evening under the auspices of the Philatheas of the church. A bountiful supper was served after which an entertainment consisting of several readings and songs was given.

The supper was served by the following committee: Mrs. Florence Wilson and Mrs. W. DE GROFF'S HOMER SCORES THREE

Lowell Won Exciting Game From Portland

Rube's Clout Came When the Score Was Tie

Yesterday Hugh Duffy brought his Portland diamond aggregation to the Spindle City to hold a little party at Spaulding park with Manager Gray's fast outfit as the hosts. It being a day of gratuitous admission for the fair sex, there was quite a delegation of ladies to greet the Maine ball tossers. The entire attendance wellnigh reached the one thousand mark.

At the outset the weather looked dubious, the sky being overclouded with a promise of rain very soon. Daly was behind the bat for Lowell to take care of the sweeps and curves of the ball precipitated from the willowy arm of Zeiser, who appeared on the mound. Slattery, who covered the first sack for the visitors, was with Lawrence last season.

First Inning

Burns walked; Merrill hit to left. Bowcock hit to Anderson who threw to Miller getting Merrill, Miller throwing to Halstein nailing Bowcock. Burns went to third. Hickman flied out to De Groff.

Clemens safe at first on Bowcock's error. DeGroff hit to left field and Merrill running in, nailed the ball as it hit the ground. Clemens remained on first thinking it to be a fair catch and he was forced out at second. Miller hit over second advancing DeGroff to second. Magee hit a two bagger to the left field fence scoring DeGroff and Miller. Halstein walked. Daly hit to left scoring Magee. Halstein, however was put away by Merrill to Yelle, trying to reach third. Dee flied out to Hickman.

Score: Portland, 6; Lowell, 3.

Second Inning

Slattery went out, Miller to Halstein. Ferrin flied out to Anderson and Yelle went out, Anderson to Halstein.

Anderson out, Wormwood to Slattery. Zeiser hit safely to short left. Clemens flied to Burns. DeGroff hit to Hickman who threw to Bowcock, forcing out Zeiser.

Score, Portland 0, Lowell 3.

Third Inning

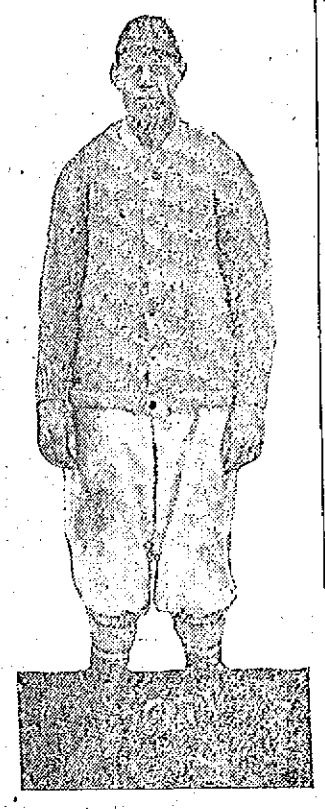
Heyden was thrown out by Miller to Halstein and Wormwood and Burns were put away by Anderson to Halstein.

Miller walked and Magee hit to short left. Halstein out, Bowcock to Slattery, advancing both men. Daly filed to Heyden and Dee walked, filling the bases. Then Anderson fanned.

Score, Portland 0, Lowell 3.

Fourth Inning

Merrill hit to left field and Bowcock was safe on an error by Anderson, Merrill going to third and Bowcock going along to second when Anderson lost the grounder. Hickman hit to right scoring Merrill. Zeiser hit Slattery and the bases were filled. Zeiser then passed Ferrin on four pitched balls, forcing in Bowcock. Yelle hit to left, scoring Hickman. Henderson, a southpaw here replaced Zeiser. Heyden hit to left field and Slattery and Ferrin scored. Wormwood hit to Dee who threw to Daley nailing Yelle. Burns went out Miller to Halstein, Heyden held at third. Merrill went out to Halstein.



SECOND BASEMAN MILLER

Henderson flied out to Ferrin, Clemens filed to Merrill, DeGroff walked and Miller flied to Yelle.

Fifth Inning

Bowcock flied out to Magee and Hickman hit to centre field. Slattery was out, Henderson to Halstein and Hickman went to second. Ferrin hit through the pitcher and Yelle flied out to Magee.

Lowell tied up the score this session. Magee hit to left field and Halstein slammed one to centre field. Daly laid down a neat sacrifice bunt and both men advanced. Dee then fanned. Anderson hit to Slattery and was safe when the latter fumbled. Magee scored. Henderson was at bat when Wormwood threw a close one which got away from Heyden. Halstein on a Ty Cobb play came home tieing the score. Clemens hit to Yelle, who forced out Anderson.

Score: Portland 5, Lowell 5.

Sixth Inning

In the sixth three men faced Henderson. The Lowell pitcher fielded Hayden's easy grounder to first. Wormwood flied out to Magee and Clemens made the third putout when Burns lifted a high fly to center. No runs.

DeGroff foul flied out to Yelle near the third bleachers. Miller hit to left field for two bases. Wormwood walked Magee on four pitched balls. Halstein put up a sky scraper to Bowcock and Daly closed the inning by striking out. No runs.

Seventh Inning

The first three Portland men again went out in order in the seventh, Merrill hit a fast one to Miller but the Lowell second sacker picked up the ball in back of second base and his peg to Halstein caught him by a stride. Bowcock field out to Clemens and Hickman lifted one which Jimmy Magee got under. No runs. Lowell won the game in her half of this inning and this is the way it happened. Dee was out when Burns gathered in his sharp crack into left center. It was a great catch. Anderson hit to right and Henderson singled to center. Clemens flied out to Burns in deep center. With two men on bases DeGroff landed on the first ball pitched and slammed it over the left field fence, for the circuit scoring three runs. Miller followed him with a safe clout to center but was left at first when Magee flied out to Slattery. Three runs.

Eighth Inning

Portland scored a run in the first half of the eighth. Slattery hit to right center. Ferrin got a single to center, Slattery being held at second. Yelle struck out. Hayden hit to Dee who threw to first. Halstein was paying so much attention to Slattery at third that he dropped the ball and the Portland catcher was safe. With three men on and only one out Wormwood hit one a dozen feet in front of the plate. Henderson shot the ball to Daly for a force out at home plate. Henderson purposely passed Sullivan, who was batting for Burns, preferring to take a chance on Merrill, a lefthanded sticker. Merrill flied out to DeGroff. One run.

Halstein was safe on an error by Bowcock but was forced at second when, after Daly had flied out to Merrill, Dee hit to Hickman, Anderson struck out. No runs.

Ninth Inning

Bowcock flied out to Miller. Hickman walked. Slattery flied out to Clemens and Ferrin popped one to Halstein. The score:

DIAMOND DAZZLES

That home run clout of DeGroff's certainly came in handy yesterday. Rube is hitting better with men on bases this year than he did last season.

Miller and Magee both had a good day with their war clubs yesterday. Both of these players had Wormwood worried whenever they stepped up to the plate.

The car service at the game yesterday was very poor. Over two hundred people were forced to wait at Spaulding Park in the cold drizzle for more than a half hour before street cars were available to take them into town.

Lavigne is called the best catcher in the league and we don't wish to detract in the least from his great playing but just look over this youngster, Daly! You can't beat his arm much, can you?

Halstein made a regular Ty Cobb play in the fifth when Hayden dropped one of Wormwood's fast ones. The ball only rolled a few feet behind the Portland catcher and he had no idea that Halstein, who was on third, would try to score. The Lowell first baseman was on his way toward home plate like a flash, however, and came across with tying run.

If Ferrin had let Henderson's drive in the sixth get by him the Lowell pitcher in all probability would have been clamoring at this office for his $50 check which the Bull Durham people offer for hitting the ball in right field. It was a lusty wallop and Ferrin made a great catch.

We will see how well we can entertain Fall River tomorrow. The team from Narragansett Bay is clubbing the ball hard these days as their 12 to 5 victory over Brockton yesterday goes to show.

AMATEUR BASEBALL

The Pawtuckelville Boy Scouts have defeated T. R. Williams' S. S. class by the score of 13 to 2 and they now challenge any 15 year old team, preferring the Walker A. C. Write to Captain Fremont Nichols, 17 Third avenue. The Walkers have become suddenly quiet and we think they ought to make some more noise in response to this challenge.

The Indians of Centralville say they would like to take the scalps of the Clippers on Memorial day, if the Clippers do not object. Lineup: Grant, c; Hart, p; L. Hart, 1b; W. Small, 2b; McKenzie, ss; Ready, 3b; Larkin, rf; H. Ready, cf; Callahan, lf. Send challenges through The Sun.

Here is a team known as the Lawrence A. C., but as far as we know they are all Lowell folks. They want to play the Unions and would like to see the manager, D. Sullivan at the bowling alleys tomorrow night. Write to R. O'Malley, 27 Watson street or through this paper. Now it is up to Mr. Sullivan to get busy and arrange a game.

The Wilder A. C.'s have been pretty loud with their challenges lately and the Utopias have called their bluff, hereby accepting the challenge of the talkative Wilders. The Utopias have been reading about the Wilders, they say, and claim that these same Wilders have a prominent streak of yellow and that they can make them show it. However, we still think the Wilders are game and want them to bring out the yellow in the Utopias. If they do not, then we wash our hands of them. Let us hear from the Wilders at once. The game should be played at the North common on Saturday next.

The Anderson Stars have gotten together what they call a baseball team and want to play any 13 years old aggregation, in or near the city. The manager is Dan Sullivan, who puts up at 95 Andrews street. He claims he has a pitcher, Mexican, a foreigner like himself, who was trained by "Smoky Joe" Wood of the Red Sox. We will take his word for that, but we don't believe him.

Manager Billy O'Neil of the Centipedes of Lawrence, was in town recently looking up games with some of the local teams. He wants the Burkes and the C. Y. M. I. to play his team and assures them the time of their lives, if they accept. This team claims the championship of Lawrence and they defeated the South Ends here last Saturday at the South common. Some of their men have had good offers from Canadian teams and the New England league managers are watching them. They are semi-professionals and will tackle any team. Get busy, Lowell amateurs, don't let this Lawrence outfit run things like that.

The Tyler A. C. announces a desire to compete with some good team on the afternoon of May 30, either for a purse or for the ball. Tylers say they have some 400% hitters, but we think they're carpet beaters. They have one man named McGuire who they say kills the ball when he hits it. Anybody seen a dead ball? Send challenges to Hank O'Dea or through this paper.

The Roger A. C. wants a game for Saturday May 24 at the Bunker Hill grounds at 9 o'clock (in the morning of course, for they have to go to bed at eight o'clock in the evening.) They will play any 12 year old team. This is the first time we have heard from the Rogers and if they are beaten by some of the amateurs, for instance the Newsboys, or Walkers, we hope it will be the last. McGuire, the manager, is a pitcher and before he played ball he pitched hay. From the way some of the teams batted his offerings, we think his best work in the field was done with a fork.

From the number of challenges and acceptances we have received, we can easily see that there is going to be something doing in amateur baseball on Saturday morning and afternoon. We only hope that some of the shouters who have been having their say in this column will show something to keep them in the class of baseball players. We do not want to mention any names, but up to the present some of them have played only in mental contests. Thus far we have the reports of the deaths of only three umpires and of the 13 who were seriously injured in riots, one or two may recover, but they will never look the same. A strong and husky umpire is good for about one of these games, while the ordinary aspirant usually lasts about one and one-half innings. In these amateur baseball games, vocal ability goes a long ways; the fellow who can holler loudest, usually gets the decision.

LOWELL HIGH VICTORIOUS

Defeated Manchester in Exciting Game

Lowell high played their best game of the season yesterday when they traveled to Manchester and took the high school team of the New Hampshire city into camp by the score of 5 to 3. The game was fast and exciting throughout and the thousand fans who witnessed the contest were kept on edge during the entire nine innings by the closeness of the score and the spectacular plays which the school boys contributed. This was the first defeat which Manchester has met this season.

Cawley played a great game for Lowell his snappy fielding keeping the visitors' lead down and his timely single in the eighth helping demoralize the Manchester pitcher. In this inning Lowell high scored all their five runs and turned what looked like a defeat into a victory.

Lowell got eight hits to her opponents seven but they were all of them bunched. Wilson pitched a good game for the local team not allowing a man to reach first base on a pass. Carter also played a great game on the initial sack. The score:

SWIMMING RACE

Podge Murphy and Ed McCormack Will Start From Centralville Tomorrow Morning at 9 O'Clock

Tomorrow morning at 9 o'clock, weather permitting, "Podge" Murphy and his trainer, Ed McCormack, will dive into the water at the Centralville bridge and swim to Stanley's on the bank of the Merrimack. Both are in excellent condition for the swim and expect to complete the trip in good time.

Swimmer Murphy has a number of swimming matches scheduled for the coming season, and is getting in condition for the tests. One of his most important matches is a race with Rose Pitonoff, the wonderful girl swimmer. While the exact place for this event is not as yet decided, it is probable that it will be held at Lakeview. Negotiations for "staging" the race are underway and the local admirers of the swimming game hope that satisfactory arrangements for the event will be made. Murphy will also attempt the swim to Boston light.

International Polo Match

NEW YORK, May 22.—Odds on the American polo team for the coming international matches against the English four at Meadowbrook are rapidly shortening. Whereas it was possible to secure as high as three to one against the challengers a month ago, the prevailing quotations at the present time are 8 to 5, and shrewd followers of the game are predicting that even money wagering will be in order when the rival teams mount their ponies for the first match of the series next month.

FALL RIVER vs. LOWELL

LOWELL COPS WON GAME

Whitewashed Everett at Baseball

The Lowell Police baseball team won an easy victory over the Everett cops Tuesday on the latter's grounds by the score of 22 to 0. Lowell clinched the game in the first two innings and after that it was just a question of who would fatten up his batting average the most.

Frank Maloney pitched a great game for the Lowell team. The opposing batters never had a chance, Maloney tightening up whenever it looked as though Everett would score. His control was also good as he only passed two men.

Bill Kenney was the stellar performer with the stick. Bill smashed three balls for a homer and two triples and dented another for a single. McCarthy, Guthrie and McCarthy also contributed to the batting festival.

Ed Shea, of Lowell, and James Johnson, of Everett, umpired a very satisfactory game.

The next home game that the Lowell Police team will play will be on the 27th of this month with the strong Revere Police as opponents.

Braves Lost to Cubs

Chicago again won from the Boston Braves yesterday, 6 to 5, in a close and interesting game. Ruelbach was knocked out of the box in the eighth inning by a Boston batting rally which netted them their five runs. Chicago got ten hits off Hess. Zimmerman, Leach and Saier did the heavy batting of the game.

Children and the Burros in Glorious California

"One of the happiest remembrances of my youth," wrote a well known man, "is the month I spent in Colorado as a youngster with my burro. Many a joyful jaunt I had with that shaggy, little, wise eyed fellow. Since then it has always seemed to me that nothing more delightful can happen to a boy or girl than to be turned out-o'-doors in Colorado with a burro."

It's a fact that nothing can be more beneficial to your children than the out-o'-doors life in Colorado. The climate is so splendid and health-giving, and nowhere can you spend a few weeks more comfortably and at more reasonable cost than in Colorado.

I'd like to help you decide when and where and how to go. I have all the information here in my office to help you—hotel and boarding-house rates—and a mighty readable folder on Colorado with maps and pictures and full details. Call or write for this folder and let me tell you about the new low price excursion tickets to Colorado.

STONE AND BOYLE

Clever Lightweight Will Meet in Main Bout at Acme Club Tomorrow Evening

Young Stone and Jack Boyle will meet in the main bout at the Acme club tomorrow evening and the setto should prove an interesting one. Both claim the lightweight title of the city and each will try his best to be returned the winner. In the other bouts, Mat Kramer of Boston will clash with Gardner Brooks of Lowell, and Billy Brooks of Lowell will tackle Frank Morley of Roxbury.

For the Weak and Nervous

Tired-out, weak, nervous men and women would feel ambitious, energetic, full of life and always have a good appetite, if they would do the sensible thing for health—take Electric Bitters. Nothing better for the stomach, liver or kidneys. Thousands say they owe their lives to this wonderful home remedy. Mrs. O. Rhinevault, of Vestal Center, N. TEAMSTERS' BIG REUNION

Held in Odd Fellows Hall Last Night

THREE LOCAL BRANCHES WERE REPRESENTED AT THE EVENT

Speakers' List Included Commissioner Cummings, T. F. Rourke and Charles E. Anderson—Rousing Addresses

The members of the local teamsters' union, including three branches, convened last evening in a grand reunion in Odd Fellows hall. The branches were, Coal Teamsters' local 72, City Teamsters' local 87 and Board of Health Teamsters' local 58. The chairman of the evening was President Joseph J. Johnston of local 87.

Mr. Johnston called the gathering to order and in a few words explained to them the importance of the reunion, saying that it brings the men in closer touch and keeps their organizations stronger and more closely united one with the others. He then introduced P. R. Monahan as the toastmaster of the evening who briefly addressed the men.

The first speaker to be introduced by the toastmaster was Timothy F. Rourke, president of the trades and labor council, who dwelt in particular on the labor conditions in Lowell and the movement toward organization. He showed how unions are a benefit all around, for the reason that they unite and strengthen the working man and by this organization, brings him into closer touch and on freer terms with his employer so that differences may be settled satisfactorily to both sides.

Commissioner Cummings was the next speaker and he, too, expressed himself as favoring the labor unions, with all their advantages of bettering the conditions of the laborers and creating a better bond and understanding between employer and employe. He believed that all should have this advantage, but moreover that all should contribute their share to obtaining it by joining the unions and not reaping the benefits of another's labor.

A forceful address was delivered by Mr. Charles E. Anderson of the Trades and Labor council. Among other things, he said that the work of the teamsters should be placed under the civil service ruling by the commissioners. He said that in spite of the fact that city officials pretend to be favorable to the unions, nevertheless they are in reality opposed to them because they find the non-union man, who is unprotected by organization, more easily managed and willing to work for smaller wages, for he has no means of demanding more. He said that the unions are bound to win in the end.

Other speakers of the evening were Senator Henry J. Draper, Joseph F. Convery, Commissioner George H. Brown, Thomas Brogan, William Sproule and ex-President Thomas Welch of the Trades and Labor council.

A concert was given after the speakers had finished and refreshments were served.

600 POUND WOMAN DEAD

Operation for Removal of 150 lb Growth Fatal

CHICAGO, May 22.—Mary Peters, weight 600 pounds, who for 20 years was exhibited as a freak, died last night at the county hospital following an operation for the removal of a growth which itself weighed 150 pounds. Mrs. Peters is survived by three children, who reside in Philadelphia.

5 KILLED BY EXPLOSION

French Liner Senegal Was Run Ashore

SMYRNA, Asia Minor, May 22.—The French liner Senegal which struck a mine as she was leaving this port yesterday was at once run ashore by her captain to prevent her foundering. Five persons were killed by the explosion and six others were severely injured.

Portland Board of Trade on Trip

PORTLAND, Me., May 22.—A party of 75 members of the Portland board of trade started in a special train today on a three days' tour to Quebec. Short stops were to be made at Yarmouth, Mechanic Falls, South Paris and Bethlehem, Me., and Gorham, N. H., and the party will remain in Berlin, N. H., over night. Tomorrow they will visit Groveton, North Stratford, Island pond and Coaticook and pass the evening at Sherbrooke, Que., where they will be entertained. Saturday they will be in Quebec where they will be entertained by the business men of that city. They will return to Portland early Sunday.

Musketaquid Club Dance

The Time is tomorrow evening. The Place, Thomas Talbot Memorial hall, North Billerica. The Girl—well, it's she of the laughing eyes with whom you are going to have the pleasantest time of your life at the shirtwaist party of the Musketaquid Canoe club. Broderick's orchestra is primed especially for the occasion, and tomorrow night it will strike the "high note" in dance music. If a jolly time is wanted, cancel all engagements and join the throngs which will pack the Billerica cars early tomorrow evening. Experience teaches. The Musketaquids have run many a dance before; so this one will be the grand climax to all the social "treats" which they have so splendidly conducted in the past.

1200 MEN MAY WALK OUT

Strike Threatened at Gov. Foss' Shops

BOSTON, May 22.—A strike of the 1200 men employed at the Sturtevant Blower Works company and Becker Milling Machine company plants at Hyde Park will probably be ordered today or tomorrow, unless an adjustment is made of the grievances of the men there, or some arrangement decided upon for an amicable discussion or arbitration of the men's wage increase requests and for the reinstatement of men claimed to have been discharged for acting on union committees.

The secret of the arrival in Boston during the past few days of many international officers of metal trades' organizations was disclosed last night at a general conference and by an official statement issued by the unions' representatives.

A conference was held with Governor Foss, who is, the men say, the main owner of the plants. He is said to have refused to grant any wage increases and flatly declined to discuss, submitting the men's requests and the conditions at the factory to arbitration.

UPRISING PREVENTED

Middies On the Ranger Near Mutiny

BOSTON, May 22.—Another uprising has been prevented by the officers of the Massachusetts nautical training schoolship Ranger. When the training ship was about to leave Gloucester several days ago for a cruise in the bay, all the cadets met in the forecastle and most of them agreed to quit the vessel unless Captain Atwater would agree to give them four days shore leave when the Ranger reached Boston next week to sit out for the foreign cruise.

Compromise Reached

The skipper at first refused to meet the demands of the young men, and for a time a rebellion threatened. The captain wanted to allow the cadets only a day and a half before the long cruise was started, but the young men could not see it that way, and were for getting what they wanted or ending their cadetship.

A committee of three cadets was met by the captain, and finally the trouble was settled by a compromise, both sides agreeing upon two days and a half liberty in Boston.

The annual inspection of the Ranger by Gov. Foss and his council will take place May 28, and the vessel will leave for the long summer cruise about June 1st.

Several years ago, before the present commander took charge of the nautical school, the cadets on the training ship rebelled, charging that unwholesome food was given them aboard ship.

ON TRIAL FOR MURDER

Notorious Safe Robber, Who Made Sensational Escape from Leavenworth Prison Arraigned

PEKIN, Ill., May 22.—Clyde Stratton, notorious safe robber, who made a sensational escape from the United States federal penitentiary at Leavenworth, Kan., last March by crawling through an 18-inch sewer for half a mile, was yesterday taken to Rock Island, Ill., to answer an indictment charging him with the murder of Cashier Crowder of the Silvis (Ill.) National bank, which was robbed last December.

FIRE WATCH GETS PHONE

Lonely Man Threatened to Resign Place

MIDDLEBORO, May 22.—To retain S. Edward Matthews at his job, which he threatened to resign because he was lonesome, the town of Middleboro has had installed in the very top of the town house tower, 150 feet above the street, a telephone, so that Matthews can talk to his friends during the day and chase away the traces of loneliness.

Matthews has one of the most peculiar position that the town has to fill. It is his duty to stay in the little coop at the top of the town house tower and watch in every direction for forest fires which may break out in the outskirts of Middleboro. He became so lonesome in his high position, which he has to occupy from 7 in the morning to sundown, that he was on the point of resigning, when the town fathers furnished him with a telephone. Now he spends most of his time talking to his friends via wire and watching for fires at the same time.

WHALING MASTER DEAD

Capt. De Friez Dies at Age of 91

NANTUCKET, May 22.—Captain Thaddeus Coffin DeFriez, the last of Nantucket's whaling masters, died here yesterday. He was 91 years old.

Captain DeFriez went whaling as a youth in search of health. He had been ill for some time, and the island physicians had predicted that he had not long to live. But he shipped before the mast, and in the pursuit of the whale found the health he sought. He rose to be captain of his craft and returned from the sea after 10 years afloat.

After studying law the former whaling master became judge of the Nantucket probate court, an office which he held many years, retiring recently on half pay.

The Cost of Smoke

Smoke is easily made, but it is just as easily prevented. Volumes of smoke are not necessarily an indication of prosperity; they may be an indication of neglect. According to H. M. Wilson, chief engineer of the experiment station of the United States bureau of mines in Pittsburgh, the smoke nuisance costs this country $600,000,000 a year.

"The damage done annually in the large towns of the United States by smoke, he says, "would build in every city of 100,000 inhabitants in this country a structure equal to the congressional library. There would be left over enough to maintain the army and navy for the current year—and then plenty left after that to build the capitol at Washington."

The Iron Age gives smoke losses thus:

Annual loss in Cleveland	$ 6,000,000
Annual loss in Cincinnati	8,000,000
Annual loss in Pittsburgh	10,000,000
Annual loss in Chicago	17,000,000

The figures were obtained from the smoke experts and college professors delegated by those cities to estimate the damage and were only published after many months of careful expert work. More than that, it is also stated, the damage goes far beyond the financial losses set forth in the foregoing table.

Observance of the following rules has been suggested as a remedy for the smoke evil:

1. Education of all firemen so that they will fire intelligently.
2. The instalment, wherever practicable, of automatic stokers or appliances such as blowers and steam jets for thoroughly mixing a proper proportion of air in the furnace.
3. Laws and ordinances, reasonable, but sufficiently rigid to make offenders against the smoke laws feel that they can not offend with impunity.
4. The creation of an intense and widespread public sentiment, based on intelligent knowledge of the baneful effects of the smoke plague which morally will compel men to respect public opinion in that regard.

Birthday Party

On Tuesday evening the home of Mrs. Victor Hedlund of 114 Agawam street was the scene of a happy gathering, when a number of young friends assembled in honor of the birthday of Mr. Adolf Anderson. The evening was spent in games and a general good time was enjoyed by all. Mr. Anderson was presented a beautiful fountain pen and although taken entirely by surprise, he responded in a very fitting manner. Mr. Briger Bengston made the presentation speech. A dainty supper was served by Mrs. Hedlund, assisted by Misses Ellen and Mabel Hedlund. The young people parted at a late hour, wishing Mr. Anderson many years of health and happiness.

2204 Passengers on Laconia

BOSTON, May 22.—On her first voyage here this season the Cunard line steamship Laconia arrived yesterday from Liverpool and Queenstown with 2204 passengers. Among those in the saloon were Gen. S. M. Mansfield, U. S. A., and Mrs. Mansfield. Gen. Mansfield for some time had charge of the army engineering work in Boston harbor.

VICTIM OF FIRE DEAD

Newburyport Child Was Horribly Burned

NEWBURYPORT, May 22.—Elizabeth Hubbard, 6 years, daughter of Amos Hubbard of 151 Water street, who, with her 7-year-old sister, Clementine, was seriously burned during a fire in the attic of their home yesterday morning, died last evening at the hospital.

Her sister, although in a serious condition is expected to recover.

4 HURT IN AUTO WRECK

Machine Hits Pole—Telephone Lines Tied Up

PORTSMOUTH, N. H., May 22.—A touring car containing Frank Jones, Charles Davis, Fred Carl and Peter King, all of Salisbury, Mass., was wrecked yesterday on Maplewood avenue and the four passengers had narrow escapes from death. The machine, driven by Davis and moving at a rapid pace on its way from Hampton Beach to Old Orchard, Me., became uncontrollable and crashed into a telephone pole in the highway near the residence of Thomas Flynn.

The pole was snapped off clear and clean two feet from the ground and the machine smashed to pieces. None of the occupants had time to jump, and when the crash came they were thrown in all directions. Dr. Boris Sidis of the Sidis institute and Thomas Flynn, who witnessed the accident, sent in a hurry call for the ambulance, and then gave every possible assistance to the injured.

The ambulance with Dr. J. C. Carty, rushed the quartet to the Portsmouth hospital. Davis sustained the most severe injuries of the party.

Sec. Daniels in Aeroplane

ANNAPOLIS, Md., May 22.—Secretary of the Navy Josephus Daniels yesterday traveled eight miles through the air at a height of 500 feet in a flying boat.

"It was delightful; I enjoyed the sensation thoroughly," was the secretary's reply to an inquiry when he alighted.

The secretary went up with Lieut. John H. Towers, senior officer of the Navy Aviation corps.

WELCOME NEW PASTOR

Rev. G. M. Smiley Was Tendered Reception

The congregation of the Central M. E. church in John street tendered a reception last night to the new pastor, Rev. G. M. Smiley. The vestry of the church was prettily decorated and the reception was a very delightful and a very enjoyable one. Nearly all the members of the church were present and extended the right hand of fellowship to the new pastor. Clergymen from other churches were present as invited guests. The evening's program consisted of addresses of welcome from various members of the Lowell clergy and there was a fine musical program. In the receiving line were Rev. G. M. Smiley, Rev. G. E. Smiley of Somerville, Rev. G. B. Dean, Rev. J. H. Paradis, M. B. Thompson, Mr. and Mrs. John Peacock and Mr. and Mrs. Barlow Thomas.

Among the speakers of the evening were Rev. C. E. Davis of the Worthen Street M. E. church, who was presiding officer of the evening; Rev. George W. King of St. Paul's, Rev. Edward Smiley, a son of Rev. G. M. Smiley; Rev. N. W. Matthews of the First Primitive M. E. church, Rev. W. Henry McLean of the Highland M. E. church, Rev. Leonard F. Waring of the Centralville M. E. church, and Rev. George B. Dean, formerly of St. Paul's, but now district superintendent of Methodist churches.

Refreshments were served under the auspices of the Epworth league.

The ushers of the evening were H. O. Brooks, Frank E. Laprise and G. E. Frost.

PLEASANT PARTY

Jolly Twelve Club Entertained at the Home of Miss Laura Morrison in Bowers Street

The Jolly Twelve club was right royally entertained Tuesday evening by Miss Laura Morrison at her home, 65 Bowers street. Various games were played and a musical program, in which the following participated, was carried out: Songs by the club quartet, Messrs. G. Marcotte, E. Gadbois, W. Gendreau and J. Ducharme; violin solos by Mr. R. Gendreau, accompanied on the piano by Miss Alice Gendreau. Miss O. Lebrun favored with cornet solos and there were vocal solos by several others. A dainty luncheon was served and the dining-room was prettily decorated. Each member of the party was presented a pretty souvenir as a reminder of a pleasant evening. Miss Morrison was assisted in serving by Mrs. Charles Cordeau. The party broke up at a late hour and the hostess was showered with good wishes and expressions of appreciation. The club will hold an outing at Canoble Lake, May 30.

MORTGAGEE'S SALE OF REAL ESTATE

By virtue of the power of sale contained in a certain mortgage deed given by John H. Sweet to Fred A. Buttrick, Trustee under a certain deed of trust given by Gertrude Talbot, now called Gertrude Talbot Taylor, wife of M. Allison Taylor, of Haverhill, in the County of Essex and Commonwealth of Massachusetts, dated December 12, 1911 and recorded with Middlesex North District Deeds, Book 479, Page 257, for breach of the condition of said mortgage deed and for the purpose of foreclosing the same, will be sold at public auction on the premises on Saturday, the seventh day of June, 1913 at 3.30 p. m., all and singular the premises conveyed by said mortgage deed and therein described as follows:

"A certain parcel of land, with the buildings thereon, situated in said Lowell on the southerly side of Pine street bounded and described as follows, to wit: Beginning at the northwesterly corner of the premises at said street and at land now or formerly of Alma Prescott; thence running southerly on said Prescott land and land now or formerly of M. G. Perkins to a corner at land of said Perkins; thence easterly by said Perkins land, land now or formerly of G. E. King and land now or formerly of M. H. Wiley, to land now or formerly of Franklin Martin; thence northerly by said Martin land and land formerly of J. L. Hunt, deceased, to said street; thence westerly by said street to the point of beginning. Containing about fourteen thousand square feet, and being a portion of the premises conveyed to me by Josiah Sawtell by deed acknowledged December 9, 1868 and recorded with Middlesex North District Deeds in Book 64, Page 545."

Said premises will be sold subject to all unpaid taxes, assessments and tax sales, if any there are.

Terms: $250 cash to be paid by the purchaser at the time and place of sale; other terms at sale.

FRED A. BUTTRICK, Trustee, Mortgagee.

Lowell, Mass., May 14, 1913.

MORTGAGEE'S SALE OF REAL ESTATE

Andover Street, Lowell, Mass.

By virtue of the power of sale contained in a certain mortgage deed given by Sam Glazer and Louis Bazeim, both of Malden, in the County of Middlesex and Commonwealth of Massachusetts, to me, dated February 26, 1912, and recorded with Middlesex North District Registry of Deeds, book 483, page 503, for breach of a condition contained in said mortgage deed, and for the purpose of foreclosing the same, will be sold at public auction upon the premises hereinafter described on Thursday, the 19th day of June, 1913, at 2 o'clock in the afternoon, all and singular the premises conveyed in and by said mortgage deed, namely:

A certain lot of land situated on Andover street in said Lowell, and shown as lot two (2) on a plan of land entitled, "Plan of land in Lowell, Mass., belonging to Harry Dunlap, Plan made Jan. 24, 1912 from survey made January 22, 1900, by Smith & Brooks, Civil Engineers and Surveyors" which plan is to be recorded in the Registry of Deeds for the Northern District of said County of Middlesex herewith, and thus bounded and described:

Southerly on said Andover street, thirty (30) feet; westerly by lot 1 as shown on said plan one hundred fifty and 2-100 (150.02) feet; northerly by land now or formerly of the heirs of Benjamin F. Butler, twenty-five and 75-100 (25.75) feet; and easterly by lot 3 as shown on said plan one hundred and fifty and 3-100 (150.03) feet.

Be said measurements more or less, or however otherwise bounded, measured or described.

Said premises are subject to and with the benefit of all restrictions now of record, so far as the same may now be in force and effect, if any.

Said premises to be sold subject to all unpaid taxes and other municipal liens, if any there are.

Terms of sale: One hundred ($100) dollars in cash to be paid at time and place of sale, other terms to be announced at same time and place.

LIVE NEWS OF THE FRATERNITIES

Garfield Post Expects a Big Turnout on Memorial Day

The Industry council, No. 1722, R. A., held a very interesting and well attended meeting in Odd Fellows temple last night. Regent Michael J. Sullivan presided. At the meeting four applications for membership were received and two members were admitted to the order. The degree work was done by the regular council degree staff. Proofs of the death of former Regent Thomas J. Mulligan were approved. During the meeting the members paid a solemn tribute to the brothers who have passed away since the last meeting, Mr. Thomas J. Mulligan and Mr. Frank J. Mullin, by standing with bowed heads for the period of five minutes. At the close of the meeting cigars were passed and a social hour enjoyed. Interesting remarks were made by Regent Sullivan and Dr. Hugh Walker.

Centralville Lodge, No. 215, I. O. O. F.

At the regular meeting of the Centralville lodge, No. 215, I. O. O. F., held last night, three applications for membership were presented and a grist of business was transacted. The reports showed that the sick list has decreased in a very gratifying manner, and only two members are now under care of the order. After the meeting a game of quoits was enjoyed as practice for the regular match game with the Oberlin lodge next Tuesday night, when a large turnout of rooters is expected.

James A. Garfield Post, 120

At the meeting of the James A. Garfield post, 120, G. A. R., held last night in its hall on Merrimack street, the sick committee reported two members in a critical condition. A communication was read from the Wolfe Tone and Sheridan Guards to do escort duty for the veterans on Memorial day and it was accepted. Another communication from the Second regiment of the French American Volunteer brigade of the United States, offering to do escort duty for the G. A. R. posts on Memorial day, was received. It is expected that 500 men will be in line, representing the French American organizations. On next Wednesday flags will be placed on the graves of the departed comrades, and it is believed that the number this year will be 2260. On next Sunday morning the comrades will attend the service at the Worthen Street Baptist church, and in the afternoon they will march to the First Trinitarian church to attend the worship there. Commander Thomas O. Regan presided.

Regent Industry Council, R. A.

Court City of Lowell, F. O. A.

The members of Court City of Lowell, F. O. A., assembled in their new quarters in Odd Fellows temple last night, where the regular meeting was held. Chief Ranger Eugene P. Sullivan presided. The principal business of the evening was the enactment of a new constitution.

Knights of Pythias

The semi-monthly meeting of the Uniform Rank, K. of P., Butler Ames Company, No. 16, was held last night in Pythian hall on Merrimack street. The reports of the committees in charge of the whist party and ball held recently showed that both affairs were a great success, the latter being exceptionally successful. The company voted to go to Salem on May 30, to take part in the Memorial day exercises to be held there. Several candidates were voted on. Captain Edward Lamson presided during the meeting.

D'Youville Circle

The members of the D'Youville circle held a well attended meeting in Grafton hall last night. One candidate was initiated, and several applications for membership were brought in. President Anna DeLamotte presided.

Royal Circle

The Royal circle, a newly organized group of young French American people, met in Merrimack hall last night. Nearly 50 young people were present and signified their intention to promote social affairs among the French people of this city. A constitution was made up and adopted. President Adelard Lequin presided over the meeting.

Lady Franklin Lodge

The Lady Franklin lodge held an interesting meeting in Odd Fellows temple last night. One candidate was initiated into the order which took up most of the evening. The sewing circle will meet this afternoon at the home of Mrs. Haines on Upham street.

Memorial Committee, I. O. O. F., M. U.

A meeting of the memorial committee of the I. O. O. F., M. U., was held last evening, and it was voted to parade on June 15, the date of the unveiling of the monument dedicated to the late grand master, A. M. C. of U. S., James W. Gregg, for a number of years P. C. A. of the Massachusetts district.

As Brother Gregg was a member of the Excelsior lodge of this city, it is expected that the Lowell lodges will turn out in large numbers.

20 PICKETS ON DUTY

No Disturbance at Paterson This Morning

PATERSON, N. J., May 22.—Not more than 20 strike pickets turned out today to "boo" the hands that have returned to the Price silk mill and there was no disturbance of any kind. The call of the Industrial Workers of the World leaders for a general turnout of pickets failed to meet with general response, and shops and mills that have been picketed regularly in the past had none on hand this morning.

The manufacturers assert that the strike is breaking at all points except the big mills. To most of the small shops, they say, strikers are returning quietly in pairs and threes and fours until there has been a fair resumption of work. The strike leaders, on the other hand, say the defections have been few and that the strike will go on unabated. It is now in its third month.

AT THE STATE MEETING

Sec. John H. Murphy in New Bedford Tuesday

On Tuesday last, Secretary John H. Murphy attended the state board of trade meeting which was held in New Bedford and in conversation with a Sun representative this morning, he had words of the highest commendation for the manner in which the delegates were entertained by the board of trade of that city.

Mr. Murphy said that there were present at the convention about 60 delegates from the various cities and towns of Massachusetts. They had a special car to the city and were met at the station by a committee of the New Bedford board of trade. They were first taken for an automobile ride about the city, visiting the principal points of interest. In particular Secretary Murphy mentioned the inspection of the church donated by H. H. Rogers of the Standard Oil company to the town of Fairhaven, just across the river from New Bedford. This, he said, was most interesting as well as pleasing for the edifice is a beautiful structure, and cost several millions of dollars.

The business meeting was held at the New Bedford Yacht club and at this place, a genuine clam bake dinner was served the visitors in the great pavilion. Afterwards, they spent the afternoon in automobiling and in visiting the large manufacturing plants of the city. Secretary Murphy said that the trip was a most pleasant one for all and that the hospitality of the New Bedford people is truly worthy of comment.

Mr. Murphy is at present busied with the preparation of the annual report of the Lowell board of trade which is to be submitted at the annual meeting of the board scheduled for June 3d. At this meeting, too, there will be held the election of officers and other business of great importance will be transacted.

REUNION OF ST. COLUMBA'S PARISH

Attracted Many People to Associate Hall Last Evening

REV. J. A. DEGAN
Pastor

The annual social and reunion of St. Columba's parish attracted a very large gathering of the parishioners and many from the various other parishes throughout the city to Associate hall last evening. Getting the people there was only one half of the work and having drawn a remarkably large attendance, the next business of those in charge of the party was to furnish enjoyment for the people. As to whether they accomplished this or not,—well, ask any of those present last evening, and see their faces light up with the pleased smile which accompanies the happy memories of the occasion. In a word, it is safe to say that every one present was royally entertained.

St. Columba's parish has an enviable reputation for the enthusiastic manner in which they support parish events as well as for the delightful character of the affairs held under their auspices. Last evening the opening feature was an entertainment consisting of an elaborate and carefully prepared program of songs and dancing, the principals being the young ladies of the parish. This was arranged and carried out under the personal supervision of Miss Blanche Perrin, the well known instructress. Miss Perrin spared no effort in preparing this program and under her direction it was a most pleasing feature of the evening. The program included the following numbers, all of which were very cleverly executed: Minuet, Misses Bernice Dundon, Agnes Dunfey, Madeline Marley, Myrtle Dunfey; Messrs. Joseph McAvinnue, Charles Brennan, Frederick Cummings, James Gorman; song, "Songs My Mother Used to Sing," Miss Margaret Flanagan; chorus, "Maryland," "The Old Oaken Bucket;" "Juanita," Silver Threads Among the Gold;" duet, "Annie Laurie" and Highland fling, Miss Lena Smith, Miss Lillian Brown, Miss Theresa McDermott; song, "Love's Sorrows," Miss Ida Carroll; chorus, "Where the River Shannon Flows," "The Harp That Once Through Tara's Hall;" quartet, "Believe Me," and Irish reel, Miss Magdeline Marley, Miss Margaret Tighe, Mr. Wm. McDonald, Mr. John Walsh; chorus, "Tenting on the Old Camp Ground," "Old Folks at Home," "Dixie Land," "My Old Kentucky Home," song, "Old Black Joe," Mr. Charles Brennan; Quaker song and dance, Miss Margaret Tighe, Miss Katherine Wholey, Miss Anna McNabb, Miss Mary Lyons, Miss Katherine Holmes, Mr. Philip O'Hearn, Mr. Leroy Dunfey, Mr. Frederick Cummings, Mr. Matthew Wholey, Mr. James Gorman; final chorus, "Auld Lang Syne;" accompanist, Miss Anna McNabb.

At the conclusion of the entertainment, the floor was cleared for the general dancing which started immediately. Broderick's popular body of musicians furnished catchy selections for the two-steps, waltzes and other dances and nearly everybody mingled on the main floor in "steppin'" to the liveliest tunes. The dancing continued to the hour at which morning begins.

No little credit and commendation are due the energetic committees in charge of the arrangements of the party last evening, who were directly responsible for its grand success. The members of the committee in charge were: Misses Catherine McDermott, Julia Riordan, Jennie Dunfey, Margaret Cassidy, Catherine McMannon, Bernice Dundon, Mary Gleason, Catherine Walworth, Lena Smith, Catherine Holmes, Alice Flynn, Gertrude Wholey, Anna Flanagan, Jennie Copper, Minnie Farley, Esther Angier, Etta Walworth, Anna Marley, Mary Kelley, Agnes Dunfey, Lillian Walsh, Catherine Flanagan, Theresa McDermott and Mrs. Martha Walsh.

Refreshments committee—Miss Martha Dundon, chairman; Misses Margaret Bagley, Catherine McMannon, Julia McNulty and Catherine Farrell.

LEPER FOR 25 YEARS

No Other Member of Family Affected

NARRAGANSETT PIER, R. I., May 22.—Anxiety was caused yesterday by the announcement that William Comber, a resident, was afflicted with leprosy and had been for 25 years. He was declared a leper by Dr. Gardner T. Swarts, secretary of the state board of health. Comber recently went from here to New York city.

The case was discovered about 10 days ago, when Dr. Clarence E. Gardner called to attend another member of the family. He notified Dr. Swarts, who at once declared Comber to be suffering with a typical case of leprosy.

The man had not been out of the house for about five years, but no other member of the family, Dr. Swarts said, showed symptoms of the disease.

With the exception of the father, proprietor of a small hotel, the family have left town and gone, it is stated, to New York. Dr. Swarts said he has been unable thus far to discover where the leper is now living.

Comber is thought to have contracted the disease in China, where he lived when a child with his parents. His father was a storekeeper in Hong Kong and Formosa.

AGAINST SMOKE NUISANCE

Worcester Business Men and Manufacturers to be Asked to Cooperate in Campaign

WORCESTER, May 22.—Directors of the Worcester chamber of commerce, at a special session that continued until midnight last night, discussed the smoke nuisance. It was the sense of the meeting that the matter should be taken up by the organization, and that something should be done immediately to abate the smoke nuisance. A specific report was given, in which it was pointed out that the greatest smoke nuisance in this city is caused by the railroads. Business men and manufacturers will be asked to cooperate in an active campaign to be conducted by the chamber of commerce.

BANQUET TO JOHN H. M'NABB

Presented Loving Cup Previous to Sailing for Europe

JOHN H. McNABB

Forty of the friends of John H. McNabb, the Church street laundryman, who have in years past spent many a pleasant evening in John's "backshop," gathered in Page's new dining room on Merrimack street last evening and tendered him a farewell supper. Mr. McNabb will leave in a few days on an extended trip through Europe. While he has been thinking of the trip for months and months, however, it cannot be said that the supper ever occupied his attention, for it was a little surprise party which his friends had quietly gotten up among themselves. The affair was delightful. It brought together friends of years' standing, who exchanged reminiscences of the old days and told many a droll story of the jolly times they had in the "backshop" of the Church street laundry. Through it all was to be perceived one note—the sincere friendship of the gathering for Mr. McNabb.

At the head of the table sat Mr. William F. Sullivan, a Lowell "old boy," but at present superintendent of the Pennichuck water works of Nashua, N. H. After dwelling in a lively vein on some of the happenings which took place in the "backshop" and after time and again rousing the gathering to roars of laughter in relating droll experiences which many of those present had there, Mr. Sullivan called upon Mr. Cyrus Durgin, principal of the state normal school, to "do his duty" as a presentation speaker. Holding a beautiful silver loving cup in his hand, Mr. Durgin spoke in a few sincere words of the esteem in which Mr. McNabb was held by his friends; "those," he said, "who know you best and love you most," and then amid the hearty applause of the assembly presented him with the cup. Accepting the token of friendship, Mr. McNabb thanked the donors in a few simple words, and said he would cherish it through life and would always recall with pleasure the occasion on which it was presented him.

Remarks of a humorous nature as well as many others which were of a far more serious kind were made by Rev. Fr. D. J. Murphy of St. Leo's church, Dorchester, John J. Murphy, Rev. William Connor of Boston, and others. There were songs by Jas. E. Donnelly, recitation by James Coughlin and choruses by the entire party.

Others of the "old boys" present besides Mr. McNabb were Thomas J. Murphy, of the purchasing agent's office; James D. Danehy, Walter Allen, John F. Welch, James L. Mellen, principal of the Lincoln school; William F. Thornton, Cyrus A. Durgin, Rev. David J. Murphy of Dorchester, James S. McNabb, John J. Murphy, John A. McKenna, Dr. John F. Boyle, W. S. Beane, Thomas F. Riley, Francis O'Hare, Cornelius O'Neill, Arthur McQuaid, Francis A. Connor, inspector of lands and buildings; Wm. F. Curtin, John M. Murphy, James Coughlin, Christopher J. Hagan, principal of the Edson school; James Walsh, James Connors, John A. Connors, Peter Cullen, John J. Rooney, Thomas Harkins, Thos. F. Harrington, Winfield T. Dunn, Michael J. Dowd, Frank E. McNabb, Henry L. Williams, Patrick Conlon, Matthias Connor, Michael J. Burns, Commissioner James E. Donnelly, Denis Sullivan, Kirk Manahan and Rev. William Connor of St. Paul's church, Dorchester.

Mr. McNabb will sail from New York next Saturday on the Cunarder Ivernia. He will visit Rome and other points in Italy as well as leading points in Germany, France, England and Ireland.

FOR ROYAL WEDDING

Three Emperors to Meet at Berlin

BERLIN, May 22.—The gathering of three emperors—those of Germany, Russia and the British dominions—for the wedding on Saturday of Princess Victoria Luise and Prince Ernest August of Cumberland has made the German capital the centre of interest.

Besides the three great rulers, the only daughter of Emperor William at her marriage is to be surrounded at such a gathering of princes and princesses as rarely has been assembled.

Berlin has made elaborate preparations for the occasion. The city is gay with bunting, the people are in holiday humor and the streets swarm with the brilliant uniforms of the soldiery.

Extensive precautions have been taken for the safety of the royal personages, the Prussian police being assisted by large bodies of Russian and British detectives, while the soldiers at the stations and lining the routes of the royal processions carry loaded rifles.

Positive Aids to Beauty Seekers

(From National Health Journal)

Any skin, even the most oily, can be made smooth, velvety and charming by discarding face powder and using instead a lotion easily made at home by dissolving 4 ounces of spurmax in ½ pint witch hazel (or hot water) with 2 teaspoonfuls glycerine added. This wonderful whitener and complexion-beautifier prevents chapping and adds a charm of natural beauty. It does not rub off as easily as powder but when on seems part of the skin and will prove a boom to any woman's appearance.

Cleanse your scalp and leave the hair clean, sweet and wholesome by shampooing with a teaspoonful of canthrox dissolved in a cup of hot water. The hair will dry quickly and evenly without streaking and take on a lustre and fluffiness that will last. Canthrox, which can be obtained at any drug store and is very inexpensive, removes dandruff and scalp-irritation instantly and has done wonders in promoting the growth of hair.

MEN'S CLUB ENTERTAIN

Concert of Unusual Merit at the Highland Congregational Church Last Night

A fine concert program, arranged under the direction of Mr. Thomas R. Parkinson, was given at the Highland Congregational church last night. There was a large audience present, despite the fact that the weather was a bit dubious, and there was no dearth of appreciation. The concert was given by the Men's club, an organization composed of the most energetic members of the church, and it was generally conceded that the program was of unusual merit. Many encores were demanded.

Merrimack CLOTHING COMPANY

ACROSS FROM CITY HALL

AMUSEMENT NOTES

Merrimack Square Theatre

In "Wildfire," the play in which Miss Grace Young & Co., are being seen this week at the Merrimack Square theatre there lies one of the most enjoyable entertainments which this popular company has so far presented. The piece contains novelty in the development of the story and the action is full of thrills one moment and laughs the next. All the members of the company are seen to advantage, while the staging is alone a feature which would make it well worth the price of admission. The photo-plays which are always interesting will be changed today and for the bill to be given the coming week, Viola Allen's greatest success, "The White Sister," will be presented. Performances from 1 to 10.30 p. m. Seats for all performances now.

The Kasino

Kasino standard isn't an idle term; it means something? You will appreciate the truth of this the first time you ascend the hill and pass a couple of hours on the spacious floor of the hall, with tuneful music by the big Kasino orchestra to help you demonstrate the poetry of motion.

Sofia Stephall Says All Should Sing

Sofia Stephall in her "concert-lecture," to be given at the Y. M. C. A., will speak on the general importance of music and its influence upon life. She will trace briefly the development of this art, from the first simple beginnings of the savage to the highest expression of operatic virtuoso.

Stephall loved to sing as a child. She loves to sing as a woman.

She believes that all should sing, that the expression of emotion through song is a natural instinct that should not be suppressed.

In her illustrative songs Stephall appeals with direct force not only to the cultivated listener but to the musically unsophisticated.

MISSING GIRL FOUND

Florence Daigneau of Hartford, Conn., Located in Boston—Four Young Men Arrested

HARTFORD, May 22.—Florence Daigneau, the 15-year-old girl who disappfared from her home in Rowa street Saturday night, has been found by the detectives in Boston in a rooming house and is under arrest. Her father has gone for her.

Joseph Quinn and three other young men, who had been seen with her here Saturday night, are under arrest, and the police are looking for an unknown man about 40 years old, who has been in her company of late. It is said another girl is involved in the case.

Verdict of $15,000 Stands

BOSTON, May 22.—The full bench of the supreme court, yesterday overruled exceptions of the defendants in the suit of Gertrude C. Gilpatrick, administratrix of her husband, Jason Gilpatrick, against Charles E. Cotting et al, trustees, for his conscious suffering and death. Gilpatrick was killed by an elevator in the Tremont building, Sept 23, 1910. The verdict for $15,000 stands.
